Integrated Planning Act 1997

PUBLIC NOTICE
FRASER COAST REGIONAL COUNCIL
ADOPTION OF A PLANNING SCHEME POLICY AMENDMENT
FOR THE CITY OF HERVEY BAY

Notice is given under the *Integrated Planning Act 1997*, schedule 3 that on 12 November 2008, the Fraser Coast Regional Council adopted an amendment of a planning scheme policy for the City of Hervey Bay.

The planning scheme policy is the Hervey Bay City Planning Scheme Policy No. 1 – Policy for the Provision of Public Open Space.

The purpose and general effect of the planning scheme policy amendment is to:

- reduce the Industry Zone contribution rate for Reconfiguring a Lot from \$19.00 per square metre of the lot or site area to \$5.00 per square metre of the lot or site area;
- incorporate provisions relating to Reconfiguring a Lot applications that allow previous open space contributions to be credited and that additional open space contributions only be required when the reconfiguration will increase demand of public open space; and
- ensure that contribution rates for all commercial and residential zones are reflected.

The planning scheme policy will have effect on and from 12 November 2008.

Copies of the planning scheme policy is available for viewing on Councils website (www.frasercoast.qld.gov.au) or inspection and purchase at the Hervey Bay City Customer Service Centre, 77 Tavistock Street, Torquay and Maryborough City Customer Service Centre, 431-433 Kent Street, Maryborough.

A copy of the planning scheme amendment is also available for inspection at the Department of Infrastructure and Planning, in the Planning Information Area, Level 12, Forestry House, 160 Mary Street, Brisbane.

Integrated Planning Act 1997

PUBLIC NOTICE
FRASER COAST REGIONAL COUNCIL
ADOPTION OF AMENDMENT 02.2007 TO THE PLANNING SCHEME
FOR THE CITY OF HERVEY BAY

Notice is given under the *Integrated Planning Act 1997*, schedule 1 that on 12 November 2008, the Fraser Coast Regional Council adopted an amendment to the planning scheme for the City of Hervey Bay.

The planning scheme amendment will have effect on and from 12 November 2008.

The purpose and general effect of the amendment removes PC 5 in the House Code and PC 3 in the Industrial Uses Code as:

- higher order overlay codes (namely the Natural Areas Overlay Code, the Bushfire Hazard Areas Overlay Code, and the Extractive and Mineral Resources Overlay Code) currently exist within the Hervey Bay Planning Scheme 2006 and regulate development within areas identified on the Planning Scheme maps;
- they were unintentionally triggering a large number of development applications for material change of use, despite proposed developments complying with self-assessable provisions within the aforementioned Overlay Codes; and
- the volume of development applications that were being triggered by PC 5 and PC 3 was in excess of sixty (60) per month, which was unnecessarily delaying development by triggering code assessable applications for what would otherwise be self assessable development.

Copies of the planning scheme amendment is available for viewing on Councils website (www.frasercoast.qld.gov.au) or inspection and purchase at the Hervey Bay City Customer Service Centre, 77 Tavistock Street, Torquay and Maryborough City Customer Service Centre, 431-433 Kent Street, Maryborough.

A copy of the planning scheme amendment is also available for inspection at the Department of Infrastructure and Planning, in the Planning Information Area, Level 12, Forestry House, 160 Mary Street, Brisbane.

QUEENSLAND GOVERNMENT VACANCIES GAZETTE

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered deployees who apply for an advertised job will be considered before other applicants. The symbol (g) appears next to vacancies where an exemption from this requirement applies. Deployees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

CONTINUOUS APPLICANT POOLS

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

MULTI-AGENCY POOLS

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

HOW TO APPLY

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at www.jobs.qld.gov.au. The information kit will include:
 - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
 - a job information package, outlining the procedure for preparing and sending in your application, and
 - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
 - completed cover sheet (available on jobs online or in the kit mailed to you)
 - covering letter
 - resumé / curriculum vitae
 - names and contact details of (2) referees, and
 - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

*CLASSIFICATION OF FILMS ACT 1991***APPLICATION AS AN APPROVED ORGANISATION**

Applicant: Judith Wright Centre of Contemporary Arts

Requirements: Section 56(2)

- (a) In its application submitted by the Program Coordinator, the applicant clearly demonstrates the primary purpose of the organisation is to screen films for a public audience.
- (b) It is clear the organisation intends to screen artistic and cultural films for the community.
- (c) The applicant has become familiar with the film classification guidelines, and understands the criteria for the screening of films publicly.
- (d) The applicant also appears to have knowledge of the restrictions applying to the different classifications and has indicated it will comply with the usual conditions that apply to cinema admissions.

The purpose of Part 7 of the Act is to allow organisations to show films subject to conditions. This enables films to be shown which may not otherwise be screened due to financial constraints, and the lack of a dedicated audience, particularly, those films depicting a certain artistic type.

The applicant satisfies the requirements demanded by the legislation, and there is nothing to suggest the applicant should not be approved as an Approved Organisation. Therefore, I consider the application approved and hereby do so.

 - (b) those persons are bound and benefited by the Easement both individually and in each combination of them jointly.
- 1.3 A reference in the Easement to a person includes a reference to a body corporate (including a local government) and every other kind of legal person.
- 1.4 The Easement is intended to burden the land described in Schedule 1 and in accordance with the *State Development and Public Works Organisation Act 1971* and the process set out in section 6(2) of the *Acquisition of Land Act 1967*. The Coordinator-General is a public utility provider under the *Land Title Act 1994* and the *Land Act 1994*. The Easement may be registered as a public utility easement.

 - (g) take anything onto the Easement Area and use and operate what has been taken onto the Easement Area; and
 - (h) do on the Easement Area anything which in the Coordinator-General's opinion is necessary or convenient for, or incidental to, exercising the Coordinator-General's rights under the Easement, including, as examples but without limitation:

- (1) stockpiling Infrastructure or items required for or relating to the installation, repair, maintenance, removal, replacement, cleaning, clearing, addition or alteration of Infrastructure;
- (2) stockpiling soil dug up on or from under the Easement Area; and

- 2.2 The Coordinator-General shall have the right to authorise, permit or license other parties to use the Easement Area for all or any of the purposes as the Coordinator-General may do so under the Easement, and otherwise to exercise the same rights and powers as the Coordinator-General under the Easement subject to all the conditions and restrictions upon such rights as are set out in the Easement.

- (h) not cause a nuisance that adversely affects the Coordinator-General's rights and powers under the Easement or any Infrastructure on the Easement Area from time to time, but if any nuisance is caused, then promptly abate such nuisance;
- (i) use the Landowner's best endeavours to prevent anyone else doing any of the things that the Landowner is required not to do under the Easement and not allow or authorise anyone else to do any of those things;
- (j) not interfere with or obstruct the Coordinator-General in the exercise or enjoyment of its rights and powers under the Easement; and

4 OTHER MATTERS

4.2 Fences

If the Coordinator-General pulls down or breaks open any fencing under the Easement:

The Landowner will execute every deed, instrument, assurance or other document and do all such things as may be necessary to secure the rights of the Coordinator-General conferred by the Easement as the Coordinator-General may reasonably require, including (without limitation) obtaining the consent of any person necessary and producing the title document for the Easement Area and executing all documents necessary to give effect to any proposed assignment, transfer, encumbrance or other dealing by the Coordinator-General in respect of the Easement Area.
