Harbour Master's Direction

Transport Operations (Marine Safety) Act 1994
Division 2, Subdivision 1, Section 88 - 92

I, **Captain John Fallon, Regional Harbour Master (Gladstone)**, am appointed as harbour master under part 7 of the Transport Operations (Marine Safety) Act 1994.

Under section 86 of the Transport Operations (Marine Safety) Act 1994 a harbour master may give direction if the harbour master reasonably considers it necessary to give the direction to ensure safety and the effectiveness and efficiency of the Queensland maritime industry. Further section 86A of the Transport Operations (Marine Safety) Act 1994 enables a harbour master to give a general direction that applies to all ship owners, ship masters, ships, other persons or matters.

I am satisfied that it is necessary to issue this direction to ensure marine safety in the Port of Port Alma. Sections of the Port Procedures and Information for Shipping – Port of Port Alma (<http://www.msq.qld.gov.au/Shipping.aspx>) are mandatory and must be complied with. Only those sections listed in Schedule 1 are mandatory by this general direction.

I DIRECT THAT:

The Port Procedures and Information for Shipping Port of Port Alma must be complied with by all vessels operating within the Port of Port Alma Pilotage area.

It is an offence to fail to comply with direction without a reasonable excuse. It is also an offence to obstruct a harbour master in the exercise of power. The maximum penalty is \$20,000 for an individual for each offence. If you fail to comply with my direction, then I may carry out the direction myself, and recover all expenses associated with performing the direction from you as a debt in civil jurisdiction.

**Captain John Fallon
Regional Harbour Master (Gladstone)
Maritime Safety Queensland**

DATED AT GLADSTONE THIS 10th DAY OF January 2022.

Schedule One

Section	Title
2.6	Arrival departure report
2.7	Dangerous goods
3.2.1	Port control communications
3.3	Prior notification of movements
3.4.1	Booking a vessel movement
3.5	Reporting defects
3.8	Movement clearance information
3.10.1	Arrival reporting requirements
3.10.2	Departure and removal reporting requirements
4.4	Maximum vessel size
6.0	Weather information
7.2	Speed
7.3.1	Draft restrictions
8.5	Pilot boarding position
9.2	Tug requirement guidelines
10.2.1	Immobilisation main engines
11.2.1	Dangerous cargo limits
12.6.1	Marine pollution reporting
12.7.1	Marine incident reporting
