DIRECTION TO CHIEF EXECUTIVE OF THE *PLANNING ACT 2016* – CURRENT APPLICATION

I, the Honourable Jarrod Bleijie MP, Deputy Premier, Minister for State Development, Infrastructure and Planning and Minister for Industrial Relations, direct, pursuant to section 95 of the *Planning Act 2016* (the Planning Act), the Chief Executive administering the Planning Act (Chief Executive) to decide the application (the application) stated in the Schedule within 26 business days after the date this direction is gazetted.

The State interests for which this direction is given are –

- (a) an interest that affects an economic or environmental interest of the State or part of the State; and
- (b) the interest of ensuring the Planning Act's purpose is achieved.

The reasons for the direction are –

- (a) The development the subject of the application, involves or is likely to involve, the State interests set out above in particular, the State interests articulated in the *North West Regional Plan 2010* (regional plan) and the *State Planning Policy 2017* (SPP).
- (b) The SPP underscores planning's role in economic growth, supporting both traditional and emerging sectors by:
 - a. emphasising the importance of providing a safe, reliable, and affordable supply of energy for a sustainable Queensland,
 - b. highlighting the importance of safeguarding biodiversity through informed planning and development decisions, and
 - c. ensuring that planning supports community needs and promotes innovative responses to challenges.
- (c) The proposed development is on premises subject to the regional plan which supports growth of energy infrastructure where environmental and social values are protected.
- (d) The proposed development is for a significant wind farm with a large number of turbines and ancillary infrastructure, and substantial clearing. More specifically:
 - a. The application is for a wind farm development incorporating up to 175 turbines together with various types of ancillary infrastructure.
 - b. The wind farm proposes to clear 2,172 hectares of native vegetation.
 - c. The wind farm requires haulage of construction materials and wind farm infrastructure across Queensland's transport network.
- (e) The development is a complex and significant project in relation to the respective potential social, economic and environmental impacts.
- (f) The development application is subject to code assessment under the Planning Act and does not require public notification.
- (g) Planning has a role in economic growth, supporting both traditional and emerging sectors through emphasising the importance of a sustainable energy supply, safeguarding biodiversity and supporting community needs, as reflected in the SPP and the regional plan.
- (h) Pursuant to a direction gazetted on 16 January 2025, under section 95(1)(b) of the Planning Act, I directed the Chief Executive to not decide the application for a period of four months (January Direction).

- (i) The January Direction suspended the assessment of the application, to allow my consideration of the assessment framework that applies to the application having regard to the purpose of the Planning Act to provide an efficient, effective, transparent, integrated, coordinated, and accountable planning system.
- (j) Since the January Direction, I have been provided with additional information about the application.
- (k) I am satisfied that extensive consultation has been undertaken prior to and after lodgement of the application, including consultation with community, a wide range of stakeholders, and the Local Government for the premises.
- (l) I am satisfied that the applicant can provide sufficient information for the application to allow an informed assessment to be undertaken by the Chief Executive as the assessment manager under the Planning Act including with respect to:
- decommissioning and rehabilitation at the cessation of the use, and
 - workforce accommodation impacts.
- (m) Accordingly, I am satisfied that it is appropriate for a further direction to be issued to the Chief Executive under section 95(1)(c) of the Planning Act, to proceed to decide the application within 26 business days after the date this direction is gazetted.
- (n) The effect of this further direction is to restart the balance of the process for administering the application to now permit a decision to be made on the application, noting that the Chief Executive's current period for deciding the application will end 26 business days after the direction is given.
- (o) The decision to issue the direction is compatible with human rights under the *Human Rights Act 2019*.

ELECTORAL COMMISSION OF QUEENSLAND

In accordance with Section 63 of the *Electoral Act 1992*, I have ascertained and set out in Schedule A hereunder, as at the date indicated, the number of electors enrolled in each Electoral District for the State of Queensland and have determined the average district enrolment and the extent to which the number of electors enrolled in each district differs from the average enrolment.

Schedule B indicates the adjusted enrolment for Electoral Districts of 100,000 square kilometres or more in area, being the sum of the number of enrolled electors and the additional large district number as specified in Section 45 of the Act, and the extent to which those districts differ from the average district enrolment in Schedule A.
