

DIRECTIONS WHILE DECLARATION OF EMERGENCY DATED 27 SEPTEMBER 2021 IS IN FORCE

Sections 157(1A), 263, 264 and 268(4) of the *Corrective Services Act 2006*

On 27 September 2021, I, Paul Stewart APM, Commissioner, Queensland Corrective Services (**QCS**), with the approval of the Minister for Police and Corrective Services and Minister for Fire and Emergency Services, declared that an emergency exists in relation to all corrective services facilities for the period commencing on 27 September 2021 and expiring at 11:59pm on 26 December 2021 (the **Declaration**).

The Declaration was made following extensive consultation with the Chief Health Officer and Queensland Health who believed it was necessary to make the Declaration to assist in containing, or to respond to, the spread of COVID-19 within corrective services facilities and the wider community.

On 28 September 2021, following the announcement of four cases of community transmission of COVID-19 in Brisbane and based on advice from Queensland Health, I decided it was reasonable and necessary to preserve the security and good order of the corrective services facilities to suspend all visitor access approval for personal visitors to all **South East Queensland Corrective Service Facilities** pursuant to section 157(1A) of the *Corrective Services Act 2006* (**CS Act**) (**Suspension Decision**). The Suspension Decision took effect from 6pm on 28 September 2021 and remains in place until further notice, for a period of up to one year.

Today, in light of the announcement of an additional case of community transmission of COVID-19 in Townsville, Queensland Health has recommended that the Suspension Decision be extended to include Townsville Correctional Centre.

In light of this advice, I have decided that it is reasonable and necessary to preserve the security and good order of corrective services facilities to extend the Suspension Decision so that all visitor access approvals for personal visitors to all **Restricted Corrective Services Facilities** are suspended pursuant to section 157(1A) of the CS Act (the **Amended Suspension Decision**).

The Amended Suspension Decision will take effect from 6am on 1 October 2021 and will remain in place until further notice, for a period of up to one year. I confirm I have also considered the following in making my Amended Suspension Decision:

- the effect of a proposed suspension on a child for whom approval has been given to accompany the visitor; and
- whether the child may, unaccompanied by an adult, visit the prisoner. The entry of any person, including children, could potentially put corrective services facilities at risk.

In accordance with ongoing advice from Queensland Health and recognising that the safety, welfare and human rights of prisoners and staff are paramount considerations for QCS, I further direct as follows:

1. any **staff member** who has been in a **COVID-19 hotspot**, an **interstate area or place of concern or interstate exposure venue**, the **non-restricted border zone** or **restricted border zone**, a **named location** or identified as a **close contact** must:
 - a. immediately inform their direct supervisor in writing and not attend at their place of work (whether that place is a corrective services facility or otherwise); and

 - v. exemption as an essential worker if they reside in or have visited the **restricted border zone**;

Given the high risks to a vulnerable prison population if COVID-19 were to enter a corrective services facility, and the medical advice received, I consider that any impact on the human rights of prisoners, staff, family members or any other person as a result of these directions is demonstrably justifiable.

These directions will take effect from 6am on 1 October 2021, revoking and replacing the previous directions made by me pursuant to sections 263(2) and 268(4) of the CS Act on 29 September 2021. These directions will remain in place until revoked or replaced by me.
