QUEENSLAND GOVERNMENT VACANCIES GAZETTE

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered employees who apply for an advertised job will be considered before other applicants. The symbol (h) appears next to vacancies where an exemption from this requirement applies. Employees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

CONTINUOUS APPLICANT POOLS

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

MULTI-AGENCY POOLS

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

HOW TO APPLY

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at www.jobs.qld.gov.au. The information kit will include:
 - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
 - a job information package, outlining the procedure for preparing and sending in your application, and
 - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
 - completed cover sheet (available on jobs online or in the kit mailed to you)
 - covering letter
 - resumé / curriculum vitae
 - names and contact details of (2) referees, and
 - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

CALL FOR TENDERS FOR AUTHORITIES TO PROSPECT NOTICE No 02 2008

Short title

1. This notice may be cited as the *Call for Tenders for Authorities to Prospect Notice (No 02) 2008* under the *Petroleum and Gas (Production and Safety) Act 2004* (the Act).

Notice of Tender for Authorities to Prospect [s.35 of the Act]

2. This call for tenders, pursuant to section 35 of the Act, is an invitation for tenders for an Authority to Prospect (ATP) for each of the seven areas described as PLR2008-2-1 to PLR2008-2-7 in the Schedule to this Notice.

Tenders must be lodged with the Department of Mines and Energy before 4.30 pm on Monday, 4 August 2008 at the Service Centre, Podium 2, Landcentre, Cnr Main and Vulture Streets, Woolloongabba, Qld. All tenders should be marked Attn: Registrar, Petroleum and Gas.

Details about the call for tenders can be obtained from the Service Centre, Podium 2, Landcentre, Cnr Main and Vulture Streets, Woolloongabba, Qld, or from the Department's website <www.dme.qld.gov.au>.

There are no special criteria for any of the tender areas under section 35 of the Act.

The initial work program period for each area is four (4) years.

Only those tenders with at least one well proposed in the initial program period will be considered.

Only those tenders that meet the requirements of those matters that must be considered under section 43 of the Act will be ranked in selecting the preferred tenderer for each area.

The weight proposed to be given to each work program criteria and capability criteria in assessing tenders can be obtained from the Service Centre mentioned above or on the Department's website in respect to these calls for tenders.

The Schedule to this Notice contains descriptions of the individual call for tender areas in graticular blocks and sub-blocks as provided on the Block Identification Map (BIM) Series B held by the Department of Mines and Energy.

Land to be excluded from individual tender areas is specified in the Schedule.

The Notice provides additional information about some of the parcels of land, however persons considering tendering for any of the land should not rely on this information as comprehensive and should conduct their own searches in relation to the land.

Areas of National Park and Conservation Park are not included in the grant of an ATP.

A tenderer or preferred tenderer must advise the Department, within 20 business days from the date of notification of being the preferred tenderer, of the native title process (a Right to Negotiate or an Indigenous Land Use Agreement) they intend to undertake in relation to the grant of the ATP for Petroleum. If this additional information about the tender is not provided, the tender may be refused.

Additional information as set out below will be required from the tenderers in relation to the undertaking of a native title process, and if this information is not provided the application may be refused.

If a tenderer or preferred tenderer for PLR2008-2 tender release areas decides to undertake a Right to Negotiate process under the *Native Title Act 1993* (Cth), they must, within 40 business days from the date of notification by the Minister of being the preferred tenderer, provide the Minister or his delegate relevant documents demonstrating that the submission has been lodged with the Department of Natural Resources and Water to initiate the process. The submission must comply with the *Guidelines for Right to Negotiate Submissions for an Authority to Prospect for Petroleum*. The guideline for this submission is available at

http://www.nrw.qld.gov.au/nativetitle/mining/guidelines_petroleum.html

If instead the tenderer or preferred tenderer for PLR2008-2 tender release areas decides to negotiate an Indigenous Land Use Agreement for the grant of the Authority to Prospect for Petroleum, then they must, within 24 months of the date of notification of their appointment as the tenderer or preferred tenderer, provide the Minister for Mines and Energy with relevant documents that demonstrate lodgement of the Indigenous Land Use Agreement with the National Native Title Tribunal for registration.
