

## COVID-19 VACCINATION REQUIREMENTS FOR CORRECTIVE SERVICES FACILITIES DIRECTIONS

### Sections 263, 264 and 268(4) of the *Corrective Services Act 2006*

On 27 September 2021, I, Paul Stewart APM, Commissioner, Queensland Corrective Services (**QCS**) declared that an emergency exists in relation to all corrective services facilities for the period commencing on 27 September 2021 and expiring at 11:59pm on 26 December 2021 (the **Declaration**).

On 6 December 2021, I issued the *COVID-19 Vaccination Disclosure Requirements Directions*.

On 11 December 2021, the Chief Health Officer published the *COVID-19 Vaccination Requirements for Workers in a high-risk setting Direction*. The Chief Health Officer's Direction requires that a **Staff Member** who enters, works in, or provides services in a **corrective services facility** must receive a first dose of a **COVID-19 vaccine** by 17 December 2021 and a second dose by 23 January 2022.

  6. The **nominated person** may access a Staff Member's vaccination status for the purposes of complying with the Chief Health Officer's *COVID-19 Vaccination Requirements for Workers in a high-risk setting Direction* and determining who may enter a corrective services facility, rostering, and workforce planning.

Given the high risks to a vulnerable prison population if COVID-19 were to enter a corrective services facility, and the medical advice received, I consider that any limitation on the human rights<sup>1</sup> of prisoners, staff, family members or any other person as a result of these directions is reasonable and justifiable.
