**NOTIFICATION OF REGULATORY IMPACT  
STATEMENT**

**LAND REGULATION 2008**

The Department of Natural Resources and Water, under the *Land Act 1994* is charged with the proper administration of state land in Queensland. Following a review of the existing *Land Regulation 1995* and amendments to the *Land Act 1994*, changes are proposed to further streamline and improve the administration of state land. Proposals include setting an improved framework for the categorisation and allocation of percentage rates for the purpose of assessing rents on leases, licences and permits, the setting of appropriate interest and instalment rates and for levying fees for land dealings. As the proposed changes would involve a remake of the *Land Regulation 1995* and would be classified as significant subordinate legislation, a Regulatory Impact Statement, as required by the *Statutory Instruments Act 1992*, has been prepared for public comment.

Copies of the Regulatory Impact Statement may be obtained by contacting the Manager, State Land Legislation and Management, State Land Asset Management, Land Management and Use, Department of Natural Resources and Water.

Telephone: (07) 34055512

Fax: (07) 34055522

Email: LandReg.RIS@nrw.qld.gov.au

This Regulatory Impact Statement can also be electronically accessed on the Internet at:

<http://www.nrw.qld.gov.au>

Anyone may comment on the proposed amendments and their comments will form the main basis of consultation. However, comments should be in writing and addressed to the Manager, State Land Legislation & Management, State Land Asset Management, Land Management and Use, Department of Natural Resources and Water, GPO Box 2454, Brisbane Qld 4001 or email LandReg.RIS@nrw.qld.gov.au

The closing date for written comments is Friday, 9 May 2008.

**QUEENSLAND GOVERNMENT VACANCIES GAZETTE**

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered deployees who apply for an advertised job will be considered before other applicants. The symbol (h) appears next to vacancies where an exemption from this requirement applies. Deployees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

**CONTINUOUS APPLICANT POOLS**

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

**MULTI-AGENCY POOLS**

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

**HOW TO APPLY**

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at [www.jobs.qld.gov.au](http://www.jobs.qld.gov.au). The information kit will include:
  - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
  - a job information package, outlining the procedure for preparing and sending in your application, and
  - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
  - completed cover sheet (available on jobs online or in the kit mailed to you)
  - covering letter
  - resumé / curriculum vitae
  - names and contact details of (2) referees, and
  - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

## Brisbane City Council

*Dedicated to a better Brisbane*

### Notice of adoption of minor amendments to the *Brisbane City Plan 2000* pursuant to Schedule 1 of the *Integrated Planning Act 1997*, by changing the Waterway Corridors on Planning Scheme Map 2

At its meeting of 29 January 2008, Council adopted minor amendments to the Brisbane City Plan 2000 by changing the Waterway Corridors on Planning Scheme Map 2.

#### Purpose and General Effect of these amendments.

The purpose of these adopted amendments is to change mapping inconsistencies regarding waterway corridors shown on the Planning Scheme Map 2. The affected waterway corridors are either deleted or reduced in area. A problem sometimes arises where, as a result of a development approval for reconfiguring a lot (subdivision), the waterway corridor is filled in, piped, relocated or otherwise altered so that the waterway corridor status under City Plan is no longer relevant. The general effect of the amendment will be to automatically make houses on approved building envelopes self assessable development where those building envelopes were approved as part of a subdivision application in a waterway corridor.

#### Where can I get a copy or further information?

A Copy of the adopted amendments is available for inspection and purchase from the Brisbane City Council, Library and Customer Service Centre, Level 1, North Quay Podium, Brisbane Square, 266 George Street, Brisbane. For more information please either visit the Council Library and Customer Centre or telephone Council on 3403 8888.
