Electricity Act 1994

RETAIL ELECTRICITY PRICES FOR CUSTOMERS ON STANDARD RETAIL CONTRACTS AND STANDARD LARGE CUSTOMER RETAIL CONTRACTS

Pursuant to the Certificate of Delegation from the Minister for Energy and Water Supply (dated 12 February 2013) and sections 90(2) and 90AB of the *Electricity Act 1994* (the Electricity Act), I hereby state that the Queensland Competition Authority decided that, on and from 1 July 2014, the notified prices that a retail entity must charge its customers on a Standard Retail Contract or Standard Large Customer Retail Contract (also referred to as a Standard Retail Contract), subject to the provisions of sections 55, 90, 91 and 91A of the Electricity Act, are the applicable prices set out in the attached Tariff Schedule or, as the case may be, the prices obtained by applying the applicable methodology or process set out in the attached Tariff Schedule.

This Tariff Schedule does not apply to customers on a Standard Retail Contract supplied under Origin Energy Electricity Limited's Special Approval number SA02/11 (being customers on a Standard Retail Contract connected to Essential Energy's New South Wales network which extends into southern Queensland). Under the terms of the Special Approval, these customers will generally pay no more for electricity than other Queensland customers on a Standard Retail Contract of similar usage categories or classes.

The Tariff Schedule does not apply to customers in Energex Limited's distribution area who consume 100 megawatt hours (MWh) per annum or more, unless the customer is classified as residential. For a residential customer, including a residential body corporate, there is no maximum consumption threshold. From 1 July 2012, business (non-residential) customers in the Energex distribution area who consume 100 MWh per annum or more do not have access to notified prices.

Eligible customers may access the transitional tariffs in Part 2 of the Tariff Schedule. These tariffs will be available for a set period of time as a transitional measure to assist customers in moving to the alternative cost-reflective tariffs in the future. Customers on the transitional tariffs may opt to transfer to the new cost-reflective tariffs in Part 1 of the Tariff Schedule at any time.

As required by section 90AB(4) of the Electricity Act, the notified prices are exclusive of the goods and services tax ("GST") payable under the *A New Tax System (Goods and Services Tax) Act 1999* (Cth) ("the GST Act").

In addition to the applicable tariff, a retail entity may charge a customer on a Standard Retail Contract an additional amount in accordance with a program or scheme for the purchase of electricity from renewable or environmentally-friendly sources (whether or not that additional amount is calculated on the basis of the customer's electricity consumption), but only if –

- (a) the customer voluntarily participates in such program or scheme;
- (b) the retail entity has obtained the customer's consent (as defined in the Electricity Industry Code) to charge the customer an additional amount (and whether such amount is inclusive or exclusive of GST), provided that if a customer is participating in such a program or scheme at 30 June 2013 the customer is taken to have provided explicit informed consent for the retail entity to charge the customer the additional amount payable under the program or scheme; and
- (c) the retail entity gives the customer prior written notice of any change to the additional amount payable under the program or scheme.

Dated this 30th day of May 2014.

Dr Malcolm Roberts, Chairman
Queensland Competition Authority

TARIFFS FOR UNMETERED SUPPLY INCLUDING STREET LIGHTS, TRAFFIC SIGNALS, WATCHMAN LIGHTING AND TEMPORARY SERVICES

Tariff 71 – Street Lights –

Notified prices for Tariff 71, published in accordance with section 90 of the Electricity Act, will only apply in Ergon Energy Corporation Limited's distribution area. The *Electricity Regulation Amendment (No.1) 2008* provides that, from 1 July 2008, street lighting customers in Energex Limited's distribution area will be defined as market customers and so will not have access to the notified prices.

Street lighting customers are as defined in Queensland legislative instruments, being State or local government agencies for street lighting loads.

Street lights are deemed to illuminate roads. In Queensland, there are two main types of roads, being:

- **Local government roads** – roads for which a local government has control. These roads comprise land that is:
 - dedicated to public use as a road; or
 - developed for (or has as one of its main uses) the driving or riding of motor vehicles and is open to, or used by, the public;
 - a footpath or bicycle path; or
 - a bridge, culvert, ford, tunnel or viaduct,
 and excludes State-controlled roads and public thoroughfare easements; and
- **State-controlled roads** – roads that are declared under the *Transport Infrastructure Act 1994* (Qld) to be a State-controlled road, for which the relevant Minister for that Act has control (i.e. of the Department of Transport and Main Roads).

All consumption will be determined in accordance with the metrology procedure issued by the Australian Energy Market Operator.

All Consumption **34.390 c/kWh**

plus a Service Fee per lamp per day of **0.668 c**

Tariff 91 - Other Unmetered Supply –

Unmetered electricity supply is available to other small loads, as approved by the distribution entity.

Unmetered Supply applies where:

1. the load pattern is predictable;
2. for the purposes of settlements, the load pattern (including load and on/off time) can be reasonably calculated by a relevant method set out in the metrology procedure; and
3. it would not be cost effective to meter the connection point taking into account:
 - (i) the small magnitude of the load;
 - (ii) the connection arrangements; and
 - (iii) the geographical and physical location.

Charges are based on consumption determined by the distribution entity.

All Consumption **22.469 c/kWh**

Charges for installation, maintenance and removal of supply to an unmetered installation may apply in addition to the above charge for electricity supplied. These charges are unregulated.

Part 4**APPLICATION OF TARIFFS FOR CUSTOMERS ON NOTIFIED PRICES – GENERAL**

Customers on a Standard Retail Contract may choose to be charged on any of the tariffs that the retail entity agrees are applicable to the customer's installation and provided that appropriate metering is in place.

Tariffs are applied to the electricity consumed at a connection point (as identified by a National Metering Identifier or NMI), as measured by the meter or meters at that connection point. The distribution entity is responsible for the establishment of connection points. Whilst customers have the ability to, at their expense if applicable, request additional meters at their connection point to enable particular tariff arrangements, the distribution entity will only create a new connection point where they have a legislative right or obligation to do so.

If there has been a material change of use at the customer's premises, such that the tariff on which the customer is being charged is no longer applicable, the retail entity may require the customer to transfer to a tariff applicable to the changed use.

If a change to the customer's meter is required to support the applicability of a tariff, other than Tariff 12 or Tariff 13, to a customer, the customer may request the retail entity to arrange for the required meter to be installed at the customer's cost.

For all tariffs, excluding Tariffs 11, 12 and 13, customers have the option, on application in writing or another form acceptable to the retail entity, of changing to any other tariff that the retail entity agrees is applicable to the customer's installation. Customers shall not be entitled to a further option of changing to another tariff until a period of twelve months has elapsed from a previous exercise of

option. However, a retail entity at the request of a customer may permit a change to another tariff within a period of twelve months if –

- (i) a tariff that was not previously in force is offered and such tariff is applicable to the customer's installation; or
- (ii) the customer meets certain costs associated with changing to another tariff.

Customers previously supplied under tariffs which have now been discontinued or redesignated (whether by number, letter or name) will be supplied under other tariffs appropriate to their installations.

Residential customers have the option, on application in writing or another form acceptable to the retail entity, of switching from Tariff 11 to Tariff 12, or from Tariff 11 to Tariff 13, provided they have the appropriate metering installed. Prior to 30 June 2014, customers will also be entitled to a further option of switching back to Tariff 11 within 12 months following a switch to either Tariff 12 or Tariff 13. Additional charges may apply should a customer wish to switch tariffs again prior to 30 June 2014.

The date of effect of a tariff change will be:

- the date of the last meter read (provided it is an actual meter read, not an estimated meter read); or
- if field work is required to support the change in tariff (e.g. a new meter is required to be installed), the date the field work is completed.

Billing information for application of monthly or annually based charges

The monthly or annual charges shall be calculated pro rata having regard to the number of days in the billing cycle that supply was connected (days) and one-twelfth of 365.25 days (to allow for leap years). That is:

$$Pa = \frac{P \times 12}{365.25} \times \text{days} \quad \text{for monthly charges}$$

$$Pa = \frac{P1}{365.25} \times \text{days} \quad \text{for annual charges}$$

Where Pa is the amount to be billed
 P is the monthly charge
 P1 is the annual charge
 days is the number of days in the billing cycle that supply was connected

Supply Voltage**(a) Low Voltage**

Except where otherwise stated, the tariffs in Parts 1 and 2 will apply to supply taken at low voltage (480/240 volts or 415/240 volts, 50 Hertz A.C., as required by the distribution entity).

(b) High Voltage**(i) Customer plant requirements**

By agreement between the customer and the distribution entity, supply may be given and metered at a standard high voltage, the level of which shall be prescribed by the distribution entity.

Where high voltage supply is given, a customer shall supply and maintain all equipment including transformers and high voltage automatic circuit breakers but excepting meters and control apparatus beyond the customer's terminals.

(ii) Credits where L.V. tariff is metered at H.V.

Where supply is given in accordance with (i) above and metered at high voltage then, except in cases where high voltage tariffs are determined or provided by agreement to meet special circumstances, the tariffs applied will be those pertaining to supply at low voltage ("the relevant tariff"), EXCEPT THAT, after billing the energy and demand components of the tariff, a credit will be allowed of –

- 5 percent of the calculated tariff charge where supply is given at voltages of 11kV to 33 kV; and
- 8 percent of the calculated tariff charge where supply is given at voltages of 66 kV and above,

(provided that the calculated tariff charge after application of the credit must not be less than the Minimum Payment or other minimum charge calculated by applying the provisions of the relevant tariff.)

Card-operated Meters in Remote Communities

If a customer is a small excluded customer for a premises (as defined in section 23 of the Electricity Act), the distribution entity may at its absolute discretion agree with:

- (a) the relevant local government authority on behalf of the customer; and
- (b) the customer's retail entity, that the electricity consumed by the customer is to be measured and charged by means of a card-operated meter.

If, immediately prior to 1 July 2007, electricity being consumed by a customer at a premises is being measured and charged by means of a card-operated meter, the electricity consumed at the premises may continue to be measured or charged by means of a card-operated meter.

The methodology for applying the appropriate tariffs to customers subject to card-operated meters is as follows:

- (a) If electricity supplied to a residential customer is measured and charged by means of a card-operated meter:
 - (i) for Tariff 11 (Residential – Lighting, Power and Continuous Water Heating), all consumption shall be charged at the 'All Consumption' rate (**28.015 cents/kWh**), plus a Service Fee of **83.414 cents** per day shall apply;
 - (ii) for Tariff 31 (Night Rate – Super Economy), all consumption shall be charged at the 'All Consumption' rate (**14.375 cents/kWh**); and
 - (iii) for Tariff 33 (Controlled Supply – Economy), all consumption shall be charged at the 'All Consumption' rate (**20.997 cents/kWh**).
- (b) If electricity supplied to a business customer is measured and charged by means of a card operated meter, all consumption shall be charged at the 'All Consumption' rate under Tariff 20 (General Supply) (**26.222 cents/kWh**), plus a Service Fee of **140.437 cents** per day shall apply.

Other Retail Fees and Charges

A retail entity may charge its non-market customers the following:

- (a) if, at a customer's request, the retail entity provides historical billing data which is more than two years old – a maximum of **\$30**;
- (b) retail entity's administration fee for a dishonoured payment – a maximum of **\$15**; and
- (c) financial institution fee for a dishonoured payment – no more than the **fee incurred** by the retail entity.

Part 5

the drought declaration will be as agreed between Ergon Energy Queensland Pty Ltd and the customer concerned.

Workers' Compensation and Rehabilitation Act 2003 (Q) ('the Act')

WorkCover Queensland Notice (No. 1) of 2014

Part 1—Preliminary matters

1 Commencement

- 1.1 This notice commences on 1 July 2014.
- 1.2 A reference to a 'Section' is a reference to a Section in this notice, unless stated otherwise.

2 Application

- 2.1 Except as provided by this Section, this notice applies to all assessments of premium by WorkCover on or after 1 July 2014.
- 2.2 Parts 2–5 and 7 of this notice do not apply where a worker is a 'household worker'.
- 2.3 A reference to an 'employer' in this notice is a reference to the legal entity that directly employs workers.
- 2.4 From the 2014–2015 financial year ('the 2014–2015 year'), WorkCover Queensland ('WorkCover') is changing to a categorical method for experience rating for employers who declare wages of less than or equal to \$1 500 000 (one million five hundred thousand dollars). In the 2014–2015 year, such employers with WorkCover industry classifications ('WICs') that are not subject to Section 16.1 and Section 16.2 of this notice, will be allocated 'rating categories'. These 'rating categories' are dependent on the relativity of an employer's existing 2013–2014 premium and industry rates.

Part 2—How an employer's WIC is allocated to its policy

3 One WIC to be allocated to employer's policy

- 3.1 Except as provided by Sections 5, 6, 7 and 8, WorkCover will allocate one WIC to an employer's policy.

4 WIC determined by business activity

- 4.1 Except as provided by Sections 5, 6, 7 and 8, WorkCover will allocate to the employer's policy the WIC that WorkCover considers corresponds to or most closely describes the employer's predominant business activity.
- 4.2 Without limiting Section 4.1, in determining the WIC that corresponds to or most closely describes the employer's predominant business activity, WorkCover should have regard to the following matters:
- a) sales of goods and services of the business activity or activities; or the dollar value of production or sales; or both of those;
 - b) the payments or estimated payments made by the employer in its business activities to persons, whether workers or otherwise, and whether engaged directly or through an arrangement with another entity whereby the persons' labour or services are provided to the employer, including persons engaged by a labour hire employer;
 - c) the business activity or activities the employer holds itself out as performing or being ready, willing and able to perform; and/or
 - d) any other matter connected with the employer's business activities that WorkCover considers relevant.

5 Multiple WIC

- 5.1 WorkCover will allocate more than one WIC to an employer where WorkCover considers the employer:
- a) carries on more than one business activity;
 - b) each business activity operates from a separate location; and
 - c) the business activities are not incidental to each other.
- 5.2 For the purposes of Section 5.1c), business activities are incidental to each other if, in whole or in part, they are naturally related to or connected with each other, in particular by reference to whether:
- a) one business activity is unable to exist without the other;
 - b) items produced or acquired in the course of one business activity are essential to the other;
 - c) the business activities have the same customers; and/or
 - d) one business activity provides essential support to the other.
- 5.3 This Section does not apply to a business activity that WorkCover considers to be a separate service entity for the purposes of Section 6.
- 5.4 WorkCover will allocate separate WICs to the employer's policy with each WIC corresponding to, or most closely describing each of the employer's business activities that satisfy Section 5.1.
- 5.5 WorkCover may have regard to any of the matters referred to in Section 4.2 when allocating WICs under Section 5.4.

6 Separate service entities

- 6.1 Subject to this Section, if an employer is a separate service entity, WorkCover will allocate to the employer's policy the WIC it allocates to the policy of the principal business entity in relation to which the employer is a separate service entity.
- 6.2 Subject to Section 6.3, where WorkCover has allocated to the principal business entity more than one WIC (whether or not those WICs have been allocated under the same policy), then WorkCover will allocate to the policy of the separate service entity the WIC allocated to the principal business entity that attracts the higher or highest WorkCover industry premium rate in Schedule 1 Column 3 of the WIC table.
- 6.3 Where an employer can satisfy WorkCover of the proportions of its wages which were paid, or estimated to be paid, for work attributable to each WIC allocated to the principal business entity, WorkCover will allocate to the policy of the separate service entity each WIC allocated to the policy of the principal business entity.
- 6.4 Where the principal business entity is not obliged under the Act to hold a policy with WorkCover, then the WIC to be allocated to the separate service entity's policy is the WIC that WorkCover considers would apply to the principal business entity in Queensland, applying the principles in Section 4, if the principal business entity did have a policy.
- 6.5 Where an entity is concurrently both a separate service entity and a principal business entity and consequently different WICs may, except for this Section, be allocated to the entity, then WorkCover will allocate to the entity the WIC that attracts the higher or highest WorkCover industry premium rate in Schedule 1 Column 3 of the WIC table.

- 6.6 Section 6.7 applies to an employer who is not an 'acquiring employer' and who:
- a) is a separate service entity; and
 - b) in the 2014–2015 year for the first time becomes:
 - i. a separate service entity; or
 - ii. insured under the Act pursuant to a policy with WorkCover.
- 6.7 Subject to Section 6.6, PR₁₄₋₁₅ will be:
- a) equivalent to the PR₁₄₋₁₅ calculated for the principal business entity for the 2014–2015 year; or
 - b) where WorkCover has allocated more than one WIC to the principal business entity, whether or not those WICs have been allocated under the same policy, then WorkCover will allocate to the policy of any separate service entity of the principal business entity the PR₁₄₋₁₅ WIC that attracts the higher or highest PR₁₄₋₁₅ as at 1 July 2014 of the WICs allocated to the principal business entity;
 - c) if the policy for the principal business entity was cancelled immediately prior to 1 July 2014, the PR₁₄₋₁₅ that would have been applied to the policy of the principal business entity had it not been cancelled; or
 - d) where Sections 6.7a), 6.7b) and 6.7c) do not apply and the principal business entity is not obliged to hold a policy under the Act, PR₁₄₋₁₅ will be IR₁₄₋₁₅.
- 6.8 Where WorkCover becomes aware for the first time that an employer is a separate service entity, and has been a separate service entity in previous premium years, WorkCover will be entitled to reassess premium for the employer, by applying the WIC required under this Section, for all previous years in which the employer has been a separate service entity.

7 Labour hire

- 7.1 If the employer is a labour hire employer, WorkCover may allocate the following WICs to the employer's policy:
- 721236, A01100, B06000, C11000, D26000, E30000, F33000, G39000, H44000, I46000, J54000, K62000, L66000, M69000, N72000, O75000, P80000, Q84000, R89000, S94000.
- 7.2 Where the policy of a client business currently has more than one allocated WIC, WorkCover will then allocate to the labour hire employer's policy the WICs listed in Section 7.1.
- 7.3 Where the client business is not obliged under the Act to hold a policy with WorkCover or is a self-insurer, WorkCover will allocate to the labour hire employer's policy the WICs listed in Section 7.1.

8 Group training organisation

- 8.1 The WIC or WICs to be allocated to the policy for a group training organisation is the WIC or WICs determined under this Section.
- 8.2 Where a group training organisation employs a worker who is not referred to in Schedule 2 Part 1 Section 7 of the Act, the WIC to be allocated to the policy for the group training organisation is Group Training Organisation (Category 1).
- 8.3 Where a group training organisation employs a worker who is referred to in Schedule 2 Part 1 Section 5 of the Act, the WIC to be allocated to the policy for the group training organisation is either:
- a) for the part of the period of the placement with another business that the worker is taking leave of any description, or block release training—Group Training Organisation (Category 1); or

b) in all other circumstances, the category WIC of the WIC code in Schedule 1 Column 1 of the WIC table corresponding to the WIC allocated to the policy of the other business.

8.4 Where the other business policy has been allocated more than one WIC, the WIC allocated under Section 8.3 to that other business' policy is the WIC where the worker is engaged.

8.5 For the purposes of Section 8.3, where the other business is not obliged to hold a policy under the Act or is a self-insurer, then the WIC allocated to the other business is the WIC that WorkCover considers would apply to the other business, applying the principles in Section 4, as if it had a policy.

9 Allocation of wages to WIC

9.1 Subject to this Section, premium is to be assessed for each allocated WIC using the amount of wages either paid or estimated to be paid by the employer for each worker wholly or substantially engaged in work activities under that allocated WIC.

9.2 Where WorkCover considers a worker is wholly or substantially engaged in work activities under more than one allocated WIC, then WorkCover will allocate wages paid or payable to that worker to the WIC that attracts the higher or highest WorkCover industry premium rate in Schedule 1 Column 3 of the WIC table.

9.3 Where the allocation of a WIC in respect of a separate service entity has occurred pursuant to Section 6.3, for each such WIC, WorkCover will allocate the amount of wages paid or estimated to be paid by the employer to workers engaged in the separate service entity in the same certain proportion as demonstrated under Section 6.3.

9.4 WorkCover will allocate the wages paid or estimated to be paid to a worker employed by a group training organisation to the relevant WIC determined under Section 8.

9.5 If the employer is a labour hire employer, WorkCover will allocate wages to the WICs listed in Section 7.1 in the following manner:

- a) in respect of WIC 721236, wages are to be allocated in accordance with Section 9.1; and
- b) with the exception of WIC 721236, WorkCover will allocate wages to a WIC or WICs listed in Section 7.1 based on the WIC of the policy of each client business to which the employer supplies workers.

Part 3— Method for calculation of premium for all employers

10 Calculation of premium for the 2014–2015 year

10.1 Subject to Section 11, the following formula is used to calculate premium payable for the 2014–2015 year for the employer's policy:

$$P = EP_{14-15} + AP_{13-14} - EP_{13-14} + FP.$$

11 Adjusted premium where employer ceases liability during the 2014–2015 year

11.1 In addition to premium payable under Section 10, in circumstances where an employer ceases to employ workers during the 2014–2015 year, the premium payable for the period during which the employer was required by the Act to maintain a policy will be calculated in accordance with the following formula:

$$AdP = CAP - EP_{14-15} + FP.$$

12 Calculation of CAP

12.1 CAP is calculated in accordance with the following formula:

$$CAP = W_A \times PR_{14-15}.$$

Part 4—Calculation of estimated premium for the 2014–2015 year (EP₁₄₋₁₅)

13 Calculation of estimated premium

- 13.1 Subject to Section 13.2, EP₁₄₋₁₅ is calculated as the sum of the estimated premium payable (EP_W) in respect of each allocated WIC on the employer's policy.
- 13.2 For the 2014–2015 year, EP will not be less than:
- \$290.00 inclusive of GST and duty for policies that commenced before 1 October 2014;
 - \$217.50 inclusive of GST and duty for policies commencing between 1 October 2014 and 31 December 2014;
 - \$145.00 inclusive of GST and duty for policies commencing between 1 January 2015 and 31 March 2015; and
 - \$72.50 inclusive of GST and duty for policies commencing between 1 April 2015 and 30 June 2015.
- 13.3 To remove all doubt, for the purposes of Section 13.2, WorkCover will charge not less than the amount calculated in Section 13.2, to issue or renew a policy for all or part of the 2014–2015 year, whether or not wages are paid by the policyholder.

14 Calculation of EP_W

- 14.1 EP_W for each allocated WIC on the employer's policy is to be calculated in accordance with the following formula:

$$EP_W = \frac{W \times PR_{14-15}}{100}$$

15 Value for PR₁₄₋₁₅

- 15.1 For the 2014–2015 year, PR₁₄₋₁₅ will be the greater of:
- PR₁₄₋₁₅ calculated under this part (excluding this Section); or
 - 10% x IR₁₄₋₁₅

16 Calculation of PR₁₄₋₁₅

Business activity commenced between 1 July 2014 and 30 June 2015

- 16.1 Except as provided in Sections 19, 20 and 21, PR₁₄₋₁₅ will be calculated in accordance with the following formula PR₁₄₋₁₅ = IR₁₄₋₁₅ for:
- any allocated WIC on a new employer's policy where the employer commences to employ in the 2014–2015 year; or
 - any WIC allocated for the first time to an existing employer's policy as a result of a business activity which the employer commences for the first time in the 2014–2015 year.

Business activity commenced between 1 January 2013 and 30 June 2014

- 16.2 Except as provided in Sections 19, 20 and 21, PR₁₄₋₁₅ will be calculated in accordance with the following formula PR₁₄₋₁₅ = R for:
- any allocated WIC on a new employer's policy where the employer commenced to employ after 31 December 2012 and before 1 July 2014; or
 - any WIC allocated for the first time to an existing employer's policy as a result of a business activity which the employer commenced for the first time after 31 December 2012 and before 1 July 2014 year.

Business activity for employers whose W_{OP} is less than or equal to \$1 500 000 and who commenced before 1 January 2013

16.3 Section 16.4 only applies to employers whose W_{OP} is less than or equal to \$1 500 000 and where Sections 16.1 and 16.2 do not apply.

16.4 PR_{14-15} is calculated using the following method:

a) For each WIC, determine the transitional relativity percentage as follows:

$$\text{transitional relativity percentage} = \frac{PR_{13-14}}{IR_{13-14}} \times 100$$

b) The transitional relativity percentage is used to determine an employer's rating category and PR_{14-15} , in accordance with the following table.

Transitional Relativity Percentage	Rating Category	PR_{14-15}
0 to <90%	Rating 1	80% of IR_{14-15}
90 to <100%	Rating 2	90% of IR_{14-15}
100 to <110%	Rating 3	100% of IR_{14-15}
110 to <120%	Rating 4	110% of IR_{14-15}
120 to <160%	Rating 5	120% of IR_{14-15}
160%+	Transitional Rating	160% of IR_{14-15}

c) In certain circumstances, WorkCover may in its absolute discretion determine an employer's rating independently of Section 16, if necessary.

Business activity for employers whose W_{OP} is more than \$1 500 000 and who commenced before 1 January 2013

16.5 Sections 16.6 to 16.10 inclusive only apply to employers whose W_{OP} is more than \$1 500 000.

16.6 Where Sections 16.1 and 16.2 do not apply, PR_{14-15} is the least of:

- $(E \times Z) + [R \times (1 - Z)]$; or
- $PR_{13-14} \times 1.5$; or
- $IR_{14-15} \times 2$, subject to Sections 16.5 to 16.7; or
- IR_{14-15} , if E as calculated under Schedule 2 is less than IR_{14-15} ; or
- \$18.00.

16.7 When Sections 16.4a)iii) or 16.4b)iii) apply for more than two consecutive periods of insurance, $IR \times 2$ will increase by increments of 1 for every subsequent consecutive period of insurance that Sections 16.a)iii) or 16.4b)iii) continue to apply. For example, if Sections 16.a)iii) or 16.4a)iii) apply for more than two consecutive periods of insurance, then $IR \times 2$ will increase to $IR \times 3$, then $IR \times 4$, then $IR \times 5$, continuing for every subsequent consecutive period of insurance that Sections 16.3a)iii) or 16.4a)iii) continue to apply.

16.8 Section 16.5 will not be applied whilst an employer is participating in the Injury Prevention and Management program.

- 16.9 Should an employer cease participation in an Injury Prevention and Management program during a period of insurance, Section 16.5 may be applied from the beginning of the insurance period.
- 16.10 Notwithstanding Section 16, WorkCover may calculate an employer's premium that takes into account an employer's number and cost of claims during previous financial years.

Part 5—Calculation of actual premium for 2013–2014 year (AP₁₃₋₁₄)

17 Application of this part

- 17.1 This part applies to the calculation of actual premium for the 2013–2014 year.

18 Calculation of AP₁₃₋₁₄

- 18.1 Subject to Section 18.2, AP₁₃₋₁₄ is calculated as the sum of the values of AP_W in respect of each allocated WIC on the employer's policy in the 2013–2014 year.
- 18.2 For the 2013–2014 year AP will not be less than \$290 inclusive of GST and duty.

19 Calculation of PR₁₄₋₁₅ for a new business of an acquiring employer

- 19.1 In this Section, a former employer's PR₁₄₋₁₅ ('FPR₁₄₋₁₅') means:
- if the former employer holds or held a policy under the Act for the 2014–2015 year, its PR₁₄₋₁₅, as calculated in accordance with this part; or
 - if the former employer's policy under the Act had ceased on or before 30 June 2014, the PR₁₄₋₁₅ which would have been calculated in accordance with this part if the former employer had an obligation to hold a policy for the 2014–2015 year.
- 19.2 Where an employer ('an acquiring employer acquires either the whole or part of an existing business ('the acquired business'), then:
- the PR₁₄₋₁₅ for each relevant WIC will be equal to the PR₁₄₋₁₅ of the acquired business' policy at the date of acquisition; and
 - the wages and claims experience of the acquired business will be transferred to the relevant WIC of the acquiring employer.

Where the acquiring employer acquires only a proportion of a business, the wage and claims experience of the acquired business transferred to the acquiring employer will represent the proportion of that wages and claims experience that represents the proportion of the business acquired.

- 19.3 Where an acquiring employer acquires the whole or part of more than one business, then:
- the PR₁₄₋₁₅ to be applied to the relevant WIC policy of the acquiring employer will be calculated by weighting the PR₁₄₋₁₅ of the acquired business and the acquiring employer's relevant policies in proportion to the wages of the acquired businesses and the acquiring employer's relevant policies; and
 - the wages and claims experience of the acquired businesses will be transferred to the relevant WIC of the acquiring employer.
- 19.4 Where the acquiring employer acquires only a proportion of more than one business, the wage and claims experience of the acquired business transferred to the acquiring employer will represent the proportion of those wages and claims experience that represents the proportion of the business acquired.

20 Calculation of PR₁₄₋₁₅ on insuring with WorkCover after cancelling a previous policy

- 20.1 This Section applies if an employer:
- commences to insure with WorkCover; and

- b) was previously insured with WorkCover; and
- c) whose previous policy was cancelled within six months prior to commencing the most recent policy; and
- d) the predominant activity of the employer remains the same as the predominant activity under the previous policy.

20.2 If Section 20.1 applies then:

- a) the employer's previous policy with WorkCover will be reactivated to provide insurance from the time it is reactivated; and
- b) premium will be calculated as if the policy had not been cancelled, by reference to:
 - i) estimated wages for the period from the date the previously cancelled policy is reactivated to 30 June 2015; and
 - ii) the wages and claims history for the previously cancelled policy.

21 Former self-insurer

21.1 Section 21 applies when an employer:

- a) was a self-insurer; and
- b) ceased to be a self-insurer after 30 June 2014; and
- c) insures with WorkCover for accident insurance after 30 June 2014.

21.2 For employers where W_{OP} is less than or equal to \$1 500 000, then PR_{14-15} will equal IR_{14-15} .

21.3 Where Section 21.2 does not apply, WorkCover will calculate a former self-insurer's premium rate that takes into account a former self-insurer's number and cost of claims during previous financial years.

Part 6—Calculation of further premium (FP)

22 Further premium

22.1 Further premium for an employer means an amount, other than assessed premium or provisional premium, payable by an employer to WorkCover under the Act, and includes the following:

- a) arrears of premium; or
- b) interest on premium under the Regulation for payment of premium by instalments; or
- c) an amount of unpaid premium or a payment or penalty payable under Section 57(2) of the Act; or
- d) additional premium for late payment under Section 61 or 62 of the Act; or
- e) additional premium under Section 63 of the Act; or
- f) an amount payable under Section 66 of the Act; or
- g) an amount payable under Section 109(A) of the Act; or
- h) an amount payable under Section 229 of the Act.

22.2 Unpaid premium under Section 25.1 is calculated in accordance with the following formula:

$$UP = UW \times PR_{14-15}.$$

Part 7—Default assessment

23 Default assessment of premium

- 23.1 Subject to this part, where WorkCover makes a default assessment in lieu of; or in addition to, assessment for premium under Section 10, the employer's default premium in the 2014–2015 year is to be assessed in accordance with the following formula:

$$DP_{14-15} = DEP_{14-15} + DAP_{13-14} - EP_{13-14} + FP.$$

24 Default assessment of adjusted premium

- 24.1 Subject to this part, where WorkCover makes a default assessment in lieu of; or in addition to, assessment of premium under Section 11, then the employer's default premium in the 2014–2015 year is to be assessed in accordance with the following formula:

$$DAdP_{14-15} = DCAP - DEP_{14-15} + FP.$$

25 Principles to be applied in default assessments

- 25.1 Where WorkCover makes a default assessment, WorkCover must have regard to the matters and principles contained in Parts 2–5 of this notice wherever possible.

26 Minimum default assessment

- 26.1 DAP_{13-14} , DEP_{14-15} or DCAP calculated under this part will not be less than \$500 inclusive of GST and duty.

- 30.1 The guidelines to apply to all actuarial estimates used in calculating premium payable by a former self-insurer after cancellation of the self-insurers licence is set out in Schedule 3 of this notice.

31 GST and duty

- 31.1 The amount payable as premium may be increased to take account of the following:

-
