*Transport Infrastructure Act 1994***NOTIFICATION OF DECLARATION OF A  
STATE-CONTROLLED ROAD AS A LIMITED ACCESS ROAD**

Notice is hereby given under section 54(1) of the *Transport Infrastructure Act 1994* that the State-controlled road described in the Schedule is declared to be a limited access road.

David Grosse  
Delegate of the Director-General, Department of Transport and Main Roads

**THE SCHEDULE**

On and from 26 March 2021, access to following road will be limited:

**MACKAY RING ROAD 860**

Commencing from the roundabout at its intersection with the Bruce Highway near the north eastern corner of Lot 495 on SP296308 in Bakers Creek, to the roundabout at its intersection with the Bruce Highway near the north eastern corner of Lot 101 on SP190925 in Glenella.

Length: 11.34 kilometres (approximately)

The parts of the road to which access is to be limited are shown on plans LA12192, LA12193, LA12194, LA12195, LA12196, LA12197 and LA12198. Copies of the plans are held in the office of Department of Transport and Main Roads at 44 Nelson Street, Mackay QLD 4740.

The reason for the declaration is to achieve a high level of access control for the Mackay Ring Road as described in the Schedule, to:

- (1) ensure that its arterial function is preserved, and its efficiency sustained by limiting access points and thereby promoting use of the Mackay Ring Road for longer distance trips;
- (2) maximise its traffic carrying capacity and safety characteristics;
- (3) Reduce the risk of crashes through limiting conflict points;
- (4) minimise acceleration and deceleration and thereby limit emissions with free flow travel; and
- (5) support economic growth by providing for priority freight and business routes.

Any person whose interests are affected by the declaration may:

- (1) under section 485 of the *Transport Infrastructure Act 1994* – ask for the decision to make the declaration to be reviewed by the Chief Executive;
- (2) under the *Transport Planning and Coordination Act 1994*, part 5, division 2 – apply for the original decision to be stayed; and
- (3) under the *Transport Planning and Coordination Act 1994*, part 5, division 3 –
  - (a) appeal against the Chief Executive's decision on the review to the court stated in Schedule 3 of the *Transport Infrastructure Act 1994* for the decision; and
  - (b) apply for the reviewed decision to be stayed.

Notice is hereby given that there is a policy in place, in relation to the application of section 62 of the *Transport Infrastructure Act 1994* to access between the Mackay Ring Road (860) and adjacent land.

The policy is set out below.

## POLICY FOR MACKAY RING ROAD (STAGE 1) (860)

### 1 PURPOSE

The purpose of this policy is to protect the function, safety and efficiency of the Mackay Ring Road (Stage 1) (the “**Road**”) by setting out the principles that will be applied when making decisions under section 62 of the *Transport Infrastructure Act 1994*.

The management of access is essential in ensuring that the vision for the Road can be achieved by:

- maintaining high safety levels;
- catering for growth and facilitating changing land use; and
- providing for increased road capacity.

### 2 HEAD OF POWER

This policy has been made pursuant to s 54 of the *Transport Infrastructure Act 1994*.

### 3 ROAD VISION

The following vision for the Road sets the context within which the Policy Principles (section 5) and the Policy Strategies (section 6) will be applied:

The Road's high priority in the road hierarchy presents a continuation of the national and regional primary road systems. It forms a principal avenue for travel between regions and has an exclusive function to carry through traffic. It serves commuter traffic, the coal mining and export industry, the tourism industry, cattle and sugar cane production industries and long distance freight carriers.

Any reduction in the Road's efficiency will reduce capacity and limit the function of the Road.

The intersection spacing for the Road is consistent with the requirements of the Road's function and is as follows:

- A 2.6km spacing between the Road's intersection with the Bruce Highway and its junction with the realignment of the Peak Downs Highway and Calrossie Road.
- A 3.0km separation between the above mentioned junction and the Peak Downs Highway interchange.
- A 5.8km separation between the Peak Downs Highway interchange and its intersection with the Bruce Highway at Bald Hill.
