District profile

Overview

The South Coast district covers an area of about 6,548km², or around 0.4% of Queensland. This area extends from Logan in the north to the New South Wales border in the south, and from the coastline in the east to Cunningham's Gap in the west.

The district has an estimated residential population of about 846,910 or around 18.8% of Queensland's total population.¹

The district looks after about 917km of other state-controlled roads and about 131km of the National Network. Other major transport infrastructure in the district includes the Gold Coast light rail system, integrated bus network and cycling facilities.

District program highlights

In 2013-14 we completed:

- Phase 1 of the Gold Coast Rapid Transit project – a 13km high-capacity light rail system linking Southport and Broadbeach, jointly funded by the Australian Government, Queensland Government and Gold Coast City Council. This project was delivered partly through a public-private partnership
- widening of the Pacific Motorway from four to six lanes between Worongary and Mudgeeraba, jointly funded by the Australian Government and Queensland Government

- construction of an extra southbound lane on the Pacific Motorway between Fitzgerald Avenue, Springwood and Shortland Street, Slacks Creek, jointly funded by the Australian Government and Queensland Government
- construction of a new bridge on Tamborine-Oxenford Road at the Coomera River as part of the Natural Disaster Relief and Recovery Arrangements (NDRRA), jointly funded by the Australian Government and Queensland Government
- pavement rehabilitation on Mount Lindesay Highway at Beaudesert as part of NDRRA, jointly funded by the Australian Government and Queensland Government.

In 2014-15 we will:

- continue upgrading the interchange at Smith Street and Olsen Avenue, and improvements on Smith Street east of the Pacific Motorway
- complete widening the southbound lanes of the Pacific Motorway from two to three lanes between Mudgeeraba and Robina, jointly funded by the Australian Government and Queensland Government
- complete the Browns Plains Bus Station
- complete pavement rehabilitation of sections of the Pacific Motorway, Mudgeeraba
- complete upgrading of the Worongary Creek Floodway.

Future plans

We are continuing to plan for the future transport requirements of residents in the South Coast district.

In 2014-15 we plan to:

- continue planning to support the Commonwealth Games, including planning for spectator transport, transport infrastructure at venues, planning and analysis for the Games Route Network, and Games Village Access requirements
- continue planning works for the Pacific Motorway from Mudgeeraba to Robina and through Logan City to increase capacity
- complete planning to upgrade the Logan Motorway and Wembley Road interchange.

Endnotes

- (1) For other Queensland Government funded projects, see the Statewide commitments section or the relevant district's National Network, State Network and Local Network tables.
- (2) BW - Busways; CW - Cycleways; HR - Heavy Rail; LR - Light Rail; LRRS - Local Roads of Regional Significance; MBI - Maritime Boating Infrastructure; MNA - Maritime Navigational Aids; MM - Multi-modal; NN - National Network; OBI - Other Bus Infrastructure; ORI - Other Rail Infrastructure; SN - State Network; SR - State Regional; SS - State Strategic; TRI - Transport-related Infrastructure.
- (3) In some instances, projects may include limited funding for planning activities. This does not guarantee continued funding for construction.
- (4) Allocations for projects scheduled to commence from 2016-17 and beyond are indicative, for planning purposes. Priorities may be re-evaluated annually on a needs basis, according to available funds. The majority of funding in 2015-16 and beyond will be held at a district level until works have been prioritised.
- (5) Funded by the Queensland Government's Safer Roads Sooner program.
- (6) Natural Disaster Relief and Recovery Arrangements (NDRRA) for eligible projects are jointly funded by the Australian and Queensland Governments. The funding is provided to TMR through the Queensland Reconstruction Authority.
- (7) Delivered through the Gold Coast Waterways Authority.
