- 4 Prepare your home
- 5 Tune into warnings!
- 6 Check your neighbours
- 7 Pet Emergency Plan

Available in more than 20 languages online at: disaster.qld.gov.au

## **Fact Sheet**

## Always remember:

Having an Emergency Kit is an important step to prepare for, survive and cope with emergencies.

Know: All householders need to know where your Emergency Kit is kept.

Check: and update the contents of your kit regularly, to ensure everything is in working order and has not expired.

Safety Glasses and sun glasses

Discuss: your Emergency Kit with all householders and make sure everyone knows what to do in an emergency.

On this page is a list of items which should be in your kit at all times.

On the other side of this page is a list of extra items which, if you do not keep at all times, you should add to your kit during storm or cyclone season

This brochure is for information only and is provided in good faith. The Department of Community Safety, Emergency Management Queensland and the State Emergency Service are under no liability to any person in respect of any loss or damage (including consequential loss or damage) which may be suffered or incurred, or which may arise directly or indirectly, in respect of reliance by any person on the information contained in

Household Emergency Plan with emergency

contact numbers (also see Fact Sheet 1)

# Extra items to include in your Emergency Kit during cyclone and storm season.

Weather warnings are issued when emergencies like floods, storms and cyclones are expected.

During storm and cyclone season add the items on this page to your Emergency Kit.

It is preferable to keep stocks of these items in your kit all the time.

However, if you do not have enough space in your kit, make a note of where to find the extra items in your home so you can collect them quickly.

Remember: if you have visitors during an emergency, you will need supplies for them also.
