Transport Infrastructure Act 1994

NOTIFICATION OF DECLARATION OF A STATE-CONTROLLED ROAD AS A LIMITED ACCESS ROAD

Notice is hereby given under section 54(1) of the *Transport Infrastructure Act 1994* that the State-controlled road described in the Schedule is hereby declared a Limited Access road. As required under section 55 of the *Transport Infrastructure Act 1994*, Gold Coast City Council has been notified.

Paul Noonan Regional Director (South Coast Region) Delegate of the Director-General, Department of Transport and Main Roads

THE SCHEDULE

On and from 10 December 2021, the State-controlled road described below hereto, is declared a Limited Access road, respectively, under and for the purposes of the *Transport Infrastructure Act* 1994.

COOMERA LINK ROAD (219) GOLD COAST CITY COUNCIL

Commencing from its intersection with the Pacific Highway and the intersections of Whitewater Way and Old Pacific Highway in Coomera, to its junction with Shipper Drive and the intersection of Waterway Drive in Coomera.

Length: 3.58 kilometres (approximately)

The parts of the road to which access is to be limited are shown on plans LA12288 and LA12289. Copies of LA plans are held in the South Coast office of the Department of Transport and Main Roads, located at 36-38 Cotton Street, Nerang 4211.

The reason for the declaration is to achieve a high level of access management to:

- (1) maintain the efficiency and the travel time of the road so that it provides an attractive connection to the Coomera Connector Motorway;
- (2) provide a safe road environment for pedestrians, cyclists and high volumes of through, ingressing and egressing traffic; and
- (3) cater for growth and changing land use.

Any person whose interests are affected by the declaration may:

- (1) under section 485 of the *Transport Infrastructure Act 1994* ask for the decision to make the declaration to be reviewed by the Chief Executive;
- (2) under the *Transport Planning and Coordination Act 1994*, part 5, division 2 apply for the original decision to be stayed; and
- (3) under the Transport Planning and Coordination Act 1994, part 5, division 3
 - (a) appeal against the Chief Executive's decision on the review to the court stated in Schedule 3 of the *Transport Infrastructure Act 1994* for the decision; and
 - (b) apply for the reviewed decision to be stayed.

Notice is hereby given that there is a policy in place, in relation to the application of section 62 of the *Transport Infrastructure Act 1994* to access between the Coomera Link Road (219) and adjacent land. The policy is set out below.

POLICY FOR COOMERA LINK ROAD (219)

1 PURPOSE

The purpose of this policy is to protect the function, safety and efficiency of the Coomera Link Road (219) (the "**Road**") by setting out the principles that will be applied when making decisions under section 62 of the *Transport Infrastructure Act 1994*.

The management of access is essential in ensuring that the vision for the Road can be achieved by:

- (1) minimising conflict between direct access onto the Coomera Link Road and through traffic.
- (2) requiring the consolidation and/or rationalisation of accesses onto Coomera Link
- (3) ensuring that new or changed accesses onto the Coomera Link Road are in accordance with Schedule 1 of this policy.

2 HEAD OF POWER

This policy has been made pursuant to section 54 of the Transport Infrastructure Act 1994.

3 ROAD VISION

The following vision for the Road sets the context within which the Policy Principles (section 5) and the Policy Strategies (section 6) will be applied:

The Coomera Link Road (219) provides a critical arterial connection between the Pacific Motorway (12A) to the west and the Coomera Connector Motorway (113) to the east. The road services the Coomera Town Centre, Railway Station, TAFE and Gold Coast Marine Precinct. The Road performs an important public and active transport function by accommodating bus routes, future bus stops, and being identified as a future principal cycle route.

The Road is a key link between two motorways and the primary multi-modal access to significant existing and future commercial and residential developments. Strategic management of access to the Coomera Link Road is required to:

- (1) allow the Coomera Link Road to operate efficiently and with low travel times so to provide an attractive connection to the Coomera Connector Motorway
- (2) provide a safe road environment for pedestrians, cyclists and high volumes of through, ingressing and egressing traffic
- (3) accommodate future upgrades to the road

4 APPLICATION

This policy will be applied in assessing applications made under section 62 or 62A of the *Transport Infrastructure Act 1994*.

This policy will also be applied in:

- (1) the preparation, amendment or review of local, state and federal government planning schemes and other planning instruments to ensure that:
 - (a) land uses reflect the Policy Principles and Policy Strategies and preserve the function of the Road;
 - (b) the local road network is developed to provide access to land where access from the Road is not supported;
 - (c) the vision for the Road identified in section 3 is accommodated; and
- (2) general transport planning relevant to managing access to limited access roads; and
- (3) when assessing development applications make pursuant to the planning act for impacts on the Road.

5 POLICY PRINCIPLES

When making a decision relating to the management of access between land and the Road, the following principles will be applied:

- (1) vehicular access must not compromise safety of the users of the Road or any other transport infrastructure;
- (2) vehicular access must be consistent with the functional requirements of the Road;
- (3) vehicular access must be consistent with the current or planned intent for the Road corridor and the wider State-controlled road network.

In applying the principles, regard will be had to the following strategies:

- (1) the strategies applying to vehicular access to State-controlled roads set out in the Vehicular access to state-controlled roads policy; and
- (2) the Policy Strategies set out in section 6.

Where there is inconsistency between the strategies set out in the *Vehicular access to state-controlled roads policy* and the Policy Strategies set out in this policy, the Policy Strategies set out in this policy prevail.

A proposal will be consistent with this policy if it meets the Policy Principles and all relevant Policy Strategies.

6 POLICY STRATEGIES

SAFETY

Principle 1: Vehicular access must not compromise safety of the users of the Road or any other transport infrastructure

Safety is paramount in the road environment. Adequate levels of safety must be ensured for all users of the Road, including motorists, pedestrians and cyclists.

Strategy

No Specific Strategy

FUNCTION

Principle 2: Vehicular access must be consistent with the functional requirements of the Road

The primary function of Coomera Link Road is to provide an efficient and safe arterial connection between the Pacific Motorway to the west and the Coomera Connector Motorway to the east, with minimal conflict from accesses and intersections.

Strategy 1

For properties with frontage to the Foxwell Road section of Coomera Link Road, access is only permitted to Foxwell Road in accordance with Schedule 1.

Schedule 1 sets out the permitted access arrangements for each property fronting the Foxwell Road section of Coomera Link Road and has been developed with the intention of reducing the number of accesses to the Road and prohibiting access to the Road where suitable alternative access locations exist.

Strategy 2

For properties with frontage to the Shipper Drive section of Coomera Link Road, vehicular access to the Road will not be permitted except in locations identified in the planning for the upgrades to Coomera Link Road.

The upgrades to Coomera Link Road will seek to improve the safety and efficiency of the road and to consolidate and/or rationalise access to the road. As such, no vehicular access is permitted to the road except as shown in the planning for the upgrades to Coomera Link Road.

FUTURE INTENT

Principle 3: Vehicular access must be consistent with the current or planned intent for the Road corridor and the wider network

Coomera Link Road will require upgrades to accommodate the additional traffic that will be generated by the interchange with the Coomera Connector and the planned commercial and residential development near the road. The planned upgrades will seek to increase the capacity of the road and consolidate and/or rationalise accesses onto Coomera Link Road, thereby increasing the safety and efficiency of this road and its ability to function as a key link between two motorways.

Strategy 1

For properties with frontage to the Foxwell Road section of Coomera Link Road, access is only permitted to Foxwell Road in accordance with Schedule 1.

Schedule 1 sets out the permitted access arrangements for each property fronting the Foxwell Road section of Coomera Link Road and has been developed with the intention of reducing the number of accesses to the Road and prohibiting access to the Road where suitable alternative access locations exist.

Strategy 2

For properties with frontage to the Shipper Drive section of Coomera Link Road, vehicular access to the Road will not be permitted except in locations identified in the planning for the upgrades to Coomera Link Road.

The upgrades to Coomera Link Road will seek to improve the safety and efficiency of the road and to consolidate and/or rationalise access to the road. As such, no vehicular access is permitted to the road except as shown in the planning for the upgrades to Coomera Link Road.
