QUEENSLAND GOVERNMENT VACANCIES GAZETTE

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered employees who apply for an advertised job will be considered before other applicants. The symbol (h) appears next to vacancies where an exemption from this requirement applies. Employees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

CONTINUOUS APPLICANT POOLS

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

MULTI-AGENCY POOLS

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

HOW TO APPLY

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at www.jobs.qld.gov.au. The information kit will include:
 - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
 - a job information package, outlining the procedure for preparing and sending in your application, and
 - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
 - completed cover sheet (available on jobs online or in the kit mailed to you)
 - covering letter
 - resumé / curriculum vitae
 - names and contact details of (2) referees, and
 - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

**TEMPORARY SECONDMENT OPPORTUNITIES
ASSESSMENT & MONITORING OFFICERS
– A05/A06 and PO3/PO4**

An excellent opportunity exists for two or three officers currently working in the public sector to join the Crime and Misconduct Commission on secondment for a period of 6-12 months.

Officers at the substantive (permanent) levels of A05/A06/A07 (or equivalent PO3/PO4/PO5 levels) are invited to apply for these temporary secondments.

The positions will be located in the Misconduct area and will be involved in assessing complaints of alleged misconduct on the part of police officers and public sector officers, monitoring how public sector agencies (including the Queensland Police Service) handle individual misconduct matters and undertaking project work associated with reviewing the capacity of agencies to prevent and deal with misconduct.

To be successful in these roles, you will have good analytical skills, sound judgment, excellent communication skills and be able to write well.

Before applying for these secondment opportunities, you need to ensure that your current agency will agree to your release for a negotiated period of 6-12 months, if you are successful in being offered temporary secondment.

To express your interest in secondment, you should firstly provide a detailed curriculum vitae. Depending on the number of officers who express interest, you may later be required to provide more detailed information on your experience, skills, knowledge and abilities.

In order to work at the CMC, you will be required to undergo a stringent security vetting process which includes making financial disclosures. Expressions of interest will remain current for a period of 12 months and may be used for filling other similar vacancies.

Expressions of interest, quoting the relevant reference number (CMC 48/07), should be forwarded by 5.00 pm on Friday, August 24 2007 to the Human Resources Manager, GPO Box 3123, BRISBANE QLD 4001.

Inquiries can be directed to Helen Bennett on (07) 3360 6239.

Ipswich City Council
Acquisition of Land Act 1967
Notice of Intention to Resume

To: All persons having an estate or interest in the land described in the Schedule ("**subject land**").

Notice is hereby given under section 7 of the *Acquisition of Land Act 1967* ("**Act**") that Ipswich City Council ("**Council**") (a constructing authority under the Act) intends to take the subject land for sewerage purposes (as more fully described in the Background Information below).

You may, on or before Friday 7 September 2007, serve on Council at the address of its solicitors Clewett Corser & Drummond, Level 11, 15 Adelaide Street, Brisbane Qld 4000, an objection in writing to the taking of the subject land. Your objection must state the grounds of the objection and the facts and circumstances relied on in support of those grounds. Any matter pertaining to the amount or payment of compensation is not a ground of objection.

If you state in your objection that you desire to be heard in support of the grounds of your objection, you may appear and be heard by Council's delegate (Council's Chief Financial Officer) in his office at the Administration Building at 45 Roderick Street, Ipswich at 10:00am on Tuesday 18 September 2007.

Council is willing to negotiate to acquire the subject land by agreement or, failing agreement, to treat as to the compensation to be paid and all consequential matters.

Schedule

Description of subject land:	Lot 258 Crown Plan CH31307; Lot 264 Crown Plan CH31501
Title reference:	14210142
County:	Churchill
Parish:	Jeebropilly
Address of subject land:	92-152 Paynes Road, Ebenezer; 154-244 Paynes Road, Ebenezer
Area of subject land:	Lot 258 - 40.995 hectares; Lot 264 - 43.132 hectares
Registered owner:	Henry David Hopper (deceased)

Background Information

In response to the continuing growth being experienced in South East Queensland in recent years and the release of the South East Queensland Regional Plan by the Queensland State Government as the framework for future development of the region, a number of strategic acquisitions need to be undertaken prior to significant development occurring. These strategic acquisitions will secure critical sites for development of major public infrastructure and facilities in line with the anticipated

future growth, development of industry and creation of employment within the region. The establishment of necessary infrastructure at these locations is cornerstone to any planned and structured growth for the region. Without the securing the critical sites, any such development will be severely curtailed.

Within the western sub-region of Ipswich City, it is necessary to acquire suitable land for the development of a major sewerage wastewater treatment and water recycling facility. In light of the current enduring drought situation, it is now recognised that water and associated sewerage treatment facilities are fundamental to the sustainable growth of any region. The proposed facility (Western Water Recycling Centre) will assist in enabling that sustainability for water based services.

This facility would service Willowbank and the future Ebenezer Industrial Park and adjoining development areas by treating their resulting sewerage inflows. Under the Ipswich Future Plan (August 2003), the projected ultimate Job Carrying Capacity for the Ebenezer Industrial Park has been determined to represent 94,000 jobs.

The selection of the subject site has been based on maximising the opportunity to service the catchment and then subsequently provide suitable quality recycled water to industrial and agricultural users within that and adjoining areas. The site location also needed to be aligned with the SE Queensland Infrastructure Plan and Ipswich Future Plan for development of this region. Consideration has been given relevant environmental considerations and investigations to date have indicated the Environmental Protection Agency has not identified any major impediments to prevent the use of the subject land for the purposes of the Western Water Recycling Centre, although development and other approvals cannot pre-empted and can only be applied for subsequent to the acquisition of the subject land.

On the basis of the need to secure a suitable site for development of the proposed facility and the detailed investigations undertaken to identify a suitable site for that purpose taking into account the required strategic, environmental, social and technical considerations:

- it has been confirmed that the most suitable site for the proposed facility is the subject land; and
- it is in the public interest to acquire the land for sewerage purposes to construct the proposed facility on the subject land.

(Documents relevant to the proposed resumption can be made available to you upon request.)
