About the report	2	Objective Two: We deliver a sustainable, cost-effective transport network accessible to all	48
Letter of Compliance	3	We deliver long-term, innovative, value-for-money infrastructure solutions	51
Where to find us	6	Major infrastructure works	51
Fast facts	10	Road Infrastructure	55
Introduction	12	Our districts	59
About us	14	Far North District	60
Responding to The Queensland Plan	15	North West District	62
How we plan	16	Northern District	64
Strategic opportunities and challenges	17	Mackay/Whitsunday District	66
Director-General's message	19	Central West District	68
Stakeholder engagement	24	Fitzroy District	70
ANZAC spirit: the women and men and the role of transport	26	Wide Bay/Burnett District	72
The year ahead	28	Darling Downs District	74
Financial summary	29	South West District	76
Objective One: We plan an integrated transport system that support the efficient and reliable movement of people and goods	32	North Coast District	78
We develop long-term strategies, policies and plans to improve an integrated transport system	35	South Coast District	80
Transport planning	35	Metropolitan District	84
Transport strategies	38	Royalties for the Regions	88
We plan to meet demand associated with growth in the economy and population	41	Cycling and pedestrian infrastructure	88
Planning for future transport needs	41	Bridges Renewal Programme	91
How Queenslanders travel	43	Marine Infrastructure	92
We invest to optimise the maintenance, operation and expansion of the statewide transport system	44	We develop new technologies and systems in transport infrastructure construction, preservation and management	94
Infrastructure investment	44	New mapping technologies	94
Regional road investments	46	Improvements to our construction practices	94
		Preservation and management	95
		We manage and operate the state-controlled road network to ensure travel reliability and efficiency	97
		Travel reliability	97
		Roadwork safety	99
		Infrastructure modelling	100
		Industry collaboration	100

Objective Three: Customer, safety and regulatory services that improve community safety and satisfaction	102	Governance	144
We provide customers with services that are quick, easy to access and easy to use	105	Human Resources	146
Engaging with our customers to achieve service improvements	105	Safety and wellbeing	164
Easier for our customer to do business with us	106	Innovation into action	168
Ensure the safety, security and resilience of our transport system	109	Management and structure	173
Road safety action plans	109	Risk management	186
Road use education and engagement	111	Transport security	187
Road safety partnerships	115	Accountability	189
Transport safety regulation and licensing	116	Financial statements 2015–16	198
New technologies to improve safety	119	Appendices and reference information	246
Targeting heavy vehicle safety	120	Appendix 1 – Legislation administered by the department	248
Rail safety	122	Appendix 2 – Performance statements 2015–16	249
Maritime safety	124	Appendix 3 – Camera Detected Offence Program	257
Transport safety data	126	Appendix 4 – Transport Operator Payments	261
Transport security	129	Glossary	265
We regulate access to, and use of, our transport system	130	Acronyms	269
Regulation changes	130	Index	271
Regulating use of the system	131	Figures and tables index	272
Objective Four: An integrated passenger transport system, safe and accessible to all	132	Compliance checklist	273
We enable efficient and cost-effective delivery of passenger transport services through flexible and responsive frameworks and models	135		
We deliver the right balance of customer and network services and infrastructure through an integrated investment framework	136		
Rail infrastructure	136		
Future rail system	138		
We optimise customer experience, patronage and revenue by responding to our customers' needs and the market	140		
Transforming passenger services	140		
Technology to assist commuters	141		
Revenue protection strategy	141		
We connect people and communities statewide through coherent planning and a robust transport services model	142		
Making the passenger network more accessible	142		
Supporting event transport across Queensland	143
