Requirement checklist

To ensure your application to move a fishery symbol is not unduly delayed, please ensure the following requirements are satisfied:

- ☐ Payment of fees
- ☐ Written approval of each person, other than the licence holder, who has an interest in the licence noted in the Register of Authorities

The information in this checklist is to assist you in complying with the requirements of the *Fisheries Act 1994* that relate to the fishery symbol movement. It should not be relied on for specific advice. It is not a precise statement of law and deals with matters that are subject to change. Complete copies of the *Fisheries Act 1994*, regulations and management plans can be accessed via the website <http://www.legislation.qld.gov.au/>

Related applications

If the fishery symbol being moved is subject to quota, the holder of the second licence must ensure that they own or have usage of quota for the fishery prior to operating. This may mean that the second licence holder needs to lodge either of the following applications:

- Register Transfer of Quota Application (FDU1465)
- Register Temporary Transfer of Quota Application (FDU1469)

Notes:

Witnesses to applicants signatures

- For individuals, signatures must be witnessed.

Stamp Duty

Further details may be obtained from the Office of State Revenue on telephone (07) 3874 4088 (Brisbane area) or 1300 300 734 (outside Brisbane area). The Commissioner of Stamp Duties may take action against either the vendor or purchaser when recovering unpaid duty.

Investment Warning

It is the responsibility of the holder of the second licence to ascertain whether the fishery symbol/s being moved, may be used for the purposes intended and to seek advice on any **current investment warnings or management arrangements**, existing or proposed, that could affect the use of the fishery symbol. More information on investment warnings is available from the Fisheries Licensing Unit or online at business.qld.gov.au

Fishing History

Applicants should be aware that a fishing history policy was introduced on 1 February 2010. Under that policy the second licence holder acquiring a fishery symbol/s will not also acquire the fishing history previously associated with the symbol/s. Once moved, the fishing history accumulated by the symbol/s, will remain with the first licence on which the symbol/s was attached
