About the Organisation Portal

The Blue Card Services Organisation Portal is an online system that allows organisations to manage their blue card obligations and records more easily.

It enables organisations to see their blue cards in one place, perform tasks in real-time, and allows for secure exchange of sensitive information.

The Organisation Portal is a key deliverable from the Queensland Family and Child Commission's report, [*Keeping Queensland's children more than safe: Review of the blue card system*](#).

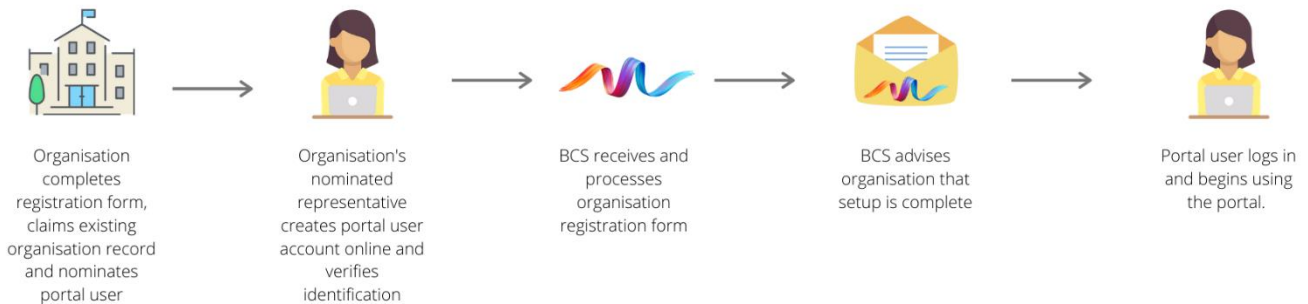

An organisation's representative will be able to:

- see all blue card records in one place.
- efficiently create and manage a link between the organisation and applicants/card holders.
- access real-time information and important updates and notifications.
- see blue card information on desktop, mobile and tablet devices.

Getting started

There are a couple of steps involved when setting up your organisation to use the portal.

Registering for an Organisation Portal account

Any organisation (including those already known to Blue Card Services) wanting to use the Organisation Portal needs to request the establishment of an Organisation Portal online account. This is done by completing an [Organisation Portal Account Registration \(for organisations\)](#) form (form reference DJAG OPo1 DEC19).

This form should be completed by an organisation representative with appropriate authority, in consultation with the organisation's executive.

Your organisation will need to provide relevant information which will be used to establish your online account. Your online account will be created by us at Blue Card Services (BCS), and we'll advise when this has been completed.

For help completing this form, please see [How to complete this form—Organisation Portal Account Registration \(for organisations\)](#).

Claiming an organisation

As your organisation has previously been managing blue card obligations, you'll have an organisation record with us.

As part of the request to create an Organisation Portal online account, you'll need to provide the details of this record. This will ensure that existing records linked to your organisation are available in your Organisation Portal online account.

If your organisation is unsure of your existing record details, please contact us to obtain this advice prior to completing your form.

Nominating a portal user (administrator)

The portal administrator is the primary person within your organisation who has access to, and responsibility for managing the Organisation Portal online account. This person can view all information and undertake all tasks within the Organisation Portal, including providing access to other users as needed.

This person should be someone that is authorised by your organisation and has the responsibility for managing blue card obligations.

Organisations nominate who their portal administrator will be on the registration form, however portal administrators create their own portal accounts online. See the [Creating a user account](#) section for step-by-step instructions to do so.

Creating a user account

Each user of the Organisation Portal will require a user account; a portal user account cannot be shared. Prospective users can self-create their own portal user account online.

As part of the portal user account creation process, you will need to provide personal information (name, date of birth, contact details) and provide supporting identification documents.

Upon creation of a user account, a unique reference will be allocated to you.

To create your user account:

1. Go to <https://orgportal.bluecard.qld.gov.au>

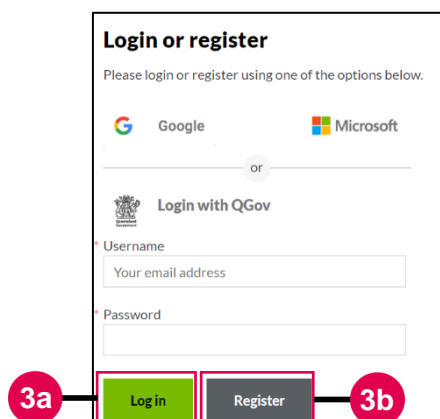

Note: the portal is best accessed via the Chrome browser

2. Click [Login/Register](#).

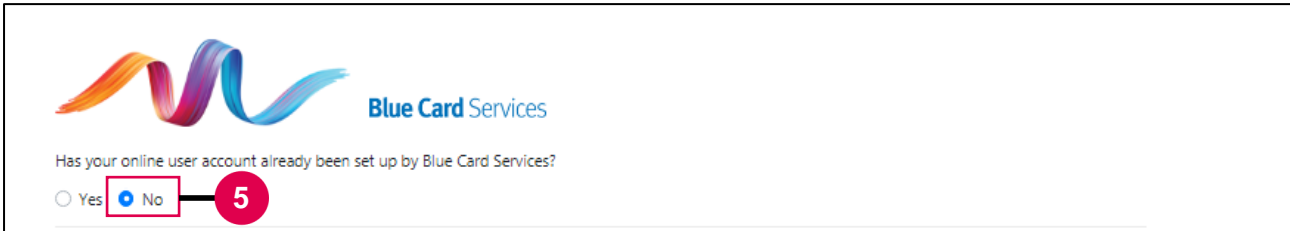

You will be redirected to the QGov login screen.

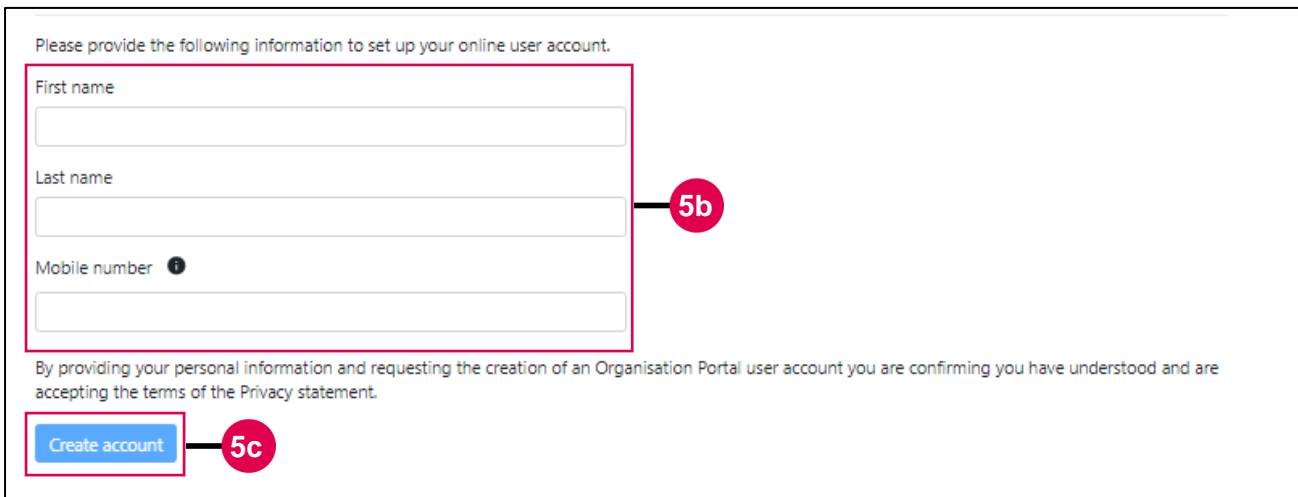

- a. If you **have** an existing QGov account, use your details to login.
- b. If you **don't have** an existing QGov account, click [Register](#) and follow the prompts.

3. You will be redirected to the Organisation Portal setup page.
4. **If you are creating your account yourself (majority of users),** click the [No](#) radio button.

- a. Review the privacy statement.
- b. If you agree to the privacy statement, enter your contact details.
- c. Click [Create account](#).
- d. Please review the *Terms of use*. Please note, you cannot be an Organisation Portal user if you do not agree to the *Terms of use*. Click [Next](#).

5. **If we have registered your portal user account and you have been provided your credentials,** click the [Yes](#) radio button.
 - a. Enter the 9 digit user ID we provided to you. You do not need to enter the letters OP at the beginning.

- b. Click [Create account](#).

Blue Card Services

Has your online user account already been set up by Blue Card Services?

☒ Yes ☐ No

Please enter the 9 digit user ID provided to you by Blue Card Services. You do not need to enter the letters OP at the beginning.

Once you enter your user ID, you will be sent a verification code to the mobile number associated with your account. This is to confirm your identity.

OP Enter 9 digit code

Create account

- c. Please review the *Terms of use*. Please note, you cannot be an Organisation Portal user if you do not agree to the *Terms of use*. Click [Next](#).

You are now a registered user of the Organisation Portal.

Each portal user is required to provide identification and verify their mobile number to finalise their portal user account and be associated with (able to access) an organisation's portal account.

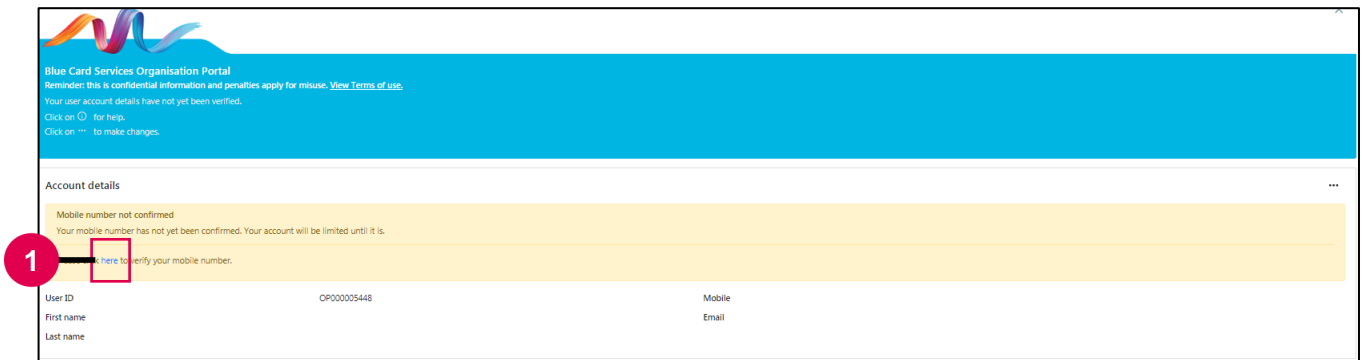

The accepted forms of identification that a portal user can provide are either:

- a valid blue or exemption card, or
- a 100 point identity check. Documents that can be submitted for the identity check include:
 - Driver licence (60 points)
 - Australian passport (50 points)
 - Birth certificate (50 points)
 - Australian visa (40 points)
 - Certificate of Australian citizenship (40 points)
 - Change of name certificate (40 points)
 - Medicare card (40 points)
 - Marriage certificate (40 points).

If you do not have sufficient identification as outlined above, a portal user account can still be created and your identity can be verified offline. This is done via an alternative option for verifying identification, which is available by contacting us. Please note that a portal user account cannot be used to access information until the identity check has been completed.

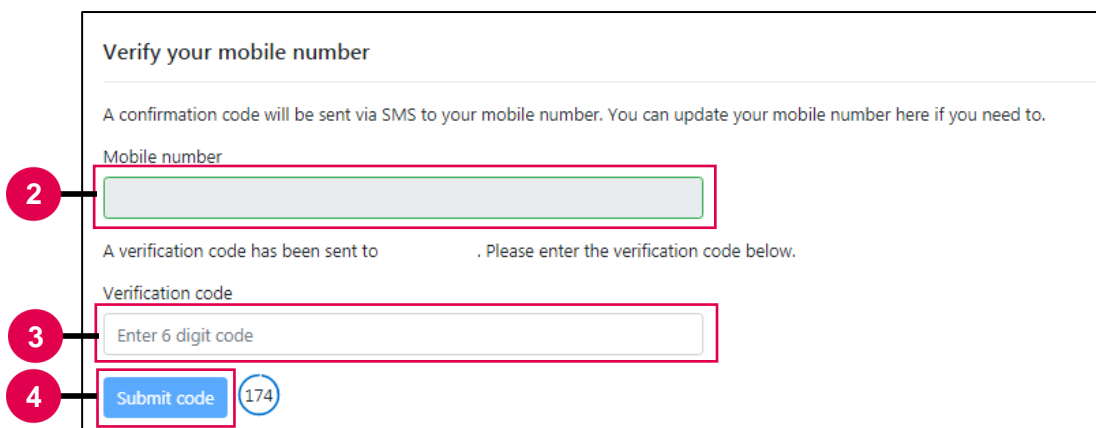

To verify your mobile number:

1. Click [here](#), on the My account screen.

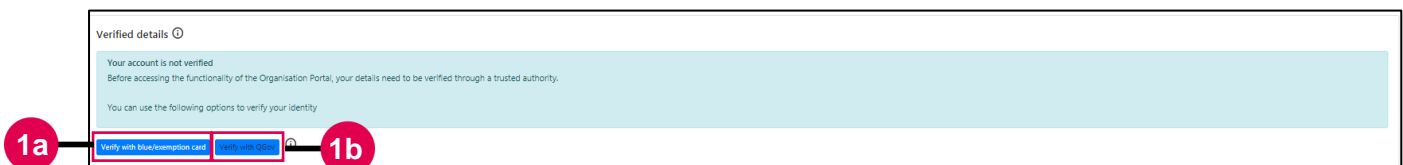

Enter your mobile number and click [Send verification code](#).

2. Enter the code that is sent to your mobile number.
3. Click [Submit code](#).

To verify your identification:

This means that you are a portal user for this/these organisations and will be able to perform tasks for the organisation, such as providing delinking advice, adding portal users, and updating organisation details.

If the My Organisations table is empty, it means you've not been associated with any organisations within the Organisation Portal as yet.

Portal users

For this phase of the Organisation Portal solution, there is only one user role and that is an administrator. Please keep in mind that users can see all information (including confidential and sensitive information) and undertake all actions within the portal once access is provided.

Registered vs verified users

Registered users have created their accounts but not yet verified their mobile number and identity details. Registered users can log in to the portal but are unable to be added to an organisation's portal account.

Verified users have created and verified their accounts and are able to be added to an organisation's portal account.

Creating a link (linking)

When an applicant or blue card holder is going to start regulated child-related activities with your organisation, you must notify Blue Card Services. This is done by creating a link between the applicant/card holder and your organisation, and means that you will receive important notifications and updates about the applicant/card holder, including the suspension or cancellation of a card.

For new volunteer and student applicants, a link to your organisation is required **before** they can complete their online application. [See our website for information about supporting your applicants and card holders to apply and renew.](#)

When a paid employee, volunteer or student is already linked to your organisation and they renew their blue or exemption card prior to their card expiring, the link will carry over so you won't need to create another link.

The link relationship will be made inactive if the linked person does not renew their card before it expires. For this reason, on time renewals are important.

To create a link:

1. Navigate to the  [Blue card register](#).
2. Click [Create link](#).

Should the link between your organisation and the applicant/card holder need to be re-established, you must undertake the link process again.

When a link is removed, the person you delinked will receive a notification.

Payments

If your organisation chooses to pay the prescribed fee, a portal user can make a payment within the Organisation Portal for an applicant who is applying for the first time or for a card holder that is due for renewal.

A payment can be made for one applicant/card holder, or for multiple applicant/card holders in the same transaction.

A payment **can be made** if:

- the applicant who is applying for the first time or the card holder that is due for renewal has successfully [registered for an online account](#) with Blue Card Services and
- your organisation has [created a link](#) with the applicant/card holder.

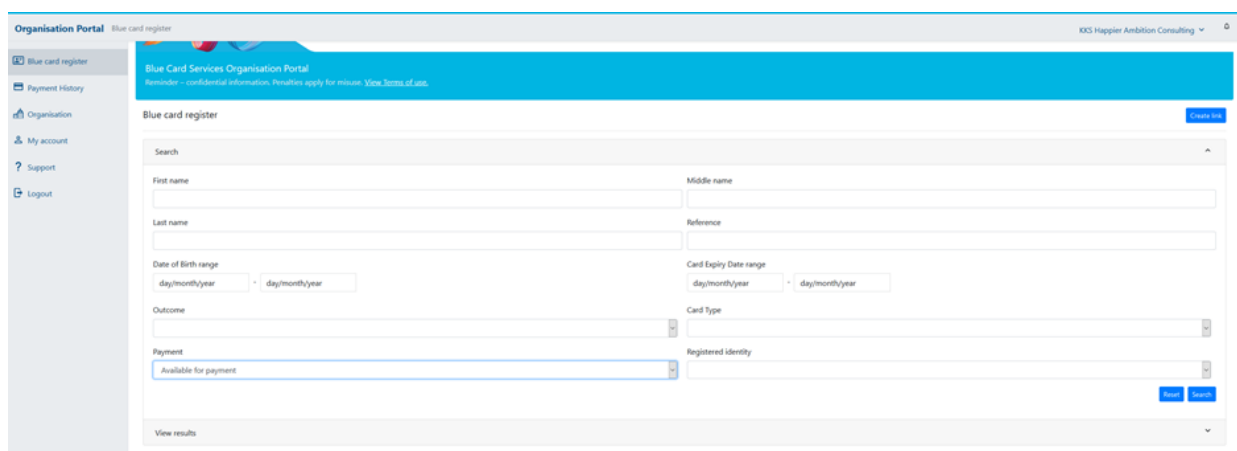

A current card can only be renewed 16 weeks prior to the expiry date and it is at that 16 week mark that the Organisation Portal will allow you to pay for the renewal.

Upon successful payment the applicant/card holder will receive an email or text message advising they have been paid for and can continue to apply online.

If you are paying for a replacement card, or a Volunteer to Paid transfer you must instead use the [payment service on our website](#).

Making a payment

1. Find who you want to pay for by navigating to the  [Blue card register](#).
2. Search the  [Blue card register](#)
 - a. To find a specific applicant/card holder

TIP: To prepare to pay for upcoming renewals (for example cards expiring in the next three months) a search can let you know who hasn't registered for an online account.

To run this search:

- Click the drop down in the Search Field **Registered Identity**
- Select 'No'

The screenshot shows the 'Blue card register' page of the Blue Card Services Organisation Portal. The page has a blue header with the Queensland Government logo and 'Blue Card Services' text. A sidebar on the left contains navigation links: Blue card register, Payment History, Organisation, My account, Support, and Logout. The main content area has a blue banner with the portal name and a reminder. Below this is the 'Blue card register' section with a 'Create link' button. A search form is present with fields for First name, Middle name, Last name, Reference, Date of Birth range, Card Expiry Date range, Outcome, Card Type, Payment, and Registered Identity. The 'Registered Identity' dropdown is set to 'No'. There are 'Reset' and 'Search' buttons at the bottom right of the form. A 'View results' link is at the bottom left.

The search results will be sorted in order of card due to expire next. This will allow you to remind the applicant/card holder that they need to register for an online account to allow your organisation to make a payment on their behalf.

Please communicate your procedures so that a card holder doesn't go ahead and renew before you get the chance to make a payment.

Notices

Users for an organisation can access notices within the Organisation Portal. Notices alert you to important information that relate to your card holders and applicants.

You can access notices for:

- A card is due to expire
- An on-time renewal has been submitted (submitted prior to the expiry date of the current card)
- A card has been issued

The 'Card due to expire' notices will appear at 10 weeks, 4 weeks, 2 weeks, and 2 days prior to the cards expiry and will only be issued if the applicant has not yet submitted a renewal form.

If a card holder does not renew prior to their card expiry date, the link with your organisation will cease upon the card expiring. In this case they will need to re-apply, be re-linked by your organisation and will be subject to the No Card, No Start Laws.

Viewing notices

To view notices:

8. Navigate to the [📧 Notices](#).
9. Click to summarise results by [Day](#), [Week](#), [Month](#), or [Ungrouped](#). This will show your results grouped in different ways (all notices posted for a day, all notices posted for a week, all notices posted for a month or ungrouped). Select the option that best suits your organisation.
10. View Results by subject, clicking on what is available, which will be one or more of the following:
 - Click [Card due to expire](#).
 - Click [Card issued](#)
 - Click [On time renewal submitted](#)
11. Expand the subject to view the notices by clicking the arrow beside the subject.
12. Each notice will appear on a separate line with the details of the individual. Click the binoculars icon to view their current information in the blue card register.

TIP: When viewing a notice, it is important to remember that after that notice was issued the individual could have since applied or been issued a card or even delinked. The blue card register provides current information, whereas the notice will display the information that was relevant at the time the notice was issued.

A click of the binoculars icon beside the individual will quickly take you to their current information in the blue card register. If someone has delinked or let their card expire without submitting a renewal application, they will no longer appear in your register. If they still propose to work with your organisation you will need to [re-link](#).

If there are no cards due to expire, no cards issued or no on time renewals submitted in the summary you selected then that subject will not be displayed.

The [card issue notice](#) will include the details of the card issued including the:

- Name
- Reference
- Card Issue Number
- Card Type

- Notice date

The [cards due to expire](#) notices will appear at the 10 week, 4 week, 2 week and 2 day mark before the card expiry date and include the:
