QUEENSLAND GOVERNMENT VACANCIES GAZETTE

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered deployees who apply for an advertised job will be considered before other applicants. The symbol (h) appears next to vacancies where an exemption from this requirement applies. Deployees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

CONTINUOUS APPLICANT POOLS

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

MULTI-AGENCY POOLS

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

HOW TO APPLY

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at www.jobs.qld.gov.au. The information kit will include:
 - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
 - a job information package, outlining the procedure for preparing and sending in your application, and
 - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
 - completed cover sheet (available on jobs online or in the kit mailed to you)
 - covering letter
 - resumé / curriculum vitae
 - names and contact details of (2) referees, and
 - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

without the prior written consent of the Coordinator-General;

- (l) the Landowner must not grant any rights to any person in relation to the Easement Area to the extent the granting of those other rights could or will conflict or interfere with the Infrastructure or the exercise of any of the Coordinator-General's rights and powers under the Easement.

4 OTHER MATTERS

All Infrastructure and other things brought onto or installed on the Easement Area from time to time by the Coordinator-General will, as between the Landowner and the Coordinator-General, notwithstanding any affixation to the Easement Area, remain the property of the Coordinator-General.

- (a) the Coordinator-General or the person authorised, permitted or licensed by the Coordinator-General may either repair the fencing it has pulled down or broken open or install a gate in place of that fencing to at least a standard reasonably equivalent to that of the fencing before it was pulled down or broken open;
- (b) the owner of the fencing that was pulled down or broken open will become the owner of the repaired fencing or gate; and
- (c) that owner must maintain the repaired fencing or gate.

4.3 Stamping and registering of Easement

The Coordinator-General must:

- (a) stamp (if required) and register the Easement; and

The Landowner must give the Coordinator-General a copy of any notification received by the Landowner in respect of any application for a mining or petroleum tenement under the *Mineral Resources Act 1989*, the *Petroleum Act 1923*,

the *Petroleum and Gas (Production and Safety) Act 2004* or any similar or replacement legislation, in respect of land which includes all or any part of the Easement Area, within 7 days after the Landowner receives such notification.

4.6 Further assurances

The Landowner will execute every deed, instrument, assurance or other document and do all such things as may be necessary to secure the rights of the Coordinator-General conferred by the Easement as the Coordinator-General may reasonably require, including (without limitation) obtaining the consent of any person necessary and producing the title document for the Easement Area and executing all documents necessary to give effect to any proposed assignment, transfer, encumbrance or other dealing by the Coordinator-General in respect of the Easement Area.

 - (B) the Landowner supplies a set of keys to the lockable gate to the Coordinator-General.
- (c) It will be reasonable for the Coordinator-General to refuse or withhold its consent if the actions of the Landowner are, in the Coordinator-General's opinion, likely to jeopardise the safety, security or operation of, or interfere with the Infrastructure or restrict the Coordinator-General's access along or across the Easement Area.

6 SEVERABILITY

- (a) Subject to clause 6(b), if a provision of the Easement is illegal or unenforceable in any relevant jurisdiction, it may be severed for the purposes of that jurisdiction without affecting the enforceability of the other provisions of the Easement.
- (b) Clause 6(a) does not apply if severing the provision materially alters the scope and nature of the Easement or the relative commercial or financial positions of the parties, or would be contrary to public policy. (SCHEDULE ENDS).

Local Government Act 1993 (section 1041)
Local Government Regulation 2005 (section 44)
NOTICE OF INTENTION TO SELL LAND

To: Jennifer Le & Andy Le

This notice is given to you by **Esk Shire Council**, and relates to property described in the following **Schedule, Table 1**. The Council of the Shire of Esk has decided to sell the land described in the following **Schedule, Table 1** because an overdue rate has remained unpaid. This notice is a notice of intention to sell land under Section 1041 of the *Local Government Act 1993*.

The Council of the Shire of Esk at its ordinary meeting held 11 April 2007 passed a resolution under Section 1040 of the *Local Government Act 1993* that action will be taken to sell land in the Shire on which an overdue rate has remained unpaid for 3 years. The resolution was in the following terms:-

“That the property described as L 2 RP 32239 & L 202 RP 884485 at CLARENDON ROAD, LOWOOD QLD 4311 registered in the name of ANDY & JENNIFER LE be sold by way of auction for arrears of rates with an auction reserve and other terms of the process to be set by the Chief Executive Officer having regard to the requirements of the Local Government Act. (02817-00000-000)”

Details of all overdue rates for the land and interest accrued are shown in the following **Schedule, Table 2**.

Interest has accrued on the overdue rates from the date they became overdue to 22 May 2007 at the rate of 11% per annum. The interest is compound interest calculated on daily rests and will keep accruing until all overdue rates are paid or the property is sold.

Sections 1042 to 1047 of the *Local Government Act 1993* provide as follows:-

“1042 Starting and ending of sale procedures

1. The local government must start the procedures for selling the land within the required period after giving the notice of intention to sell, unless the amount of all overdue rates levied on the land has been paid to it.
2. The required period is from 3 to 6 months after giving the notice or, for a mining claim, 1 to 6 months after giving the notice.
3. The local government may only end, and must end, procedures for selling the land if the amount of all overdue rates levied on the land, and all expenses incurred by it for the intended sale, are paid to it.

1043 Procedures for sale

1. Land intended for sale under this division must first be offered for sale by auction.
2. The local government must prepare a notice containing—
 - a) the time and place of the proposed auction; and
 - b) a full description of the land.
3. At least 14 days but not more than 21 days before the day of the proposed auction, the local government must—
 - a) advertise the notice in a newspaper circulating generally in its area; and
 - b) attach a copy of the notice to a conspicuous part of the land; and
 - c) give a copy of the notice to—
 - i) the owner of the land; and
 - ii) each encumbrancee, lessee and trustee who has given written notice to the local government of the person's interest in the land.
4. On the day it complies with subsection (3)(a), the local government must place a copy of the notice on display in a conspicuous place at its public office.
5. The notice must be kept on display until the day of the auction.
6. If the land is a lot under a community titles Act the copy mentioned in subsection (3)(b) may be attached to a conspicuous part of the common property for the lot if it is not practicable to attach it to a conspicuous part of the lot.
7. If, under the *Body Corporate and Community Management Act 1997*, the land is a lot included in a community titles scheme (*scheme A*), the copy mentioned in subsection (3)(b) may, if it is not practicable for the copy to be attached to a conspicuous part of the lot, be attached to a conspicuous part of—
 - a) the common property for scheme A; or
 - b) the common property for a scheme for which scheme A is a subsidiary scheme under that Act.

1044 Reserve price at auction

1. A local government that offers land for auction under this division must place a reserve price on the land.
2. The local government may choose a reserve price of at least either—
 - a) the market value of the land; or
 - b) the higher of the following—
 - i) the amount of all overdue rates levied on the land;
 - ii) the unimproved value of the land.

1045 Sale by agreement after auction

1. If the reserve price is not reached at the auction, the local government may enter into negotiations with the highest bidder at the auction to sell the land by agreement.
2. A sale of the land by agreement must be at a price greater than the highest bid for the land at the auction.

1046 Unsold land acquired by local government

1. If land offered for auction under this division is not sold at auction and—
 - a) the local government does not enter into negotiations under section 1045 with the highest bidder at the auction; or
 - b) the negotiations are unsuccessful;

the land is taken to have been sold at the auction to the local government at the reserve price, unless it is held on a tenure that the local government is not competent to hold.

2. This section applies subject to section 1056.

1047 Application of proceeds of sale

1. The local government must apply the proceeds of sale of land under this division, in priority to all encumbrances, as follows—
 - a) first, in payment of the expenses of the sale;
 - b) second, in payment of the overdue rate for the land;
 - c) third, in payment of other rates that may be payable to the local government by the person (the *former owner*) who was the owner of the land immediately before its sale;
 - d) fourth, in payment of other amounts that may be payable to the local government by the former owner.
2. After application of the proceeds of sale under subsection (1), any remainder must be paid to the person who was entitled to the rents and profits of the land immediately before its sale.
3. Any part of the proceeds of sale that remains unclaimed for 2 years must be paid to the public trustee as unclaimed money.
4. Subsection (1) is subject to sections 1057 and 1057A.”
