QUEENSLAND GOVERNMENT VACANCIES GAZETTE

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered deployees who apply for an advertised job will be considered before other applicants. The symbol (g) appears next to vacancies where an exemption from this requirement applies. Deployees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

CONTINUOUS APPLICANT POOLS

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

MULTI-AGENCY POOLS

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

HOW TO APPLY

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at www.jobs.qld.gov.au. The information kit will include:
 - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
 - a job information package, outlining the procedure for preparing and sending in your application, and
 - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
 - completed cover sheet (available on jobs online or in the kit mailed to you)
 - covering letter
 - resumé / curriculum vitae
 - names and contact details of (2) referees, and
 - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

MEDIUM LEVEL WATER RESTRICTION

RESIDENTIAL AND NON-RESIDENTIAL

QUEENSLAND WATER COMMISSION**MEDIUM LEVEL WATER RESTRICTION - RESIDENTIAL AND
NON-RESIDENTIAL**

Medium Level Water Restriction – Residential and Non-Residential commences on the date notified by Queensland Water Commission.

For information on the Commission Water Restriction currently in effect please:

- go to www.qwc.qld.gov.au ;or
- telephone the Commission on 1300 789 906; or
- email to qwcenquiries@qld.gov.au or
- contact your local Council.

Medium Level Water Restriction – Residential and Non-Residential should be read in conjunction with the guidelines that are published by the Commission from time to time. Relevant guidelines are referred to throughout this Commission Water Restriction Notice.

Schedule 1 defines particular words that are used in Medium Level Water Restriction – Residential and Non-Residential.

Medium Level Water Restriction – Residential and Non-Residential applies to the Council area of each of the Initial Councils.

For these Council areas, while Medium Level Water Restriction – Residential and Non-Residential is in force, it is to be the only Restriction in force.

The Commission will notify residential and non-residential customers of the Compliance Date by which they must comply with particular requirements under Medium Level Water Restriction – Residential and Non-Residential by publishing a notice in a newspaper circulating generally in the relevant Council area and on the Commission's website www.qwc.qld.gov.au.

Medium Level Water Restriction – Residential and Non-Residential does not apply to reasonable actions taken to prevent material risks associated with an accident, fire or hazard to health, safety or the environment.

1. High Volume Water Users

Restrictions on Residential Excessive Water Use

Category of Water Use	Water Restriction
1.1 Residential Premises - Domestic consumption.	<p>For such premises where:</p> <ol style="list-style-type: none"> a. the volume of water that is taken from the reticulated (town) supply system for use on the premises, when averaged over either the service provider's usual meter reading cycle, or a specific meter reading cycle exceeds 1,000 litres per day; and b. the customer and/or occupier of the premises has been notified by the service provider that the premises is using more than 1,000 litres per day ("excessive water use notice"); <p>the service provider must;</p> <ol style="list-style-type: none"> c. determine the volume of water that may be taken for the notified premises on the basis that the average consumption should not exceed the greater of 1,000 litres per day or in the case of five or more residents, 250 litres per resident per day ("the allowable limit") unless exemption criteria specified in the Residential Excessive Water Users Compliance Program – Notice of Procedures are satisfied; d. for each meter reading cycle where the allowable limit is exceeded at the premises, issue an excessive water use notice to the customer and to the occupier of the premises notifying the allowable limit for the premises and that the allowable limit has been exceeded. <p>When two consecutive excessive water use notices have been issued by the service provider in relation to premises for exceeding the allowable limit for those premises, then:</p> <ol style="list-style-type: none"> A. an Outdoor Water Ban applies to the premises with the effect that water from the reticulated (town) supply system is not permitted to be used in any outdoor area of the premises except for: the topping up of existing swimming pools and spas as provided for in Restriction 3.2; and B. where such an Outdoor Water Ban has been imposed under this restriction, the service provider must notify the customer and the occupier of the premises; <ol style="list-style-type: none"> i. that an Outdoor Water Ban under this Restriction has been imposed upon the use of water at the premises; ii. the commencement date of the Outdoor Water Ban upon the use of water at the premises; iii. that the Outdoor Water Ban upon the use of water at the premises will remain in place until the service provider is satisfied that for the full period of the usual meter reading cycle for the premises, water consumption at the premises is at, or below, the allowable limit; and iv. that any infringement of the Outdoor Water Ban upon the use of water at the premises is an infringement of a Commission Water Restriction and that penalties will apply to such an infringement. <p>If premises are notified under this Restriction the Residential Excessive Water Users Compliance Program will apply. That Program directs water service providers in relation to the Program's implementation and also establishes a mechanism for customers and/or occupiers of premises to make submissions to the water service provider as to why the premises should be outside the operation of this Restriction.</p>

Restrictions on Non-Residential Water Use

Category of Water Use	Water Restriction
<p>1.2 Non-Residential Premises – Where consumption is 10 ML/year or greater.</p>	<p>On such premises with:</p> <ul style="list-style-type: none"> a. an actual annual metered water consumption of 10 ML or greater based on the most recent four quarterly rating periods or, the last 12 month rating period (as applicable); or b. an estimated annual consumption for the premises based on an extrapolation of the water consumption as set out in the available quarterly rating periods that is 10 ML or greater; <p>the water from the reticulated (town) supply system is not permitted to be used except where:</p> <ul style="list-style-type: none"> i. the water is used on the premises in accordance with a water efficiency management plan that has been submitted to the service provider responsible for the relevant local government area for approval but has not yet been approved; or ii. the service provider has, after considering the Evaluation Criteria, granted written approval to the entity operating the premises to submit a water efficiency management plan by a particular date; or iii. the water is used on the premises in accordance with an approved water efficiency management plan; <p>AND</p> <ul style="list-style-type: none"> i. for premises where a water efficiency management plan has been submitted or an approved water efficiency management plan applies, the customer provides a written report to the service provider within 5 business days of the end of each March, June, September and December. The report is to be provided in the form and containing the information that is provided for in the WEMP Guidelines; and ii. in every case, where an individual item of equipment, process or facility consumes a significant proportion* of the total volume of water used on the premises: <ul style="list-style-type: none"> A. a sub-meter is to be installed by a licensed plumber on the supply line for that operational process, facility or item of equipment; and B. for each sub-meter, a written record is to be kept in accordance with the requirements of the WEMP Guidelines. <p>* Note: The volume of water that constitutes a "significant proportion of the total volume of water used on the premises" is as specified in the WEMP Guidelines.</p> <p>This Restriction does not operate to require the re- submission of a water efficiency management plan that was submitted for approval under earlier Commission or service provider water restrictions.</p>

2. Gardens and Lawns

Restrictions on Residential and Non-Residential Water Use

Category of Water Use	Water Restriction

3. Pools and Water Play

Restrictions on Residential and Non-Residential Water Use

Category of Water Use	Water Restriction
3.1 Residential and Non-Residential Premises - New swimming pools and spas and renovated swimming pools or spas.	No restriction applies to the filling of new swimming pools and spas and renovated swimming pools and spas under Medium Level Restriction – Residential and Non-Residential. <i>Once a new swimming pool or spa is filled, it becomes an 'existing swimming pool or spa' and efficiency measures do apply to the topping up of swimming pools and spas – refer to Restriction 3.2.</i>

Restrictions on Residential Water Use

Category of Water Use	Water Restriction
3.2 Residential Premises – Existing swimming pools and spas.	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for the topping up of swimming pools and spas except where the topping up occurs within the following times:</p> <p style="padding-left: 40px;">For ODD numbered premises: Tuesday, Thursday and Saturday between 4:00 pm and 7:00 pm.</p> <p style="padding-left: 40px;">For EVEN numbered and unnumbered premises: Wednesday, Friday and Sunday between 4:00 pm and 7:00 pm.</p> <p>AND only if in relation to the premises on which the swimming pool or spa is located, it can be demonstrated that:</p> <ol style="list-style-type: none"> a. the premises has a rainwater tank installed or a downpipe rainwater diverter installed and connected to the relevant swimming pool or spa; and b. all available water is used from the rainwater tank or downpipe rainwater diverter for topping up the swimming pool or spa before any water from the reticulated (town) water supply system is used for that purpose; and c. the premises also complies with three of the following four measures being: <ol style="list-style-type: none"> i. a swimming pool or spa cover is used to cover the swimming pool or spa when the swimming pool or spa is not in use; or ii. all showerheads on the premises are water efficient showerheads and all kitchen basin taps and bathroom basin taps on the premises are water efficient taps; or iii. all toilets on the premises are water efficient toilets; or iv. only water efficient washing machines are used on the premises; or d. the pool is accredited as a SPASA EcoPool. <p>When topping up a swimming pool or spa in accordance with this Restriction it is not required that the hose be held by hand.</p> <p>Compliance with this Restriction may be demonstrated by:</p> <ol style="list-style-type: none"> i. producing a certificate from a licensed plumber certifying that the premises is fitted with the required number of water efficiency measures; or ii. producing a statutory declaration which declares that the premises is fully compliant with all the terms of this Restriction; or iii. where the pool or spa is accredited as a SPASA EcoPool producing a certificate from SPASA certifying the pool is an accredited EcoPool. <p>Notwithstanding the above there is nothing in this restriction that affects the right of the resident to provide to an authorised person of a service provider access to inspect the premises to ensure that they are compliant with all the terms of this Restriction.</p>

3.3 Residential Premises - Water play pools and water toys.	For such premises, water from the reticulated (town) supply system is not permitted to be used for water play pools and water toys.
3.4 Residential Premises - Outdoor showers.	No restriction applies at Medium Level Restriction - Residential and Non-Residential.
3.5 Non-Residential Premises – Public water play facilities.	For such premises, water from the reticulated (town) supply system is not permitted to be used to operate or top up a public water play facility that does not recirculate water. Water from the reticulated (town) supply system is not permitted to be used to top up or fill a public water play facility that recirculates water except where the written approval of the service provider for the relevant local government area has been obtained.

3.6 Non-Residential Premises - Public swimming pools.	For such premises, water from the reticulated (town) supply system is not permitted to be used for the operation or topping up of a public swimming pool that does not recirculate water. For such premises, water from the reticulated (town) supply system is not permitted to be used to top up or fill a public swimming pool that recirculates water except where the water is used on the premises in accordance with an approved water efficiency management plan. The requirements of this Restriction apply to premises that are within Restriction 1.2. Compliance with Restriction 1. 2 does not in any way reduce the obligation to fully comply with the requirements of this Restriction.
3.7 Non-Residential Premises – Outdoor showers.	No restriction applies at Medium Level Restriction - Residential and Non-Residential
3.8 Non-Residential Premises - Existing swimming pools and spas.	For such premises, water from the reticulated (town) supply system is not permitted to be used for the topping up of swimming pools and spas located on the premises except where it can be demonstrated that: <ul style="list-style-type: none"> a. a written log in a form published by the Commission is kept to track water use on a weekly basis to detect leaks and identify abnormal water use; and b. if a leak is detected, action is taken forthwith to remedy the leak; and c. the premises has a rainwater tank installed or a downpipe rainwater diverter installed and connected to the relevant swimming pool or spa; and d. all available water is used from the rainwater tank or downpipe rainwater diverter for topping up the swimming pool or spa before any water from the reticulated (town) water supply system is used for that purpose; and e. the premises also complies with the following measures being: <ul style="list-style-type: none"> i. all showerheads and taps in the common areas and public amenities areas on the premises are water efficient showerheads and water efficient taps; and ii. a 'clear view screen' is installed on the backwash outlet line of the swimming pool or spa; and iii. a sub-meter is installed by a licensed plumber on the pool or spa make-up supply line. <p>Any measure required under paragraphs (c) and (d) or sub-paragraphs ii. or iii. of paragraph (e) will not apply where the written approval of the service provider responsible for the relevant local government area has been obtained on the basis that the water service provider is satisfied that the physical characteristics of the premises prevent compliance with the relevant measure.</p> <p>Compliance with this Restriction may be demonstrated by:</p> <p>I. producing a certificate from a licensed plumber certifying that the premises has the</p>

	<p>measures required under items i., ii. and iii. of paragraph (e) above; or</p> <p>II. producing a statutory declaration which declares that the premises is fully compliant with all the terms of this Restriction.</p> <p>The requirements of this Restriction apply to premises that are within Restriction 1.2. Compliance with Restriction 1. 2 does not in any way reduce the obligation to fully comply with the requirements of this Restriction.</p>

Category of Water Use	Water Restriction
4.1 Residential and Non-Residential Premises - Washing of vehicles by a person other than a Mobile Commercial Operator.	For such premises, water from the reticulated (town) supply system is not permitted to be used to wash a vehicle (including a boat or a caravan) by a person other than a Mobile Commercial Operator except: <ul style="list-style-type: none"> a. where water is used through a hand held hose or a high pressure water cleaning unit AND only one hose or a high pressure water cleaning unit using town water is in operation at the premises for any purpose at any one time: <ul style="list-style-type: none"> i. for ODD numbered premises, during the half hour between 4:00 pm and 4:30 pm on each Saturday and each Tuesday, and ii. for EVEN or un-numbered premises, during the half hour between 4:00 pm and 4:30 pm on each Sunday and each Wednesday. b. where the water is used from a bucket filled directly from a tap at any time.
4.2 Residential and Non-Residential Premises - Washing of vehicles (other than in a fixed permanent commercial location) by a Mobile Commercial Operator.	For such premises, other than premises to which Restriction 4.5 applies, water from the reticulated (town) supply system is not permitted to be used to wash a vehicle (including a boat or a caravan) except where the washing is undertaken by a Mobile Commercial Operator in accordance with the Vehicle Washing Water Efficiency Guidelines.
4.3 Residential and Non-Residential Premises - Washing of rental and chauffeured vehicles	For such premises, water from the reticulated (town) supply system is not permitted to be used for washing vehicles (including boats and caravans) except: <ul style="list-style-type: none"> a. where water is used through a hand held hose or a high pressure water cleaning unit AND only one hose or a high pressure water cleaning unit using town water is in operation at the premises for any purpose at any one time and in accordance with the Vehicle Washing Water Efficiency Guidelines: <ul style="list-style-type: none"> i. for ODD numbered premises, during the half hour between 4:00 pm and 4:30 pm on each Saturday and each Tuesday, and ii. for EVEN or un-numbered premises, during the half hour between 4:00 pm and 4:30 pm on each Sunday and each Wednesday; or b. where the water is used from a bucket filled directly from a tap at any time.

<p>4.4 Non-Residential Premises - Vehicle washing in a fixed permanent commercial location (including vehicle service centres, permanent bay car wash/self serve car wash and automatic car washing machines).</p>	<p>On such premises water from the reticulated (town) supply system is not permitted to be used for the washing of vehicles in fixed permanent commercial locations except where:</p> <ul style="list-style-type: none"> a. the vehicle washing is conducted in accordance with the Vehicle Washing Water Efficiency Guidelines; and b. a service provider approved sign is displayed on the premises; and c. a sub-meter is installed by a licensed plumber on the make-up supply line to a washing facility that consumes a significant proportion* of the total volume of water used on the premises; and d. meter readings are taken at least weekly and written records are kept of those meter readings, the number of cars washed and the amount of water used on the premises. The written records are to be in a form published by the Commission or approved for use by the service provider responsible for the relevant local government area. <p>Paragraph (c) will not apply where:</p> <ul style="list-style-type: none"> i. the written approval of the service provider responsible for the relevant local government area has been obtained on the basis that the water service provider is satisfied that the physical characteristics of the premises prevent the installation of a sub meter; or ii. the vehicle washing takes place at a fixed permanent commercial location that is a car wash used solely for washing vehicles. <p><i>* Note: the volume of water that constitutes a 'significant proportion of the total volume of water used on the premises' is as specified in the WEMP Guidelines.</i></p> <p>The requirements in this Restriction apply to premises that are within Restriction 1.2. Compliance with Restriction 1.2 does not in any way reduce the obligation to fully comply with the requirements of this Restriction.</p>
<p>4.5 Non-Residential Premises – Motor vehicle dealerships.</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for washing vehicles (including boats and caravans) except:</p> <ul style="list-style-type: none"> a. where water is used through a hand held hose or a high pressure water cleaning unit AND only one hose or a high pressure water cleaning unit using town water is in operation at the premises for any purpose at any one time and in accordance with the Vehicle Washing Water Efficiency Guidelines : <ul style="list-style-type: none"> i. for ODD numbered premises, during the half hour between 4:00 pm and 4:30 pm on each Saturday and each Tuesday, and ii. for EVEN or un-numbered premises, during the half hour between 4:00 pm and 4:30 pm on each Sunday and each Wednesday; or b. where the vehicle is washed using water from a bucket filled directly from a tap at any time.

5. General Cleaning

Restrictions on Residential and Non-Residential water use

Category of Water Use	Water Restriction
5.1 Residential and Non-Residential Premises - General outdoor cleaning of materials and equipment.	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for general outdoor cleaning except:</p> <ul style="list-style-type: none"> a. where water is used through a hand held hose or a high pressure water cleaning unit AND only one hose or a high pressure water cleaning unit using town water is in operation at the premises for any purpose at any one time: <ul style="list-style-type: none"> i. for ODD numbered premises, during the half hour between 4:00 pm and 4:30 pm on each Saturday and each Tuesday, and ii. for EVEN or un-numbered premises, during the half hour between the hours of 4:00 pm and 4:30 pm on each Sunday and each Wednesday; or. b. where water is used from a bucket filled directly from a tap at any time.

6. Building Washing

Restrictions on Residential and Non-Residential water use

Category of Water Use	Water Restriction
6.1 Residential and Non-Residential Premises - Washing or other application of water to the external surfaces of a building or paved surfaces.	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used to wash or otherwise apply water to external surfaces of a building or to paved surfaces except for the purposes of:</p> <ul style="list-style-type: none"> a. pre-painting preparation activities; or b. pre-sale preparation activities on one occasion in a twelve month period; or c. complying with the provisions of a tenancy agreement or lease which require the external surface of a building to be cleaned at the expiry or termination of the tenancy or lease; or d. cleaning the external windows and glass areas of a building; or e. maintaining, on one occasion in a twelve month period, the external surfaces of a building (other than a roof area); or f. maintaining, on one occasion in a thirty-six month period, the external roof area of a building; or g. washing part of the external roof area of a building as part of the process of repainting or repairing the roof of the building; <p>at any time using a bucket filled directly from a tap and, for external surfaces only, where water is used through a hand held hose or a high pressure water cleaning unit AND only one hose or a high pressure water cleaning unit using town water is in operation at the premises for any purpose at any one time :</p> <ul style="list-style-type: none"> i. for ODD numbered premises, during the half hour between 4:00 pm and 4:30 pm on each Saturday and each Tuesday, and ii. for EVEN or un-numbered premises, during the half hour between the hours of 4:00 pm and 4:30 pm on each Sunday and each Wednesday. <p>A Mobile Commercial Operator is not to wash or otherwise apply water from the reticulated (town) supply system to the external surfaces of a building or paved surfaces except:</p> <ul style="list-style-type: none"> i. to the extent allowed and for the purposes and on the occasions set out in paragraphs (a) – (g) of this Restriction; and

7. Animal and Pet Care

Restrictions on Residential and Non-Residential water use

Category of Water Use	Water Restriction
7.1 Residential and Non-Residential Premises - Animal husbandry.	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for animal husbandry purposes except where it can be demonstrated:</p> <p>a. that:</p> <ul style="list-style-type: none"> i. a rainwater storage facility is installed on the premises ; and ii. all available water from a rainwater storage facility installed on the premises will be used for animal husbandry purposes before any water from the reticulated (town) water supply system is used for those purposes; and <p>b. the water is used for animal welfare and survival purposes including for:</p> <ul style="list-style-type: none"> i. the provision of drinking water; or ii. washing the animals, provided that if a hose is used for this purpose, only a hand held hose is used; or iii. cleaning of animal pens and enclosures with a high pressure water cleaning unit.
7.2 Residential and Non-Residential Premises - Care of pets.	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for pet care purposes except where the water is used for pet welfare and survival purposes including activities such as:</p> <ul style="list-style-type: none"> a. the provision of drinking water; or b. washing a pet, provided that if a hose is used for this purpose, only a hand held hose is used; or c. cleaning pet pens and enclosures with a high pressure water cleaning unit. <p>Where a commercial operator or a Mobile Commercial Operator is engaged to wash a pet or clean pet pens and enclosures, water from the reticulated (town) supply system is not permitted to be used except in accordance with the Pet Washing Water Efficiency Guidelines.</p>

8. Building, Construction and Development

Restrictions on Residential and Non-Residential water use

Category of Water Use	Water Restriction
8.1 Residential and Non-Residential Premises - Building construction.	For such premises, water from the reticulated (town) supply system is not permitted to be used for building construction purposes except using a bucket filled directly from a tap or a high pressure water cleaning unit or a hand held hose and the construction site is attended at all times when water is being used on the site.
8.2 Residential and Non-Residential Premises - Installation and maintenance of irrigation systems.	Refer to Restrictions 2.1 and 2.2.

Restrictions on Non-Residential water use

Category of Water Use	Water Restriction
8.3 Non-Residential Premises - Land development, subdivisional activities, State and Local Government roads and associated roadwork activities.	For such premises, water from the reticulated (town) supply system is not permitted to be used for activities associated with land development and subdivisional activities (including dust suppression, earthworks, road and service construction, landscaping, slope stabilisation or erosion control) and State or Local Government roads and associated roadwork activity except where the written approval of the service provider responsible for the relevant local government area has been obtained. The written approval of the service provider may be in the form of a relevant public notice that has been issued by the service provider responsible for the local government area.

9. Active Playing Surfaces (Sport, Recreation and Child Care)

Restrictions on Non-Residential water use

Category of Water Use	Water Restriction
9.1 Non-Residential Premises - Active playing surfaces.	On such premises, water from the reticulated (town) supply system is not permitted to be used for the watering of active playing surfaces except where the watering is in accordance with the Active Playing Surface Guideline and for all such premises (other than registered child care centres) the customer must: <ol style="list-style-type: none"> register the active playing surface with the relevant provider under that service provider's registration system; have a water meter installed; operate the installed water meter in accordance with the Active Playing Surface Guideline. display a service provider approved sign on the premises; and; otherwise comply with any other reasonable directions of the service provider. <p>The requirements in this Restriction apply to premises that are within Restriction 1.2. Compliance with Restriction 1.2 does not in any way reduce the obligation to fully comply with the requirements of this Restriction.</p>

10. Commercial Produce and Production

Restrictions on Residential and Non-Residential water use

Category of Water Use	Water Restriction
10.1 Residential and Non-Residential Premises – Nurseries, turf farms and market gardens.	<p>On such premises water from the reticulated (town) supply system is not permitted to be used for watering commercial stock and production areas except where:</p> <ul style="list-style-type: none">a. the watering is conducted in accordance with a water efficiency management plan that has been submitted to the service provider responsible for the relevant local government area for approval but has not yet been approved and where a sign notifying submission of the water efficiency management plan is displayed on the premises; orb. the watering is conducted in accordance with an approved water efficiency management plan and where a service provider approved sign is displayed on the premises. <p>The requirements in this Restriction apply to Non-Residential Premises that are within Restriction 1.2. Compliance with Restriction 1.2 does not in any way reduce the obligation to fully comply with the requirements of this Restriction.</p>

11. Building Water Use Efficiencies

Restrictions on Non-Residential water use

Category of Water Use	Water Restriction
11.1 Non-Residential Premises – Kitchen / bathroom / laundry and ablution.	<p>On such premises with:</p> <ul style="list-style-type: none"> i. an actual annual metered water consumption of 1 ML or greater based on the most recent four quarterly rating periods or, the last 12 month rating period (as applicable); or ii. the estimated annual consumption for the premises based on an extrapolation of the water consumption as set out in the available quarterly rating periods that is 1 ML or greater; <p>the water from the reticulated (town) supply system is not permitted to be used for bathroom, laundry, ablution or kitchen fittings except where:</p> <ul style="list-style-type: none"> a. in relation to the premises the customer demonstrates to the service provider that the internal water fittings on the premises comply with the following water efficiency standards being: <ul style="list-style-type: none"> i. all the taps are water efficient taps; and ii. all the showerheads are water efficient showerheads; and iii. all the trigger sprays are water efficient trigger sprays; or b. the water is used on the premises in accordance with an approved water efficiency management plan; and c. for premises to which subparagraph (b) applies, the customer provides a written report to the service provider within 5 business days of the end of each March, June, September and December. The report is to be provided in the form and containing the information that is provided for in the WEMP Guidelines. <p>The water efficiency flow rates for taps, showerheads and trigger sprays under this Restriction may be achieved by pressure control on systems or through the use of individual fitting controls.</p> <p>The requirements in this Restriction apply to premises that are within Restriction 1.2. Compliance with Restriction 1.2 does not in any way reduce the obligation to fully comply with the requirements of this Restriction.</p> <p>This Restriction does not prevent the maintenance of a minimal number of non water efficient fittings to allow the continued use of specialist equipment that needs higher flows or pressures to enable the delivery of appropriate operational, commercial or safety outcomes.</p> <p>Compliance with paragraph (a) of this Restriction is demonstrated by providing to the service provider:</p> <ul style="list-style-type: none"> i. a certificate from a licensed plumber certifying that the premises is fitted with the required number of water efficient taps, showerheads and trigger sprays; or ii. a statutory declaration which declares that the premises is fully compliant with all the terms of this Restriction and provides information on the number of water efficient devices fitted under paragraph (a) of this Restriction.

<p>11.2 Non-Residential Premises - Urinal systems.</p>	<p>On such premises, water from the reticulated (town) supply system is not permitted to be used for urinals except where:</p> <ul style="list-style-type: none"> a. in relation to the premises the customer demonstrates to the service provider that the urinal systems are water efficient urinal systems; or b. the water is used on the premises in accordance with an approved water efficiency management plan. <p>Compliance with paragraph (a) of this Restriction is demonstrated by providing to the service provider:</p> <ul style="list-style-type: none"> i. a certificate from a licensed plumber certifying that the premises is fitted with water efficient urinal systems; or ii. a statutory declaration which declares that the premises is fully compliant with all the terms of this Restriction and provides information on the number of water efficient urinals fitted under paragraph (a) of this Restriction. <p>The requirements in this Restriction apply to premises that are within Restriction 1.2. Compliance with Restriction 1.2 does not in any way reduce the obligation to fully comply with the requirements of this Restriction.</p>
<p>11.3 Non-Residential Premises - Cooling towers.</p>	<p>On such premises, water from the reticulated (town) supply system is not permitted to be used within cooling towers except where:</p> <ul style="list-style-type: none"> a. the water is used on the premises in accordance with a water efficiency management plan that has, prior to the commencement of this Restriction, been submitted to the service provider responsible for the relevant local government area for approval but has not yet been approved; or b. the service provider has after considering the Evaluation Criteria granted written approval to the entity operating the premises to submit a water efficiency management plan after the commencement of this Restriction; or c. the water is used on the premises in accordance with an approved water efficiency management plan; and d. for premises where a water efficiency management plan has been submitted or an approved water efficiency management plan applies and paragraph (e) applies, the customer provides (in addition to its annual report) a written report to the service provider within 5 business days of the end of each March, June, September and December in the form and containing the information that is provided for in the WEMP Guidelines; and e. in every case, where the operation of a cooling tower consumes a significant proportion* of the total volume of water used on the premises then: <ul style="list-style-type: none"> I. a sub-meter is to be installed by a licensed plumber on the supply line to, and the bleed valve from, each independent cooling tower or group of cooling towers with shared supply and cooling water; and II. for each sub-meter, a written record is to be kept in accordance with the requirements of the WEMP Guidelines. <p>*Note: the volume of water that constitutes a 'significant proportion of the total volume of water used on the premises' is as specified in the WEMP Guidelines.</p> <p>The requirements in this Restriction apply to premises that are within Restriction 1.2. Compliance with Restriction 1.2 does not in any way reduce the obligation to fully comply with the requirements of this Restriction.</p>

12. Parks and Reserves

Restrictions on Non-Residential water use

Category of Water Use	Water Restriction
12.1 Non-Residential Premises - Road reserves, Local, State and Commonwealth government reserves and Council parks.	For such premises, water from the reticulated (town) supply system is not permitted to be used for the watering of road reserves, Local, State and Commonwealth government reserves and Council parks unless the activity is allowed under Restriction 8.3.

13. Water Features and Water Storage

Restrictions on Residential and Non-Residential water use

Category of Water Use	Water Restriction
13.1 Residential and Non-Residential Premises - Fountains and ponds.	For such premises, water from the reticulated (town) supply system is not permitted to be used for the filling or the topping up of fountains or ponds.
13.2 Residential and Non-Residential Premises - Fish ponds, frog ponds or outdoor aquariums .	For such premises, water from the reticulated (town) supply system is not permitted to be used for the filling or the topping up of fish ponds, frog ponds or outdoor aquariums except where the water is used from a bucket filled directly from a tap.
13.3 Residential and Non-Residential Premises – Lakes, dams and other water storage facilities.	For such premises, water from the reticulated (town) supply system is not permitted to be used for the topping up or the filling of lakes, dams and other water storage facilities. This Restriction does not apply to potable water from the reticulated (town) supply system that is used for washing or cleaning purposes which is then collected in detention ponds.
13.4 Residential and Non-Residential Premises - Rainwater tanks and rainwater storage facilities.	For such premises, water from the reticulated (town) supply system is not permitted to be used: a. whether directly by use of a hose or other device connected to the reticulated (town) supply system; or b. indirectly from a water tanker or other container containing water sourced from the reticulated (town) supply system, for the filling, partial filling or topping up of a rainwater tank or rainwater storage facility on the premises except where: i. topping up of the rainwater tank occurs using a trickle top-up system installed by a licensed plumber for the purposes of supplying water to toilet cisterns, washing machine cold water taps or other fixtures specified in a local planning instrument; or ii. the premises is not connected to the reticulated (town) supply system and consequently depends upon the rainwater tank or rainwater storage facility as the primary source of water supply for the premises.

14. Traveller Accommodation**Restrictions on Non-Residential Water Use**

Category of Water Use	Water Restriction
14.1 Non-Residential Premises - Premises used to provide traveller accommodation.	<p>For such premises, an accommodation provider is not permitted to use water from the reticulated (town) supply system for the purpose of providing traveller accommodation on the premises except where the accommodation provider clearly displays information about water conservation measures which is available from the Queensland Water Commission Website.</p> <p>The information must be displayed in:</p> <ol style="list-style-type: none"> a. every bathroom within an accommodation unit on the premises; and b. every shared bathing facility or ablution block on the premises. <p>The requirements in this Restriction apply to premises that are also subject to the requirements of Restriction 11.1 and 11.2. Compliance with Restriction 11.1 and 11.2 does not in any way reduce the obligation to fully comply with the requirements of this Restriction.</p>

SCHEDULE 1

Unless a contrary intention appears, definitions used in the Act apply to the interpretation of this Commission Water Restriction:

Act means the *Water Act 2000* as in force from time to time.

“accommodation provider” means a person who operates a business that provides traveller accommodation.

“accommodation unit” means a room or other unit of accommodation over which a guest is given possession and use by an accommodation provider.

chauffeured vehicle means a vehicle hired with a driver for a special purpose including a wedding car, limousine or other luxury vehicle.

Commission means the Queensland Water Commission as established and constituted from time to time under the Act.

Compliance Date means the date, published by separate notice in a newspaper circulating generally in the relevant Council area and on the Commission's website www.qwc.qld.gov.au, by which a customer **of non-residential premises must comply** with particular requirements under Medium Level Water Restriction - Residential and Non-Residential.

cooling tower means an open recirculating cooling water system used to extract heat from processes or equipment on premises. Examples include air conditioning chillers, industrial processes and related equipment. However, a cooling tower does not include cooling equipment that directly cools supply air by evaporation (commonly referred to as 'swamp' or evaporative coolers) for the purpose of space conditioning.

Council means a local government established under the *Local Government Act 1993*.

customer includes a new customer of a service provider from time to time.

downpipe rainwater diverter means a device designed to divert rainwater as required from a downpipe fitted to a gutter to an outlet capable of attaching to a hose or stormwater pipe.

efficient irrigation system means a system designed to:

- a. use water efficiently within the volume and time limits set by Restrictions to maintain a healthy, functional garden or lawn without exceeding the water requirements of the garden or lawn; and
- b. operate in accordance with the Commission *Efficient Irrigation for Water Conservation Guideline*.

efficient sprinkler means a non-fixed watering device that is designed to:

- a. attach to a hose;
- b. be moved around in order to irrigate a garden or lawn;
- c. use water efficiently within the volume and time limits set by Restrictions to maintain a healthy, functional garden or lawn without exceeding the water requirements of the garden or lawn; and
- d. operate in accordance with the Commission *Efficient Irrigation for Water Conservation Guideline*.

Evaluation Criteria means in the context of setting an alternate submission date for a WEMP, or the review of an implementation date for a measure contained in a Restriction set out in this Commission Water Restriction (where the service provider has a discretion to vary such a date), the following criteria being:

- a. The extent of the immediate financial impact of compliance with this Commission Water Restriction on the entity owning or operating a particular affected premises;
- b. The ability of such an entity to access information or the external resources that are reasonably necessary or required to undertake the action or measure;
- c. The past actions of the entity in respect of the particular premises in achieving water efficiencies prior to the commencement of this Commission Water Restriction;
- d. The actions that have been taken by the entity in respect of the particular premises to comply with this Commission Water Restriction; and
- e. Whether the alternate dates proposed by the entity to undertake the action or measure are reasonable in all the circumstances.

External Cleaning Water Efficiency Guideline means the guideline for washing external surfaces of a building or paved surfaces by a Mobile Commercial Operator, published from time to time by the Commission.

external surfaces of a building means:

- a. the external walls of a building;
- b. the external roof areas of a building;
