Queensland Competition Authority Act 1997

Section 36 (2)

DECISION**1. The Decision**

Under section 36(2) of the *Queensland Competition Authority Act 1997* (the Act), I accept without qualification recommendations 1 and 3 in the Queensland Competition Authority's (QCA) titled *Final Report – Seqwater Bulk Water Price Review 2022-26* (the Report) and I reject without qualification recommendation 2 in the Report.

2. Background

The supply of bulk water by the Queensland Bulk Water Supply Authority (Seqwater) is declared a monopoly business activity under the Act.

On 16 June 2021, I, as the Minister administering the Act, referred the monopoly business activity of bulk water supply by Seqwater to the QCA for an investigation about the pricing practices relating to that activity under section 23(1) of the Act (the referral notice). The objective of the referral notice was for the QCA to make recommendations about the State bulk water prices for Seqwater in the following local government areas for the period of 1 July 2022 to 30 June 2026 (Prices).

Brisbane	Logan	Scenic Rim
Gold Coast	Moreton Bay	Somerset
Ipswich	Noosa	Sunshine Coast
Lockyer Valley	Redland	

The QCA provided the Report to me on 31 March 2022 under section 30 of the Act. The Report made three recommendations in relation to Prices.

As Minister administering the Act, under section 36 of the Act I am required to make a decision about the QCA's recommendations contained in the Report, as a report relating to a monopoly business activity that is a government business activity, other than a significant business activity.

I am required by section 36(3) of the Act to have regard to water pricing determinations before making a decision under section 36(2).

3. Consultation with stakeholders

In undertaking its investigation, I note that the QCA has:

- sought submissions from stakeholders and interested parties, including Seqwater; and
- provided responses in the Report to issues raised by stakeholders.

4. Findings on material questions of fact and evidence and material on which this decision is based

The QCA has not previously made any water pricing determinations referred to in section 36(3) of the Act.

In making my decision under section 36(2) of the Act I have considered the evidence and materials in the Report and findings on material questions of fact made by the QCA in the Report.

5. Reasons for the decision

The Price Policy Objective was given effect in the referral notice. The QCA has recommended Prices consistent with the referral notice and the QCA's obligations under the Act. On this basis, I accept the costing methodologies utilised by the QCA as being consistent with the Price Policy Objective.

Recommendation 1

The QCA recommend the following Prices:

- 1 July 2022 to 30 June 2023: \$3.301 per kilolitre;
- 1 July 2023 to 30 June 2024: \$3.371 per kilolitre;
- 1 July 2024 to 30 June 2025: \$3.444 per kilolitre; and
- 1 July 2025 to 30 June 2026: \$3.517 per kilolitre.

I accept Recommendation 1 based on the QCA's assessment in Chapters 8, 9, 10 and 12 of the Report.

Recommendation 2

The QCA recommend the following drought allowances:

- 1 July 2022 to 30 June 2023: \$0.405 per kilolitre;
- 1 July 2023 to 30 June 2024: \$0.414 per kilolitre;
- 1 July 2024 to 30 June 2025: \$0.424 per kilolitre; and
- 1 July 2025 to 30 June 2026: \$0.435 per kilolitre.

The drought allowances recommended by the QCA could be applied in addition to the Prices that would apply under normal operating conditions to deal with the higher costs of operating in drought conditions. Seqwater is no longer operating under drought conditions and given current dam levels, Seqwater is unlikely to incur drought response costs in the near term, as stated by the QCA in section 12.1 of the Report. On this basis, I reject recommendation 2.

Recommendation 3

The QCA recommend that future review events should be defined in accordance with the table on page 107 of the Report. I accept Recommendation 3 based on the QCA's assessment in section 12.2 of the Report.

6. Human Rights

Section 58(1) of the *Human Rights Act 2019* (HR Act) makes it unlawful for a public entity:

- (a) to act or make a decision in a way that is not compatible with human rights; or
- (b) in making a decision, to fail to give proper consideration to a human right relevant to the decision.

Section 58(5) of the HR Act provides that, for section 58(1)(b), giving proper consideration to a human right in making a decision includes, but is not limited to:

- (a) identifying the human rights that may be affected by the decision; and
- (b) considering whether the decision would be compatible with human rights.

I accept that the threshold for engaging a human right is low, and that for this purpose human rights must be construed in the broadest possible way. In accordance with section 58(1) of the HR Act, I have considered whether the decision to accept or reject the recommendations made by the QCA in the Report would be compatible with human rights.

I consider that the decision to accept or reject the QCA's recommendations under the QCA Act does not affect the human rights of any individual. I therefore consider that the decision is compatible with human rights.

7. Definitions

“Price Policy Objective” means the Government's policy objective that Prices should recover the prudent and efficient costs of providing bulk water supply services and repay price path debt by 2027-28, under normal operating conditions.
