Planning Act 2016

**LOCKYER VALLEY REGIONAL COUNCIL
REPEAL OF TEMPORARY LOCAL PLANNING INSTRUMENT
01/2019 - FLOOD REGULATION AND ADOPTION OF TEMPORARY
LOCAL PLANNING INSTRUMENT 2020 (FLOOD REGULATION)**

Notice is given under the *Planning Act 2016* that on 15 July 2020 Lockyer Valley Regional Council repealed the Temporary Local Planning Instrument 01/2019 - Flood Regulation, effective 20 July 2020.

Notice is given under the *Planning Act 2016* that on 15 July 2020 Lockyer Valley Regional Council adopted Temporary Local Planning Instrument 2020 (Flood Regulation), which will take effect on 20 July 2020 and cease to have effect on 19 July 2022, unless repealed earlier.

Temporary Local Planning Instrument 2020 (Flood Regulation) applies to the whole of the Lockyer Valley Local Government Area, and its purpose and general effect are to enhance the community's resilience to flood hazard by:

- suspending the operation of specific provisions of the Gatton Shire Planning Scheme 2007 and the Laidley Shire Planning Scheme 2003; and
- applying new provisions affecting the operation of the planning schemes for the Local Government Area that either update or introduce a flood hazard overlay map and code where relevant.

Copies of Temporary Local Planning Instrument 2020 (Flood Regulation) can be inspected and purchased at Council's customer service centres at 26 Railway Street, Gatton, and 9 Spicer Street, Laidley, and viewed on Council's website www.lockyervalley.qld.gov.au

Further information may be obtained at Council's customer service centres, or by telephoning 1300 005 872 or emailing mailbox@lvrc.qld.gov.au

Sustainable Planning Act 2009

**LOCKYER VALLEY REGIONAL COUNCIL
NOTICE OF ADOPTION OF MAJOR AMENDMENTS TO THE
GATTON SHIRE PLANNING SCHEME 2007 AND THE LAIDLEY
SHIRE PLANNING SCHEME 2003**

Notice is given under the *Sustainable Planning Act 2009* that on 15 July 2020 Lockyer Valley Regional Council adopted major amendments to the Gatton Shire Planning Scheme 2007 and the Laidley Shire Planning Scheme 2003.

The major amendments will take effect on and from Monday, 20 July 2020.

The purpose and general effect of the major amendments are as follows:

Gatton Shire Planning Scheme – Planning Scheme Amendment No. 1 (2020)

- Reducing the categories of assessment for Catering shops and Health care premises in existing commercial buildings in Precincts C1 and C2 of the Commercial zone;
- Reducing the requirements for Annexed units; and
- Amending the definition for Annexed unit.

Laidley Shire Planning Scheme – Planning Scheme Amendment No. 1 (2020)

- Reducing the categories of assessment for Tourist accommodation (if a bed and breakfast) in the Rural Agriculture Area and Rural Upland Area;
- Reducing the categories of assessment for development in areas identified as being of Very high ecological significance, or where development is located within an area of Ecological significance but does not involve the clearing of vegetation;
- Reduced the requirements for Apartments; and
- Amending the definition for Apartment and adding a definition for Dwelling unit.

Copies of the amended Planning Schemes can be inspected and purchased at Council's customer service centres at 26 Railway Street, Gatton, and 9 Spicer Street, Laidley, and viewed on Council's website www.lockyervalley.qld.gov.au

**NOTICE OF REPEAL OF MINISTERIAL INFRASTRUCTURE
DESIGNATION MADE UNDER THE *PLANNING ACT 2016***

I, the Honourable Cameron Dick MP, Treasurer and Minister for Infrastructure and Planning, give notice that, under section 41 of the *Planning Act 2016*, I repealed the Ministerial Infrastructure Designation (the designation) for the former Southern Fisheries Research Centre on 15 July 2020.

The repealing of this designation will take effect from 17 July 2020.

Description of the repealed designated premises

The repealed designation applies to premises located at 13 Beach Road and 7 Joseph Crescent, Deception Bay, QLD, 4508, formally described as Lot 1 on SP173449 and Lot 149 on SL9365.

Type of infrastructure for which the premises were designated

The premises were designated by the then Minister for Primary Industries 'to accommodate government functions' under Schedule 5 of the *Integrated Planning Act 1997* (repealed).

This designation took effect on 30 April 1999.

Reason for repealing the designation

To prevent hardship to the owner of the designated premises that has ceased operation for the designated purpose.

For further information, please contact the Infrastructure Designations team at infrastructuredesignation@dspmip.qld.gov.au or phone 1300 967 433.

**NOTICE OF MINISTERIAL INFRASTRUCTURE DESIGNATION
MADE UNDER THE *PLANNING ACT 2016***

I, the Honourable Cameron Dick MP, Treasurer, Minister for Infrastructure and Planning, give notice that under section 38 of the *Planning Act 2016*, I made a Ministerial Infrastructure Designation (the designation) for the Rockhampton Alcohol and Drug Rehabilitation Facility on 13 July 2020.

The designation will take effect from 17 July 2020.

Description of the designated premises

The designation applies to premises located at 607-701 Yaamba Road, Parkhurst, QLD, 4702 formally described as Lot 1 on SP318492.

Type of infrastructure for which the premises were designated

The premises have been designated to facilitate the construction of a purpose-built multifunctional alcohol and drug treatment facility providing residential rehabilitation and residential withdrawal management.

The infrastructure is described under Schedule 5, Part 2 of the *Planning Regulation 2017*, as:

- Item 12: hospitals and health care services
- Item 19: any other facility not stated in this part that is intended mainly to accommodate government functions.

Requirements included in the infrastructure designation

The designation includes requirements in relation to the location and scale of the development, mitigation of development impacts, servicing, landscaping, stormwater, acoustics, bushfire management, car parking, lighting and flora and fauna.

Further information

A copy of the infrastructure designation decision notice, including the noted requirements and a summary of how I have considered submissions, can be obtained at <https://planning.dsdmip.qld.gov.au/infrastructure-designations>.

Public health services table of costs Effective from 1 July 2020

1. Introduction

This table of costs is gazetted under Section 218A of the *Workers' Compensation and Rehabilitation Act 2003* and commences 1 July 2020.

The public health services table of costs sets out the costs applicable for treating workers covered under the workers' compensation statutory scheme as public patients in Queensland public hospitals. This table of costs covers all public health services and includes the public hospitalisation table of costs published in the Industrial Gazette.

This table of costs applies only to the costs of the services provided to:

- A worker who is discharged from a public hospital (an inpatient) on or after 1 July 2020; or
- A worker who receives treatment at a public hospital emergency department on or after 1 July 2020; or
- A worker who receives treatment at a public hospital out-patient facility on or after 1 July 2020.

This table of costs outlines procedures, conditions and fees for the delivery of public hospital services in Queensland public hospital facilities, medical and allied health services provided to workers' compensation claimants.

This table of costs applies only to workers' compensation claimants receiving treatment in the public hospital sector as a public patient under the care of a public hospital doctor.

This table of costs excludes claimants under the statutory workers' compensation system electing to be treated as private patients and all workers' compensation common law claimants. Private patient fees for statutory claimants are documented in the Queensland Health Fees and Charges Register and can be found at: [Health Service Directives](#).

Note: The common law only patients are charged under compensable third-party fees when treated in the public hospital sector.

This table of costs is structured to promote the provision of quality, timely and relevant treatment in the management of injured workers. In most cases, the rehabilitation goal is for the worker to return to work. In situations where the injury prevents the worker returning to work, rehabilitation must focus on maximising functional independence.

2. Working together

Insurers are committed to working with the Hospital & Health Services. If there is an issue in dispute, a Hospital & Health Service should contact the insurer to discuss an appropriate resolution. WorkCover Queensland offers each Hospital & Health Service a dedicated relationship manager for the resolution of any issues.

3. Insurer's liability for services

The insurer's liability is subject to the *Workers' Compensation and Rehabilitation Act 2003*.

The payment of services outlined in this document is subject to the worker having a compensation claim allowed by the Queensland workers' compensation insurer for the injury or condition being treated, i.e. WorkCover Queensland or the self-insurer, in accordance with the legislation. A list of insurers is available at: <https://www.worksafe.qld.gov.au/insurance/find-a-self-insurer>.

In all instances a current '*Work Capacity Certificate – workers' compensation*' is required to cover the period of services provision. If the worker does not have a certificate upon presentation to a public facility, a certificate may be issued by an emergency department or public hospital during the course of the treatment, or upon discharge. **Note:** If there is no certificate, the insurer has no liability for the costs of treatment.

Due to the diversity of medical services and rehabilitation program content, there may be other expenses which are not covered in this document. These expenses are to be negotiated with the Insurer prior to the delivery of such services.

A public hospital is not strictly bound by the same 60 day invoicing restrictions as other providers; please consider the context of the claim and treatment when processing invoices outside these timeframes.

4. Definitions

Public hospital means a hospital to which a worker is admitted as a public patient.

Public patient means a patient who is not a private patient.

Private hospital means a hospital to which a worker is admitted as a private patient.

Private patient means a worker who is a patient of a private doctor at a hospital that is not a contracted hospital. The worker has elected to be treated as a private patient by a doctor of their choice, inclusive of patients treated privately at a public hospital.

Inpatient in a public hospital is a public patient admitted at a public hospital and includes admission as a public patient to a Mater Misericordiae Public Hospital or transfer to contracted hospital.

Out-patient in a public hospital is a public patient who is not admitted to a public hospital and receives treatment as an outpatient. The patient may have been an inpatient previously and is now receiving follow-up treatment as an outpatient.

Hospital includes a day hospital.

Hospitalisation of a worker means the admission of the worker in a private hospital or public hospital for medical treatment for the worker's injury.

Elective hospitalisation means hospitalisation involving treatment or a procedure decided on by a worker or the worker's doctor that is of advantage to the worker, but is not fundamental in the treatment of the worker's injury.

Emergency department provides accident and emergency services in a public hospital. Often a patient of a public hospital may receive emergency department treatment prior to being admitted as an inpatient.

Contracted hospital means a hospital that provides public health services to a patient under a contractual arrangement with the State, but does not include:

- a) a public sector hospital under the *Health Services Act 1991*; or
- b) a Mater Misericordiae Public Hospital.

Note: In some situations, Hospital & Health Services will make arrangements with private hospitals to provide services for and on behalf of Hospital & Health Services. These services will be billed by Hospital & Health Services under this table of costs.

5. Extent of insurer's liability

5.1 Where there is an 'at fault' driver (MAIC)

Under section 12(4) of the *Motor Accident Insurance Act 1994* a levy is paid to cover the cost of providing public hospital services and emergency services:

- to people injured in a motor vehicle accidents; and
- who use public hospital services and emergency services because of their injuries; and
- who are claimants or potential claimants under the compulsory third party (CTP) insurance scheme.

Further to these points; where MAIC is the liable agency;

- The workers compensation insurer is only liable for public hospital costs for injured workers not covered by the Motor Accident Insurance Commission (MAIC) grant paid to Queensland Health to cover people injured in motor vehicle accidents.
- MAIC covers people injured in a motor vehicle accident in Queensland who are considered "not-at-fault" for the incident and where the "at-fault" person was operating a Queensland registered motor vehicle. (*continued on next page*)

- The workers' compensation insurer can refuse payment of an invoice and notify the Hospital & Health Services that the invoice is rejected based on the fact that there is an at fault driver and it is covered under the *Motor Accident Insurance Act 1994*.
- The workers compensation insurer reserves the right to seek recovery of payments made to Queensland Health within the same financial year if it transpires that the cost is covered by a MAIC grant.

5.2 For artificial prosthesis (such as limb, arm or hand prosthetics)

For the provision of any artificial prosthesis, approval must be sought from the insurer prior to the prescription and fitting of the prosthesis.

5.3 For hospitalisation in a public hospital

5.3.1 Non-elective hospitalisation

For non-elective hospitalisation an insurer will be liable for the cost of public hospitalisation for not more than 4 days. After this time, an insurer will be liable if the insurer considers the non-elective hospitalisation is reasonable having regard to the worker's injury. In determining what is reasonable, an insurer must have regard to the medical determination made by the worker's treating medical practitioner.

It is recognised that for non-elective hospitalisation, Hospital & Health Services will provide services, in many cases before the claimant has made a claim. Accordingly, insurers will be making a retrospective assessment of the reasonableness of a stay of more than 4 days.

5.3.2 Elective hospitalisation

An insurer is liable for costs of elective hospitalisation to the extent it is agreed by the insurer under arrangements entered into between the insurer and the worker (or someone for the worker) *before* the public hospitalisation. This includes sub and non-acute care fees.

An insurer's liability for public hospitalisation includes the provision of the facility as well as medical treatment provided at the hospital.

The insurer must pay the cost of public hospitalisation, whether the public hospitalisation is provided at one time or at different times.

5.4 Length of stay

The length of stay is calculated by subtracting the date the patient is admitted from the date of separation. All leave days*, including the day the patient went on leave are excluded. A day is measured from midnight to 23:59 hours and includes full and partial days. A patient admitted and separated on the same day (a "same day" patient) is allocated a length of stay of one day.

*A leave day is where a patient is away from a hospital overnight, e.g. to have a meal with family at Christmas.

6. Reports and information requests

Requests for reports from Public Hospitals are to be sent to the relevant Information Access email address of the hospital the worker attended. A hospital's Information Access area will not release specific reports regarding a patient. The insurer is required to request the complete file/patient records.

6.1 Discharge Summary Reports

Public inpatient discharge summary reports are included in the cost of hospitalisation.

6.2 Other reports and communications

Other insurer requested reports or communications are subject to the WorkCover Queensland tables of costs for medical and allied health services.

6.3 Medical records

Insurer requested medical records will attract a fee from the public hospital. The fee will be based on the following:

- Application fee: \$73.00
- Processing fee: \$10.00 per 15 minutes
- Copies of x-ray (film): \$25.00
- Copies of photograph: \$11.00
- Copies of videotape: \$29.00
- Copy of audiotape: \$11.00
- Copy of CD-ROM: \$29.00
- PACS-Initial imaging study on CD media: \$118.00
- PACS-Second and subsequent imaging study on CD media (per study): \$11.00
- Copying charge of \$0.40 per page (A4 black and white only).

Note: These fees are GST exclusive.

6.4 Worker's Authority

If a hospital requires a signed authority from the worker to permit the release of medical records, the hospital may request an authority from the insurer. The insurer is permitted to provide the signature by email or facsimile.

6.5 Timeframes

A doctor attending a worker who has sustained an injury must give the insurer a detailed report on the worker's condition within 10 days of receiving the insurer's request to do so*. The fee payable to the doctor for the report is an amount accepted by the insurer to be reasonable, having regard to the relevant table of costs (please refer to the Supplementary services for General Practitioners and Specialists).

*Please refer to Section 104(4) of the *Workers' Compensation and Rehabilitation Regulation 2014*.

7. Fees

Queensland Department of Health charges are established on a cost recovery basis and are based on the Independent Hospital Pricing Authority (IHPA) cost data and published price increase.

Queensland Department of Health provides data to the national data set and the yearly increase is applied to the current prices. WorkCover Queensland will review any adjustments according to the IHPA report and re-gazette a table of costs when appropriate.

Queensland Department of Health operates a large number of hospitals which are grouped according to the level of complexity and intensity of services offered, fees are calculated based on the services provided and the group the treating hospital is in. These hospitals and codes are detailed in Appendix A.

The *Public health services table of costs* outlines the prices an insurer can expect to be charged for services provided to injured workers. Insurers are also able to negotiate a fixed annual payment / agreement with the Queensland Department of Health based on their estimated hospital costs separate to this Table of Costs if they wish.

8. Emergency department services

Emergency department charges for public workers' compensation patients include but are not limited to, the following services:

- Medical care provided by public hospital doctors
- Nursing care
- Pathology and imaging
- Theatre use, theatre consumables, in-theatre care and surgical implants
- Limited pharmaceutical and dressings may be included
- Allied health services
- Aids and appliances including those necessary for effective discharge-these may be loaned or given to the patient, depending on the facility
- Clerical and administrative support
- Discharge summary report, if available

Under Section 213(4) of the *Workers' Compensation and Rehabilitation Act 2003*, the 'Work capacity certificate – workers' compensation' must be free of charge. As such, medical certification is provided at no additional charge.

8.1 Emergency department definitions

Admitted patients are those that are admitted to the hospital directly from the emergency department, including those admitted as same day patients. Admission follows a clinical decision based on specified criteria that requires same-day or overnight care or treatment. The admission/transfer can be to a public hospital or the patient's home (for hospital-in-the-home patients).

Did not wait means the patient was triaged and registered however the patient did not wait to complete full treatment until clinical or administrative discharge occurred.

Died means the patient was "dead on arrival" at the emergency department, or died whilst still considered to be under the care of the emergency department and was not admitted to the hospital. The fee for this service includes preparation of the body and transfer to the morgue.

Discharged patients are those discharged from the emergency department to home or to another facility of residence, other than an acute facility in a public hospital.

Transferred patients are those sent from the emergency department to any other acute facility (public, private, interstate or overseas) for continuation of their admitted care and management.

Triage means the assigning of degrees of urgency to decide the order of treatment. The triage category indicates the urgency of the condition and is defined according to national standards with triage 1 being the most urgent and triage 5 being the least urgent. (1=Resuscitation, 5=Non-urgent).

8.2 Emergency department fees

8.2.1 Listed Hospitals

The public hospitals able to bill for emergency department services are listed below:

Atherton	Gympie	Normanton

Gin Gin	Nanango	

8.2.1.1 Listed hospital emergency department fees

The fees chargeable by these hospitals are listed below:

Note: Emergency department fees include radiology, pathology and pharmacy costs linked to the emergency department attendance.

WorkCover Emergency Department Item No. Code	Service Type	Max Fee Excl. GST
99810	Admitted/transferred triage 1	\$3,245.00
99811	Admitted/transferred triage 2	\$2,030.00
99812	Admitted/transferred triage 3	\$1,348.00
99813	Admitted/transferred triage 4	\$976.00
99814	Admitted/transferred triage 5	\$641.00
99815	Died	\$1,950.00
99816	Discharged triage 1	\$2,210.00
99817	Discharged triage 2	\$1,205.00
99818	Discharged triage 3	\$820.00
99819	Discharged triage 4	\$578.00
99820	Discharged triage 5	\$486.00
99821	Did Not Wait	\$270.00

Listed hospital emergency department item numbers

Public health services table of costs Effective from 1 July 2020

The WorkCover item number for emergency department services is based on two components:

- the Emergency Department Item No. Code (listed in the table above); and
- the corresponding hospital code (Appendix A)

WorkCover Emergency Department Item No. Code + Hospital Code

For example:

- A discharge-triage 3 (Emergency Department Item No. Code 99818) from the Princess Alexandra Hospital Emergency Department (Hospital code 011) would have an item number of **99818011**.
- A discharge-triage 3 from the Gold Coast University Hospital (Hospital code 936) would have an item number of **99818936**.
- An admission-triage 5 (Emergency Department Item No Code 99814) to the Gold Coast University Hospital would have an item number of **99814936**.

8.2.2 Non-listed (Group X) hospitals providing emergency treatment

Public hospitals not listed above should charge according to the WorkCover Queensland *Medical items schedule of fees*. Please refer to: https://www.worksafe.qld.gov.au/_data/assets/pdf_file/0010/47926/FS900-Medical-table-of-costs.pdf

When a patient is provided emergency treatment in a non-listed hospital and:

- then discharged, the medical items are charged for services provided.
- then subsequently admitted to the hospital on the same day. Hospitals can charge the items for the emergency treatment (as above) + the small hospital admitted day fee.

For example:

- Patient seen at Richmond Emergency and receives doctors consultation, imaging, and treatment.
- Group X hospital would bill as per medical table of costs or MBS for these item numbers and if admitted to hospital as an inpatient following emergency room treatment, the hospital would then bill per day charge of 99800. Group X can bill 99800 on the same day as emergency treatment as this is deemed day of admission.

9. Inpatient services

Inpatient services are also published in the Industrial Gazette as the Public hospitalisation table of costs. For convenience the costs for inpatients are included in this comprehensive Public health table of costs.

Inpatient charges for public workers' compensation patients include the following services:

- appropriate accommodation; shared ward, or single room if deemed clinically necessary hospital hotel services, e.g. meals
- medical care provided by public hospital doctors
- nursing care
- pathology and imaging
- pre-operative and post-operative care whilst an inpatient in hospital
- theatre use, theatre consumables, in-theatre care and surgical implants
- all pharmaceutical and dressings. Discharge pharmaceuticals must be issued with a prescription and patient directed to obtain the medication from a private pharmacy not the public hospital pharmacy. Both the insurer and hospital should ensure workers are aware of this requirement.
- if the public hospital pharmacy inadvertently dispenses medication and raises charges on the patient for discharge medication, the patient can be reimbursed by the insurer
- allied health services
- discharge planning services
- aids and appliances including those necessary for effective discharge- these may be loaned or given to the patient, depending on the facility
- clerical and administrative support
- discharge summary report

Public health services table of costs Effective from 1 July 2020

Under Section 213(4) of the *Workers' Compensation and Rehabilitation Act 2003*, the 'Work capacity certificate – workers' compensation' must be free of charge. As such, medical certification is provided at no additional charge.

Note: Inpatient charges for public workers' compensation patients do not include emergency department charges. These are raised separately by the emergency department (see 8. Emergency department services).

9.1 Inpatient fee types

Hospital & Health Services adopts a case mix-based pricing model for most acute public inpatients and a specified bed day fee for other types of public patients.

Admitted services are charged according to the hospital category and the patient diagnosis. There are four categories of inpatient fee types:

- Small Hospitals (Hospital Group X) – handle acute, sub-acute and non-acute
- Sub and Non-Acute (Non-X Hospitals)
- Acute (Non-X Hospitals)
- Hospital in the Home (HITH)

9.1.1 Small hospitals

9.1.1.1 Small hospitals - Group X hospital fees

These are smaller facilities in rural and remote areas. Treatment provided in these facilities is costed on a per day basis irrespective of the diagnosis category or the type of treatment. For all inpatient admissions the invoice will multiply the number of days by the per day cost for that day. This applies to acute, sub-acute and non-acute types of care.

Small Hospital Item No. Code	Description	Max Fee Excl. GST
99800	Small Hospital – Group X	\$2,395 per day.

Note: Because small hospitals handle acute, sub-acute and non-acute types of care, the item number is not based on a DRG code.

9.1.1.2 Small hospitals - Group X hospital item numbers

The WorkCover item number for small hospitals is based on two components:

- the Small Hospital Item No Code (listed in the table above); and
- the corresponding hospital code (Appendix A)

Small Hospital Item No. Code + WorkCover Hospital Code

For example:

- Inpatient admission and all treatment provided at the Biloela Hospital (Hospital code 133) would have an item number of **99800133**.
- Inpatient admission and all treatment provided at Tully Hospital (Hospital code 227) would have an item number of **99800227**.

9.1.2 Sub and non-acute care

9.1.2.1 Sub and non-acute care fees – Non-X Hospitals

Some types of treatment that a patient may receive are not considered "acute". These types of care include rehabilitation, palliative care and maintenance care. The following fees and item numbers are for sub and non-acute care provided by hospitals in categories non-X hospitals. The fees are derived from the 2020/21 SNAP rates the per day rate for the relevant type of care.

Public health services table of costs Effective from 1 July 2020

Sub and Non-Acute Item No. Code	Description	Max Fee Excl. GST
99801	Maintenance	\$1,601 per day
99802	Rehabilitation – Same Day	\$742 per day
99803	Rehabilitation - Overnight	\$1,676 per day
99804	Palliative	\$2,004 per day

Note: Charges for like services in non-X hospitals are the same.

9.1.2.2 Sub and non-acute care item numbers – Non-X Hospitals

The WorkCover item numbers for sub and non-acute care are based on two components:

- the Sub and Non-Acute Care Item No Code (listed in the table above); and
- the corresponding hospital code (Appendix A)

Sub and Non-Acute Item No. Code + WorkCover Hospital Code

For example:

- Rehabilitation-Same Day (Sub and Non-Acute Item No Code 99802) provided at the Princess Alexandra Hospital (Hospital code 011) would have an item number of **99802011**.
- Rehabilitation-Same Day provided at the Gold Coast University Hospital (Hospital code 936) would have an item number of **99802936**.
- Palliative care (Sub and Non-Acute Item No Code 99804) provided at the Gold Coast University Hospital would have an item number of **99804936**.

9.1.3 Acute care

9.1.3.1 Acute care fees - Non-X Hospitals

Patients receiving acute care in Non-X Hospitals have their fees calculated under a case-mix basis. This type of fee relates specifically to the condition for which the patient was treated and for how long they were treated. The case-mix fee for public hospitalisation will be determined by three key elements:

- Hospitalisation category – with its relevant base rate;
- Diagnosis category (DRG code) – the type of condition as described by the Diagnosis-Related Group with its applicable cost weighting; and
- Length of stay (LOS) – the worker's length of stay in hospital compared and adjusted to the average for that DRG via "trim points".

The average length of stay and "trim points" have been calculated for each diagnosis category (DRG code). The average length of stay and cost weighting may vary between hospital groups.

9.1.3.2 Base Rates

The base rate figure takes into account the variances in infrastructure between hospital groups.

Hospital Group	Base Rate
All hospitals excluding Group X	\$7,282

9.1.3.3 Long stay per day rates

The long stay per day rates take into account the variances in infrastructure between hospital groups.

Hospital Group	Type	Long Stay Per Day Rates
All hospitals excluding Group X	Medical	\$1,722
All hospitals excluding Group X	Intervention	\$2,264

9.1.3.4 Extra-long stay per day rates

The extra-long stay per day rates take into account the variances in infrastructure between hospital groups.

Hospital Group	Extra Long Stay Per Day Rates
All hospitals excluding Group X	\$799

9.1.3.5 Trim points

The trim points are calculated as follows:

- **Low trim point** – the point where it has been calculated ten percent of all stays fall below. For an individual DRG, at least ninety percent of the patients would have a length of stay greater than or equal to the low trim point.

Note: The distribution for most DRGs is so skewed that the low trim point is usually just one day. For these DRGs there will be no short stay outliers. There are 505 (of 665) DRGs where the low trim point is one day.

- **High trim point** – the point where it has been calculated ninety-five percent of all stays fall below. For an individual DRG, it means that ninety-five percent of the patients will have a length of stay less than or equal to the high trim point.
- **Extra high trim point** – the point where it has been calculated ninety-eight percent of all stays fall below. For an individual DRG, it means that ninety-eight percent of the patients will have a length of stay less than or equal to the extra high trim point.

9.1.3.6 Formulas

Depending on where the length of stay falls in relation to the trim points, there are four different formulas which may be used to calculate the case mix fee.

1. **Inlier** – length of stay falls between the low and high trim points (inclusive)

$$\text{Fee} = \text{DRG cost weight} \times \text{Base rate}$$

2. **Short stay outlier** – length of stay falls below the low trim point

$$\text{Fee} = \text{the lesser of:}$$

Inlier fee

OR

$$\text{(Actual length of stay) / 75\%} \times \text{Inlier Fee Low Trim Point}$$

3. **Long stay outlier** – length of stay is above the high trim point and less than or equal to the extra high trim point. A long stay per day rate is applied to each DRG type (medical or intervention in each hospital category Non-X or X).

$$\text{Fee} = \text{Inlier Fee} + \text{(Actual length of stay – High Trim Point)} \times \text{Long Stay Per Day Rate}$$

4. **Extra long stay outlier** – length of stay is anywhere above the extra high trim point

Fee = Inlier Fee

+ (Extra High Trim Point – High Trim Point) x Long Stay Per Day Rate

+ (Actual Length of Stay – Extra High Trim Point) x Extra Long Stay Per Day Rate

Fee Example:

1. Mary suffers severe burns at work and is admitted to the Royal Brisbane Women's Hospital. The diagnosis category is Y61Z, with a length of stay of 3 days. The insurer should receive an invoice from Hospital & Health Services which would show an item number of 99650201* with a fee of \$7,541.

The following is an extract from the Hospital & Health Service Public Hospital Cost Benchmarks for DRG code Y61Z.

Non-X Hospitals

AR-DRG	Description	Cost weight	Ave LOS	Low trim point	High trim point	Extra high trim point	Inlier Payment	Long stay per day public	Extra long stay per day
Y61Z	Severe Burns	1.07	4.3	1	13	19	\$7,791.74	\$1,722	\$699

Inlier formula: **Fee = DRG cost weight x Base rate**

$$= 1.07 \times \$7,282 \text{ (Non-X Hospital Base rate)}$$

$$= \$7,791.74$$

*For more information on how item numbers are established, see page 10.

2. If Mary had required 15 days hospitalisation, this would be classified as a "Long Stay Outlier". The fee for this stay is calculated by using the inlier cost benchmark to cover the stay until the "high trim point" and a "long stay" per day rate applies for the days between the "high" and "extra high" trim points- which in this example is one day at the long stay per day rate. Therefore the fee would be:

Fee = Inlier Fee + (Actual length of stay – High Trim Point) x Long Stay Per Day Rate

$$= \$7,791.74 \text{ (Inlier Fee)} + ((15-13) \times \$1,722)$$

$$= \$7,791.74 + \$3,444$$

$$= \$11,235.74$$

*The DRG code Y61Z has a type classification of "Medical" - refer to the WorkCover DRG Item Number Codes list on pages 17-22. Refer to the Long Stay Per Day Rates table on page 11 for the rate.

9.1.3.7 Acute care fee verification - Non – X Hospitals

The insurer may verify individual charges for acute care on the Hospital & Health Service invoice by using WorkCover's Queensland Health Public Patient Acute Inpatient Cost Check. Please note that the verification calculator will not verify sub and non-acute care charges as these are per day rates as per page 10.

Public health services table of costs Effective from 1 July 2020

9.1.3.8 Acute care item numbers - Non – X Hospitals

The WorkCover item number for acute care is based on two components:

- The Australian Refined-Diagnosis Related Group (DRG) classification code; and
- The corresponding hospital code (see Appendix A).

Each **DRG code** has been allocated a WorkCover DRG Item Number Code (See appendix B).

For example:

DRG code	WorkCover DRG Item Number Code
G10B	99736
I02B	99312

The WorkCover item number for acute fees combines these two components:

WorkCover DRG Item Number Code + WorkCover Hospital Code

For example:

- A hernia procedure, DRG classification G10B (WorkCover DRG Item Number Code 99736) carried out at Gold Coast University Hospital, (WorkCover Hospital Code 936) would have an item number **99736936**.
- The same procedure carried out at Innisfail Hospital, (WorkCover Hospital Code 222) would have an item number **99736222**.
- A skin graft, DRG classification of I02B (WorkCover DRG Item Number Code 99312) carried out at Innisfail Hospital would have an item number **99312222**.

9.2 Hospital in the Home (HITH)

Hospital in the Home (HITH) is the provision of acute care to patients in the comfort of the person's own home or other suitable environment. Patients are regarded as hospital inpatients, and remain under the care of their hospital doctor. Care may be provided by a nurse, doctor and/or allied health professional. Additional home supports can be arranged as required. HITH is an alternative to a hospital inpatient stay. Patients can be offered this option by treating staff if the care type can be delivered safely at home. Research findings demonstrate that patients have improved outcomes and recovery at home with fewer complications such as infection. Participation in HITH is voluntary - patients and insurers must agree and approval be given to have the care provided at home. This is charged at a per day rate.

WorkCover Item No	Description	Max Fee Excl. GST
99806	Hospital in the Home (HITH)	\$2,035.00

9.2.1 Hospital in the Home item numbers – All hospital groups

The WorkCover item numbers for Hospital in the Home care are based on two components:

- The Hospital in the Home Item No Code (listed in the table above); and
- The corresponding hospital code (see Appendix A)

Hospital in the Home Item No. Code + WorkCover Hospital Code

For example:

- Hospital in the Home (HITH Item No Code 99806) provided by the Princess Alexandra Hospital (Hospital code 011) would have an item number of **99806011**.

Public health services table of costs Effective from 1 July 2020

10. Interfacility transfer costs and escort fee item number

This item is for transfer to and from hospital and can include one or more of the following – escort, paramedic, and ambulance fees. This item does not cover transportation from the hospital to a patient's home.

WorkCover Item No	Description	Max Fee Excl. GST
99805	Queensland Health Inter-facility Transfer/Escort Cost	As charged

Note: The Workers' Compensation Regulator's QAS grant covers pre-hospital care but *does not* cover inter-facility transfers.

11. Outpatients

Providers in Hospital & Health Services' outpatient clinics are to utilise the WorkCover Tables of Costs for medical practitioners and allied health providers, relevant to the service provided:

- Medical items schedule of fees
- Supplementary services table of costs (General Practitioners)
- Supplementary services table of costs (treating Specialists, Physicians and Psychiatrists)
- Nursing services
- Dental services
- Occupational therapy services
- Physiotherapy services
- Podiatry services
- Psychology services
- Speech pathology services

Hospital & Health Services do not provide chiropractic, exercise physiology or osteopathy services. These tables of costs may be obtained from the website worksafe.qld.gov.au under Service providers > Medical or Allied Health Fees.

For any services not described under a table of costs, the provider should seek prior approval from the insurer.

For all presentations, a charge will be applied to each occasion of service. There may be occasions where multiple presentations will occur for one condition and on one day (e.g. a physiotherapy and psychology consultation on the same day). Each treatment will be charged individually.

Prior insurer approval may be required for more than one consultation with the same provider on the one day. Reference should be made to the relevant Table of Cost for further information.

12. Pharmaceuticals

Workers' compensation patients who require prescription medication must be issued with a prescription and directed to obtain the medication from a private pharmacy not the Public hospital pharmacy. Both the insurer and hospital should ensure workers are aware of this requirement. If the public hospital pharmacy inadvertently dispense medication and raises charges on the patient for outpatient medication, the patient can be reimbursed by the insurer.

Exemptions to the above – if a patient is prescribed a restricted medication only available through a hospital pharmacy (e.g. certain IV drugs or medications only available under a special access scheme) the hospital may claim these costs from the insurer.

13. Nursing services

Nurses who provide outpatient and emergency nurse services only should use items in the Nursing services table of costs.

14. Cast technicians/plaster orderlies

Cast technicians who provide outpatient services can charge for the consultation and resources required. Services that are provided in an emergency department or whilst the worker is an inpatient are not billable. Hospital & Health Services can only charge a cast technician fee if the treating technician holds a Certificate IV in Cast Technology - HLT41412.

WorkCover Item No	Description	Max Fee Excl. GST
99822	Cast technician consultation	\$92.00
99823	Cast technician incidentals	Short Arm – \$40.65
		Long Arm – \$83.45
		Short Leg – \$48.10
		Long Leg – \$144.40

15. Private Patient Admissions

The below item numbers and fees are billable by a Public Hospital should their facilities be used by a private specialist, for specialised treatment that cannot be obtained elsewhere i.e. Bone marrow transplant.

On such occasions, the public hospital will bill for “facility fees” such as the room, accommodation and materials, and a separate invoice will be raised from the private specialist for their services.

16. The Queensland Hospital & Health Services invoice

WorkCover Queensland will only accept invoice information transmitted electronically through a B2B/CSV file transfer or through "Create Invoice Online" from Hospital & Health Services. Self-insurers will accept paper invoices.

For insurer payment, invoices raised by Hospital & Health Services must include the following information:

For admitted patient fees:

- (i) Hospital
- (ii) Hospital category
- (iii) Worker's name
- (iv) Date of birth
- (v) Worker's address
- (vi) Patient UR number
- (vii) Claim number (if known)
- (viii) Date of injury
- (ix) Employer
- (x) Employer address
- (xi) Insurer
- (xii) Admitted patient stay
 - Date of admission
 - Date discharged
 - Length of stay
- (xiii) Description
 - Australian Refined-Diagnosis Related Group (AR-DRG) Code
 - ICD-10-AM Diagnosis Code Description
 - ICD-10-AM Procedure Code Description
- (xiv) WorkCover item number/s detailed in the fee schedule
- (xv) Cost of treatment

For non-admitted patient fees:

- (i) Hospital
- (ii) Hospital category
- (iii) Worker's name
- (iv) Date of birth
- (v) Worker's address
- (vi) Patient UR number
- (vii) Claim number (if known)
- (viii) Date of injury
- (ix) Employer
- (x) Employer address
- (xi) Insurer
- (xii) Description of Outpatient or Emergency department treatment
 - Date
 - Clinic type attended
 - Injury details
- (xiii) WorkCover item number/s detailed in the fee schedule
- (xiv) Cost of treatment

Note: Fees should be applied relating to when the service is performed not when the bill is generated e.g. a bill sent in August 2018 for treatment which occurred on 15 June 2016 should use the fees applicable as at 15 June 2016.

However, if the treatment carries over two different fee periods (e.g. if the fees increase during the period a worker is an inpatient) the invoice should be raised upon patient discharge. The fees should be calculated using the fees applicable as at the date of discharge.
