QUEENSLAND GOVERNMENT VACANCIES GAZETTE

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered deployees who apply for an advertised job will be considered before other applicants. The symbol (g) appears next to vacancies where an exemption from this requirement applies. Deployees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

CONTINUOUS APPLICANT POOLS

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

MULTI-AGENCY POOLS

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

HOW TO APPLY

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at www.jobs.qld.gov.au. The information kit will include:
 - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
 - a job information package, outlining the procedure for preparing and sending in your application, and
 - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
 - completed cover sheet (available on jobs online or in the kit mailed to you)
 - covering letter
 - resumé / curriculum vitae
 - names and contact details of (2) referees, and
 - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

- (b) Unless otherwise approved, the role evaluation methodology to be utilised is the Queensland Public Sector Job Evaluation Management System (JEMS).

7.2 *Role description*

- (a) A role description must provide applicants with sufficient information to inform them of the requirements of the role and the basis for assessment of merit.
- (b) Mandatory qualifications can be specified only when it is essential for the occupant of a role to hold such qualifications in order to comply with an industrial instrument or to satisfy legal, accreditation or registration requirements.
- (c) Applicants must be informed of mandatory qualifications, as well as any mandatory conditions and requirements, for employment in a role. Mandatory conditions and requirements can include, but are not limited to, mandatory attributes required for appointment to an identified position, certain classes of drivers' licence, statutory restrictions and the requirement for the appointee to undertake regular travel.

- (a) Subject to the provisions of section 7.4 vacancies for public service officer roles above entry level, including Senior Officer and SES roles, must be advertised on the Queensland Government *Smart jobs and careers* website for no less than two calendar weeks exclusive of public holidays and the Christmas-New Year closure period.
- (b) The vacancy advertisement under 7.3(a) is to include:

- (i) designated to be in a Ministerial office
- (ii) subject to an industrial determination by which the salary, duties and designation of the job are modified

- (iv) to be filled under a progression scheme or other scheme subject to an agreement between the relevant industrial organisation of employees and the chief executive and approved by the Commission Chief Executive
- (v) to be filled temporarily for a period not exceeding 12 months
- (vi) to be filled by transfer or secondment at or below level, including the application of priority placement provisions specified in a current directive

- (viii) to the office of a chief executive under Chapter 4 of the *Public Service Act 2008*
- (ix) a vacancy which has been previously advertised and an appointment made but has subsequently become vacant within a period of three months from the date of appointment
- (x) to be filled in accordance with sections 7.12 to 7.14 of this directive.

7.5 *Recurring vacancies*

- (a) Applications for roles below senior officer level may be used to appoint an employee to subsequent vacancies within the agency, provided that the subsequent vacancies share the same title, remuneration, classification level and role description as the original vacancy. The job advertisement must include a note that applications may remain current for a specified period up to 12 months after the closing date for receipt of applications for the original vacancy.
- (b) Where a subsequent vacancy could vary from the advertised role in terms of centre/location or employment basis (full time or part time) the advertised role description must include a note to this effect.
- (c) A permanent role may not be filled from a vacancy which is advertised as temporary.
- (d) Applications received during the period specified in section 7.5(a), but after the initial closing date, may be considered.

7.6 *Continuous applicant pools*

- (a) A continuous applicant pool must provide an opportunity for new or updated applications to be submitted on an ongoing basis. An agency or agencies filling a vacancy through a continuous applicant pool must ensure that, where relevant, advertising requirements under section 7.3 of this directive are met each week the pool remains open.
- (b) Where a continuous applicant pool is shared by more than one employing agency, applicants must be able to specify for which agency or agencies they wish to be considered.
- (c) Applicants must be informed of how appointment will be notified and whether they can expect individual notification that they have been unsuccessful in obtaining a given role.

- (d) Applicants who are considered unsuitable because they do not meet mandatory qualifications or requirements are to be notified of the reason that their applications will not be further considered.
- (e) Each selection for an appealable position must document the date on which applications were distributed to the panel following approval being given to fill a vacancy. Applicants who are otherwise eligible to appeal may do so if their application is received prior to the date of distribution of applications to the panel.
- (f) The way that selection is conducted beyond initial application may vary from vacancy to vacancy.
- (g) Agencies must inform applicants of the time for which their applications will remain current.
- (h) Agencies must provide applicants with two weeks notice of the end of a continuous applicant pool and provide information of any alternative application arrangements.
- (i) Vacancies can continue to be filled from a continuous applicant pool for up to six months after notification that the pool will be discontinued.
- (j) A standing offer arrangement is not a continuous applicant pool.

7.7 *Assessment of applicants*

- (a) Assessment processes must be:
 - (i) appropriate to the basis for assessment set out in the role description
 - (ii) sufficient to assess the merits of applicants
 - (iii) fair and free from bias
 - (iv) consistent with the principles of employment equity and anti-discrimination, and
 - (v) able to be reviewed. At minimum, there must be a comparative statement which is sufficient to enable a reviewer to understand the rationale for the order of merit of shortlisted applicants against the basis for assessment of merit. It is not sufficient for the comparative statement to consist of scores alone.
- (b) Where the applicant is a deployee the suitability assessment provisions specified in a current directive relating to deployment apply.
- (c) Applications received after the closing date of the vacancy may be considered.

7.8 *Referee checking*

- (a) Referee checking relating to an applicant's work behaviour and performance may be undertaken at the discretion of the panel and at any time in the assessment process.
- (b) Where referee checking is undertaken, at least one referee must, unless there are extenuating circumstances, have a thorough knowledge of the applicant's conduct and performance within the previous two years.
- (c) A referee who is a Queensland Public Service employee or an employee in an agency covered by this directive must disclose all information known to them that is relevant to the applicant's ability to undertake the responsibilities and duties of the advertised vacancy and to the work behaviour of the applicant. Information which is relevant to the basis for assessment or potentially indicative of the applicant's future performance or work behaviour must be provided even if not directly requested by the panel.

- (d) Where adverse comments made by a referee have the potential to affect the selection outcome, the applicant must be given an opportunity to respond. Any such response must be documented and taken into consideration by the panel when evaluating the relative merits of the applicant.
- (e) A referee must be advised of the panel's duty to disclose adverse comments to applicants in the circumstances outlined in 7.8(c).
- (f) A panel may, with the agreement of an applicant, access additional referees to those originally nominated.

7.9 *Pre-employment checks*

- (a) Pre-employment checks of preferred applicants may include checking of criminal history, identity or previous discipline history.
- (b) Criminal history checking must be undertaken only in accordance with legislation applying to the employees of an agency and, where relevant, directives issued by the Commission Chief Executive.

7.10 *Post selection feedback*

- (a) All applicants are to be advised that they may request feedback.
- (b) Feedback is to be provided to any applicant who seeks it.
- (c) Applicants who request feedback should receive timely, factual and constructive feedback sufficient to explain why they were not successful.
- (d) Shortlisted applicants who request feedback must receive feedback from a member of the panel.

7.11 *Documentation and confidentiality*

- (a) Documentation of a selection decision must clearly explain the decision-making process with reference to the basis for assessment contained in the role description.
- (b) Selection documents must be maintained in strict confidence and security for the periods specified under the Queensland State Archives *General Retention and Disposal Schedule for Administrative Records* in the case of roles at senior officer level and below or indefinitely in the case of senior executive officers.

7.12 *Direct appointment to roles at a higher level*

- (a) This section does not apply to senior officer or senior executive roles.
- (b) Subject to the provisions of this section a chief executive may, without advertising, appoint an employee to a role at a higher classification level where:
 - (i) the occupant has been seconded to, or temporarily employed in, the role, or
 - (ii) the role has been reclassified.
- (c) The employee:
 - (i) must have undertaken the role in question for a total of not less than two of the preceding three years, and
 - (ii) must be assessed as meeting the agreed performance objectives of the role.

- (d) In relation to direct appointment following secondment to, or temporary employment in, a role at a higher classification level, the temporary role must have been advertised and the employee appointed on merit.
- (e) In relation to direct appointment to roles which have been reclassified:
 - (i) the employee must be the substantive occupant, and
 - (ii) reclassification must not be higher than one classification level above the employee's substantive classification level, and
 - (iii) an employee who has been appointed to a higher classification level in accordance with section 7.12(b) (ii), or a similar provision in an earlier directive relating to recruitment and selection, is not eligible for further appointment under the provisions of that section in the event that the role in question is again evaluated at a higher classification level.

7.13 *Appointment of a temporary employee to tenured status at level*

- (a) A chief executive may convert a temporary employee or temporary general employee to tenured status at level in the following circumstances:
 - (i) the temporary employee or temporary general employee was selected for the role in accordance with the provisions of this directive or any directive that applied at the time the appointment was made, and
 - (ii) engagement in the role has been for a continuous period of two years service, and
 - (iii) the temporary employee or temporary general employee has been assessed as satisfactorily meeting the agreed performance objectives of the role, and
 - (iv) the suitability of surplus employees, employees seeking alternative placement due to medical reasons and registered deployees has been considered in accordance with provisions contained in directives relating to priority placement.
- (b) Chief executives are to keep a record of the number, type and classification level of appointments that are made in accordance with this section each financial year. For audit and reporting purposes, these records are to be retained for at least twelve months from the date of approval.

7.14 *Limited applicant pools*

- (a) Where there is written agreement between an agency chief executive and the relevant industrial organisation of employees, the pool of eligible applicants for vacancies arising from organisational change may be limited in order to minimise the potential displacement of existing tenured public service employees or disruption to the provision of the agency's services.
- (b) Promotions made under a limited applicant pool which does not have the written agreement of the relevant industrial organisation of employees are invalid under this directive.
- (c) The written agreement of the relevant industrial organisation of employees for the use of the limited applicant pool must be included in applicant information packages.

7.15 *Gazette notification*

- (a) Where appointment to a tenured public service officer role constitutes a promotion, the appointment must be published in the *Gazette*.

- (b) All Senior Officer and SES appointments arising from an advertised vacancy must be published in the Gazette.
- (c) Notification under (a) and (b) above must occur within one month of the approval date of appointment.

7.16 *Additional requirements for SES and Senior Officers*

- (a) A selection committee is to be established for all SES and Senior Officer vacancies.
- (b) Selection committees for SES vacancies are to include at least one member who has been nominated by, and who will act as the representative of the Commission Chief Executive.
- (c) Selection committees for Senior Officer and equivalent tenured vacancies must include one member from outside the Ministerial portfolio.

7.17 *Exemption*

The Commission Chief Executive may exempt specific jobs or categories of jobs or agencies from specific parts of this directive.

7.18 *Transition*

Selection and appointment processes for positions advertised according to directive 04/06 are to be finalised in accordance with the provisions of that directive.

4.5 Further assurances

The Landowner will execute every deed, instrument, assurance or other document and do all such things as may be necessary to secure the rights of the Coordinator-General conferred by the Easement as the Coordinator-General may reasonably require, including (without limitation) obtaining the consent of any person necessary and producing the title document for the Easement Area and executing all documents necessary to give effect to any proposed assignment, transfer, encumbrance or other dealing by the Coordinator-General in respect of the Easement Area.

2 RIGHTS AND OBLIGATIONS OF COORDINATOR-GENERAL

2.1 Subject to clauses 2.4, 2.5 and 2.6, the Coordinator-General may:

- (j) install, repair, maintain, remove, replace, clean, clear, and alter the Infrastructure on, in or through the Easement Area from time to time, provided any replacement or alteration does not materially increase the impact of the Infrastructure on the Burdened Land;
- (k) inspect or survey the Easement Area, or any Infrastructure on it, from time to time;
- (l) undertake mowing, slashing and vegetation (including without limitation timber, trees and crops) control or removal in relation to the Easement Area from time to time;
- (m) break open the soil of the Easement Area (both on the surface and subsurface) for the purpose of doing or getting ready to do any of the other things that the Coordinator-General can do under paragraph (a);
- (n) enter, exit and traverse by whatever means, and remain on (for so long as is necessary) the Easement Area for the purpose of doing or getting ready to do any of the things the Coordinator-General can do under the Easement;
- (o) in the case of an emergency, or where it is otherwise unavoidable, pull down or break open any fencing on the Easement Area in order to enter or exit it; and
- (p) do on the Easement Area anything which is necessary to exercise the Coordinator-General's rights under the Easement.

2.2 The Coordinator-General shall have the right to authorise, permit or license other parties

to use the Easement Area for all or any of the purposes as the Coordinator-General may do so under the Easement, and otherwise to exercise the same rights and powers as the Coordinator-General under the Easement subject to all the conditions and restrictions upon such rights as are set out in the Easement.

2.3 In exercising rights and powers under the Easement, the Coordinator-General and/or persons authorised, permitted or licensed from time to time by the Coordinator-General to use the Easement Area for the purposes of the Easement must:

- (a) ensure that any work done on the Easement Area is done properly;
- (b) cause as little inconvenience as is reasonably practicable to the Landowner;
- (c) restore the Easement Area as nearly as is reasonably practicable to its former condition if the Easement Area is damaged or changed by the work done on the Easement Area;
- (d) comply with all applicable laws regarding occupational, health and safety in the undertaking of any work done on the Easement Area; and
- (e) not interfere with, damage or intentionally and materially place at risk the Electricity Works or plant, equipment, tools or material of the Landowner on or near the Easement Area.

2.4 Without limiting clause 2.3, the Coordinator-General must not exercise its rights under clause 2.1 without giving the Landowner not less than 48 hours prior notice, except in the case of emergency, in which case the Coordinator-General must provide notice as soon as is practicable having regard to the nature of the emergency;

2.5 Without limiting clauses 2.3 or 2.4, the Coordinator-General must not exercise its rights under:

- (a) clause 2.1(a) insofar as it relates to installing, replacing, or altering any Infrastructure on, in or through the Easement Area;
- (b) clause 2.1(c);

(c) clause 2.1(d) if breaking open the soil of the Easement Area would in any way reduce the clearance from ground level of the conductors or transmission lines below the minimum statutory clearance required from time to time for the Electricity Works; and

(d) clause 2.1(g) to the extent that those activities relate to the right referred to in paragraphs (a), (b) and (c) above,

until the Coordinator-General receives a notice from the Landowner in accordance with clause 2.6(c)(1) or clause 2.6(c)(2).

2.6 Prior to the Coordinator-General exercising its rights referred to in clause 2.5:

- (a) the Coordinator-General must submit to the Landowner full plans of the proposed works, including plans showing the proximity of the Infrastructure or any work to be undertaken to any Electricity Works ("Work Plans");
- (b) as soon as reasonably practicable, but in any event within ten (10) Business Days of receipt of the submission of the Work Plans, the Landowner must acknowledge receipt of the submission and indicate whether any further information is required to consider the Work Plans in accordance with paragraph (a); and
- (c) as soon as reasonably practicable after receipt of a submission under paragraph (a) (or if a request for additional information is made under paragraph (b), after receipt of additional information under paragraph (b)), the Landowner must assess, acting reasonably, the Work Plans and advise the Coordinator-General in writing whether:

- (1) it approves the works in accordance with the Work Plans;
- (2) it does not object to the works in accordance with the Work Plans, including providing details of any

- departures of the Work Plans from the Landowner's requirements; or
- (3) the Work Plans do not comply with the Landowner's requirements, including providing full details of any departures or inconsistencies of the Work Plans from the Landowner's requirements.
- 2.7 If the Landowner advises the Coordinator-General that it does not object in accordance with clause 2.6(c)(2), the Coordinator-General will:
- (a) to the extent that it would otherwise be in breach of an obligation under this Easement as a result of undertaking the works in accordance with the Work Plan, not be in breach of that obligation;
- (b) undertake the work in accordance with the relevant Work Plan at its own risk; and
- (c) indemnify the Landowner from and against any actions, demands, losses, injuries, suits, judgements, injunctions, orders, decrees, costs and expenses, excluding any indirect or consequential loss, arising as a result of the work in accordance with the relevant Work Plan ("Claim"), but only to the extent that the Claim:
- (1) arises as a result of a departure of the relevant Work Plan from the Landowner's notified requirements; and
- (2) is not otherwise caused or contributed to by the acts or omissions of the Landowner, its agents or contractors.
- (d) To avoid any doubt, the indemnity set out in clause 2.7(c) is in addition to the Landholder's other rights at law and under statute. The indemnity does not operate to exclude any liability the Coordinator-General may otherwise have at law or under statute.

- 2.8 If the Landowner advises the Coordinator-General that the Work Plans do not comply with its requirements under clause 2.6(c)(2) or clause 2.6(c)(3), the Coordinator-General may re-submit amended Plans for further consideration by the Landowner and the provisions of clause 2.6 will apply to those amended Work Plans.
- 2.9 If the Landowner breaches the Easement, the Coordinator-General may do anything that is reasonably necessary to correct the breach (such as removing a structure erected on the Easement Area in breach of the Easement). Any action in rectifying such breach shall be taken without the Coordinator-General incurring any liability to the Landowner.

3 RIGHTS AND OBLIGATIONS OF LANDOWNER

- 3.1 The Landowner must:
- (l) exercise reasonable care to ensure that any Infrastructure on the Easement Area is not damaged;
- (m) not interfere with, damage or place at risk any Infrastructure on the Easement Area from time to time without the prior written consent of the Coordinator-General;
- (n) not interfere with or obstruct the Coordinator-General in the exercise or enjoyment of its rights and powers under the Easement; and
- (o) not grant any rights to any person in relation to the Easement Area to the extent the granting of those other rights could or will conflict or interfere with the Infrastructure or the exercise of any of the Coordinator-General's rights and powers under the Easement.
- 3.2 Prior to the Landowner undertaking any Development Works, the Landowner must:
- (a) give the Coordinator-General reasonable prior written notice of the Development Works;
- (b) comply with any reasonable requests of the Coordinator-General in relation to the conduct of any Development Works; and
- (c) ensure that the Development Works do not damage or materially impact the Infrastructure, its operation or

the Coordinator General's ability to exercise its rights under this Easement.

- 3.3 Without limiting clause 3.2, the Landowner may request the Coordinator-General to relocate the Infrastructure in order to accommodate the Landowner's proposed Development Works, at the Landowner's cost.
- 3.4 The Coordinator-General must consider any request received from the Landowner under clause 3.3 in good faith, having regard to the public interest.

4 OTHER MATTERS

4.1 Ownership of Infrastructure

4.5 Further assurances

The Landowner will execute every deed, instrument, assurance or other document and do all such things as may be necessary to secure the rights of the Coordinator-General conferred by the Easement as the Coordinator-General may reasonably require, including (without limitation) obtaining the consent of any person necessary and producing the title document for the Easement Area and executing all documents necessary to give effect to any proposed assignment, transfer, encumbrance or other dealing by the Coordinator-General in respect of the Easement Area.
