

DIRECTIONS WHILE DECLARATION OF EMERGENCY DATED 29 APRIL IS IN FORCE

Sections 157(1A), 263, 264 and 268(4) of the *Corrective Services Act 2006*

On 29 April 2021, I, Peter Martin APM, Commissioner, Queensland Corrective Services (**QCS**), with the approval of the Minister for Police and Corrective Services and Minister for Fire and Emergency Services, declared that an emergency exists in relation to all corrective services facilities for the period commencing on 29 April 2021 and expiring at 11:59pm on 29 June 2021 (the **Declaration**).

The Declaration was made following extensive consultation with the Chief Health Officer and Queensland Health who believed it was necessary to make the Declaration to assist in containing, or to respond to, the spread of COVID-19 within corrective services facilities and the wider community.

As a result of an increase in community transmission of the Delta variant of COVID-19 in New South Wales and pursuant to her powers under section 362B of the *Public Health Act 2005*, the Queensland Chief Health Officer has declared that:

- the Waverley Local Government area is a **COVID-19 hotspot** effective from 1am on 19 June 2021; and
- numerous Local Government Areas in the Greater Sydney, Central Coast, Blue Mountains, Wollongong and Shellharbour regions of New South Wales are **COVID-19 hotspots** effective from 1am on 24 June 2021.

In addition to this, the Queensland Chief Health Officer has directed that anyone who has been in one of these Local Government Areas since their identified start date as a **COVID-19 hotspot** is not allowed to enter Queensland unless they are a Queensland resident or have an exemption and anyone who is allowed to enter Queensland must enter hotel quarantine.

Today, in light of the new cases of the Delta variant of COVID-19 recorded in South East Queensland, the proximity of those cases to several Queensland corrective services facilities, and, the potential for transmission of the Delta variant of COVID-19 I have decided it is reasonable and necessary to preserve the security and good order of the corrective services facilities to suspend all visitor access approvals to all **Identified Corrective Services Facilities** pursuant to section 157(1A) of the *Corrective Services Act 2006* (**CS Act**) (**Suspension Decision**).

The Suspension Decision will take effect immediately on my signing of this direction and remain in place until further notice, for a period of up to one year. I confirm I have also considered the following in making my Suspension Decision:

- the effect of a proposed suspension on a child for whom approval has been given to accompany the visitor; and
- whether the child may, unaccompanied by an adult, visit the prisoner. The entry of any person, including children, could potentially put corrective services facilities at risk.

I direct that while the Declaration is in force:

1. in addition to the suspension of access approvals for personal visitors under the Suspension Decision, and pursuant to section 263(2) and section 268(4) of the CS Act, all visitor access to the Greater Brisbane Queensland Corrective Services
