Coal Mining Safety and Health Act 1999

ESTABLISHMENT OF A BOARD OF INQUIRY NOTICE (No 01) 2020

Short title

1. This notice may be cited as the *Establishment of a Board of Inquiry Notice (No 01) 2020*.

Minister may establish a board of inquiry about a serious accident or high potential incident [s.202(1) of the Act]

2. Notice is hereby given that **The Hon. Dr Anthony Lynham MP**, Minister for Natural Resources, Mines and Energy has established a board of inquiry, whose membership is specified in Schedule 1 and terms of reference are specified in Schedule 2, about a serious accident that occurred at Grosvenor mine on 6 May 2020 and various high potential incidents involving longwall-related exceedances of methane that occurred in the Queensland coal mining industry between 1 July 2019 and 5 May 2020.

SCHEDULE 1

Board of inquiry membership

1.1 Retired District Court Judge Terry Martin SC (chairperson)

1.2 Professor Andrew Hopkins AO

SCHEDULE 2

Terms of reference of board of inquiry

2.1 In accordance with part 12 of the Act, the board is to:

- i. inquire into the incidents described in subparagraphs a. to e.:
 - a. the serious accident that occurred at Grosvenor mine (operated by Anglo Coal (Grosvenor Management) Pty Ltd) on 6 May 2020, which resulted in serious injuries to five coal mine workers;
 - b. the 27 high potential incidents that occurred at Grosvenor mine (operated by Anglo Coal (Grosvenor Management) Pty Ltd) involving exceedances of methane (>2.5%) in and around the longwall on various dates between 1 July 2019 and 5 May 2020;
 - c. the 11 high potential incidents that occurred at Grasstree mine (operated by Anglo Coal (Capcoal Management) Pty Ltd) involving exceedances of methane (>2.5%) in and around the longwall on various dates between 1 July 2019 and 5 May 2020;
 - d. the single high potential incident that occurred at Moranbah North mine (operated by Anglo Coal (Moranbah North Management) Pty Ltd) involving an exceedance (>2.5%) of methane in and around the longwall between 1 July 2019 and 5 May 2020;
 - e. the single high potential incident that occurred at Oaky North mine (operated by Oaky Creek Holdings Pty Limited) involving an exceedance of methane (>2.5%) in and around the longwall between 1 July 2019 and 5 May 2020.

(the incidents)

- ii. determine the nature and cause of the serious accident and, in doing so, make findings of fact about any factors that, in the board's view, contributed materially to the cause of the serious accident;
- iii. assess and determine whether the operational practices and management systems in existence at each of the mines or at corporate levels above them at the time the incidents occurred were adequate and effective to achieve compliance with the relevant safety laws and standards;
- iv. make recommendations for mine operators, relevant obligation-holders and other relevant parties for improving safety and health practices and procedures for mitigating against the risk of similar incidents occurring in the future, including, where relevant, recommendations directed to the nature of any particular employment arrangements which may be better apt to ensure acceptable risk levels to workers;

- v. make any other recommendations that the board considers appropriate having regard to its findings;
 - vi. provide the Minister with an interim report, by 31 August 2020;
 - vii. provide the Minister with a report, suitable for publication, about its findings and recommendations, by 30 November 2020.
- 2.2 Subject to section 215 of the Act, the board is to conduct its inquiry and deal with any evidence it may receive in such a way as to minimise the likelihood of prejudicing any contemporaneous investigations or any current or future proceedings, including investigations and proceedings for offences under the Act.
- 2.3 The board is to conduct its inquiry and deal with any evidence it may receive in such a way as to minimise, so far as possible, a person's exposure to reprisal of the kind mentioned in section 275AA of the Act, where the person is giving evidence to the board and has identified that they fear reprisal as a result of giving evidence to the board, including conducting private hearings where considered appropriate and as permitted by section 208 of the Act.
- 2.4 The board may, if it considers it appropriate, provide the Minister with a separate report to that mentioned in 2.1(vi) or 2.1(vii), about any matters it considers are not suitable for publication, because publication might reasonably prejudice other investigations or proceedings, or if for other reasons the board considers the contents of the separate report should not be made public pursuant to section 203 of the Act.
- 2.5 However, if the board provides the Minister with a separate report under 2.4, any report provided under 2.1(vi) or 2.1(vii) must contain a statement that the board has provided the Minister with a separate report and the reasons for providing a separate report.
- 2.6 The board may hold hearings at times and in places, and in a manner, it considers appropriate, including holding hearings by way of audio or visual link.
- 2.7 The board may inspect or conduct a viewing of a place as reasonably necessary to inform its proceedings.
- 2.8 The board may, where it considers it appropriate, collaborate and share information with any investigative authorities in order to assist any investigations into the incidents.
- 2.9 Nothing in these terms of reference shall be taken to limit the board's powers and functions under part 12 of the Act.

ENDNOTES

1. Made by the Minister on 22 May 2020.
 2. Published in the Gazette on 22 May 2020.
 3. Not required to be laid before the Legislative Assembly.
 4. The administering agency is the Department of Natural Resources, Mines and Energy.

DECLARATION OF A SCHEME UNDER THE *ELECTRICAL SAFETY ACT 2002*

I, BRIAN RICHARDSON, Director Equipment Safety and Licensing, Electrical Safety Office, Office of Industrial Relations, being the delegate of the regulator acting under Part 2A, Division 3, Section 48J of the *Electrical Safety Act 2002*, hereby declare UL International New Zealand Ltd, NZ Company Number 1983441 as a Recognised External Certification Scheme (RECS).

The establishment of the RECS is effective from the date of publication of this notice in the Queensland Gazette and is for a period of 5 years.

In accordance with the *Electrical Safety Act 2002 Act*, Part 2A, Division 3, Section 48J and the *Electrical Safety Regulation 2013*—Part 7 In-scope electrical equipment, Division 8 Recognised external certification schemes – I, Brian Richardson Director Equipment Safety and Licensing, Electrical Safety Office, Office of Industrial Relations, being the delegate of the regulator impose the following conditions on the declared scheme:

Standard Conditions:

1. All certificates issued under the Electrical Equipment Safety System (EESS) by the Recognised External Certification Scheme (RECS) shall be in accordance with these conditions, the *Queensland Electrical Safety Act 2002*, *Electrical Safety Regulation 2013*, and the Equipment Safety Rules as current at the time of issuing the certificate. The RECS shall also adhere to any rulings, interpretations or other guidance material issued by the regulator or as published on a website by the regulator.
2. The RECS shall not authorise or otherwise permit persons to conduct assessments on certificate applications, or make determinations to issue certificates if those person's details were not originally supplied with the application to become a RECS and accepted, or whose details were subsequently supplied to and accepted as suitable by the regulator. All certification processes shall be conducted in Australia or New Zealand by the persons authorized.
3. The RECS shall remain independent of any other parts or processes involved in the in-scope electrical equipment supply chain (that includes: design, manufacture, import, testing, consultancy, sale of in-scope electrical equipment), nor shall they be involved in work of, or act as, a consultant or agent or lobbyist for persons or companies involved in those processes. The RECS will not engage persons to assess applications for certification, or decide on certification, or to be involved in any other processes that relate to assessment or decisions for RECS certification (such as, but not limited to, training of staff, assessment of competency, writing of policies and procedures for certification), if those persons conduct other work in the supply chain of in-scope electrical equipment, unless the person and activity is accepted by the Regulator prior to the activity occurring. Such other work includes, but is not limited to, designing, importing, manufacturing or selling in-scope electrical equipment, consultancy, compiling documents for application for certification, testing of the in-scope electrical equipment or supervising or training of people conducting any of that work.
4. During the period of recognition as a RECS, the RECS shall notify the regulator of any material change related to the information supplied with the related application to become a RECS within two weeks of any such change. Such change includes but is not limited to: change of ownership, change of directors, change of senior officers of company, change of personnel involved in certification processes as a RECS, relocation of business premises or places where certification processes are conducted, changes to procedures.

5. The RECS shall allow the regulator access to the RECS within 3 working days of a request by the regulator, including participating in random and/or scheduled auditing of files by the regulator. Such access may include making available files, the staff involved in the assessment of an application for certification, the staff involved in making decisions to issue a certificate, making available the physical location where assessment and decisions for certification occur and all records and documentation relating to any certificate or the process of assessing and issuing of certificates.
6. All certificates issued will be in accordance with the requirements of the Equipment Safety Rules and based on test reports that meet the requirements of the Equipment Safety Rules unless otherwise agreed to by the Regulator. The RECS shall maintain suitable records of the equipment certified to be able to verify this condition.
7. If a certificate is issued, the RECS shall provide written documentation of the details of certification to the applicant related to that certificate. If the certification status changes the RECS shall give written documentation to the certificate holder of the changed certification status.
8. The RECS shall execute the Electrical Equipment safety system (EESS) database – Recognised External Certifier Access Deed and ensure at least one appropriate Staff member executes the Electrical Equipment safety system (EESS) database – Recognised External Certifier Deed of Acknowledgment (named Users). Unless otherwise agreed to by the regulator the RECS shall ensure the relevant equipment certification details are uploaded onto the certification database within three days of issue of the certificate.
9. The RECS shall cancel, suspend or amend any details relating to a certificate within three days of written advice from the regulator. The RECS shall update the certificate details on the certification database to align with the status of the certificate within one day of making the required change.
10. The RECS shall cancel, suspend or amend any details relating to a certificate that they identify as having been issued incorrectly (either through failing of certifier or failing of applicant supplied information or failing in the safety standards applied) and inform the regulator within 5 days, in a form acceptable to the regulator,
11. The RECS shall not extend a certificate beyond the initial expiry date without evidence of compliance to the relevant standard as in force at the time of extension unless written exemption to this requirement is given by the regulator, the duration of extension is agreed to by the regulator.
12. Where the RECS issues an additional certificate or modification to an existing certificate to include additional equipment on that certificate the RECS shall ensure the equipment on the certificate falls within the definition of ‘family’ as indicated with the Equipment Safety Rules, and shall ensure the additional equipment listed on the certificate is compliant to the relevant standard listed on the existing certificate.
13. The RECS shall inform the regulator within 5 days, in a form acceptable to the regulator, of any applications for certification that were refused by the RECS.
14. The RECS shall inform the regulator, in a form acceptable to the regulator, within five days of becoming aware of equipment certified by the RECS that no longer meets the conditions of the issued certificate.
15. The RECS shall only issue certificates identified as being a RECS issued certificate for equipment within the scope of the RECS accreditation. If any accreditation status changes (either RECS status or status of accreditation listed in the application for RECS) any further certificates issued will only be within the scope of the changed accreditation. The RECS will ensure any certificates issued by the RECS that relate to electrical equipment that is not in the scope of the RECS recognition will be clearly identified as not being a certificate issued under the regulator’s recognition of the RECS and details of the certificate will not be placed on the certification database.
16. A RECS shall not indicate there is authorisation of the use of the RCM mark on electrical equipment where that use is not consistent with the requirements of AS/NZS 4417 standards and electrical safety legislative requirements.
17. The RECS shall not make statements or provide advice that may be considered to bring the EESS into disrepute or otherwise cause harm to the implementation and application of the EESS. The RECS shall not offer their ‘interpretation’ of the requirements of the equipment safety rules or requirements for certification issued by the RECS that are inconsistent with the interpretations given by the regulator or as published on a website by the regulator. If any ‘interpretation’ of the Equipment Safety Rules or certification offered by a RECS is found to be inconsistent by the regulator the RECS will take immediate steps to rectify the information previously offered and will not continue to offer that ‘interpretation’.
18. The RECS shall not misrepresent their RECS accreditation or offer information in relation to the EESS and/or their accreditation as a RECS that may mislead persons in relation to the extent of acceptance of themselves or any other organisation by electrical safety regulators; recognition of certificates not within the scope of the RECS accreditation; recognition or endorsement of any other products or services offered by the RECS. The RECS shall not misrepresent to the ESO any details of their organization, or withhold from the ESO any information that may show they do not comply with the requirements to maintain their RECS accreditation.
19. Unless the information obtained by a RECS from the regulator has been made public by the regulator, the RECS shall consider the information obtained from the regulator as confidential information and shall not disclose or use the information without the written consent of the regulator unless required by law.

20. The RECS shall not act as a consultant, or offer consultancy, or exclusively offer the services of a consultant or test facility. The only exceptions being the RECS may assist the applicant for certification by acting as an authorised representative to register the equipment to the responsible supplier; offering general information on electrical equipment safety requirements; details of requirements relating to the RECS process for application for certification; information on the various test facilities or consultants that the applicant may utilise to assist in their application process.
21. The RECS shall not specify particular consultants or test facilities that an applicant for a certificate of conformity or certificate of suitability must use. The RECS shall not indicate, intimate, suggest or otherwise recommend a particular consultant, testing facility or other person/company would be able to give a service that would cause the RECS to reduce the appropriate assessment and verification processes of the RECS. The RECS shall not engage in agreements or advertising of agreements or other activities that may be seen to compromise the independence and impartiality of the RECS in the performance of the RECS function.
22. The RECS shall inform the ESO without delay of any circumstances that may cause the RECS to not be able to perform its functions in accordance with the Equipment Safety Rules, these conditions and Queensland electrical safety legislative requirements.
23. The RECS shall make arrangements such that if the RECS cease to trade all files relating to certificates issued as a REC are to be made available to the regulator.
24. These conditions do not in any way inhibit the regulator from exercising powers under the *Electrical Safety Act 2002* or *Electrical Safety Regulation 2013* to amend, revoke or vary conditions or to act on regulators own initiative to vary or impose new conditions. Any variations to the requirements of these conditions shall be in writing and shall form part of these conditions.
25. Disputes as to interpretations or application of the Queensland *Electrical Safety Act*, *Electrical Safety Regulation*, and the Equipment Safety Rules shall in the first instance be referred to the regulator for consideration.
26. The RECS shall maintain suitable professional indemnity, public liability and business continuity insurances commensurate with the level of risk of work undertaken.
27. The RECS shall, upon request by the Regulator for information or a specified report, furnish such reports or information to the ESO within 5 days, or a time longer if agreed by the ESO.
28. A RECS shall not place themselves in a position where a conflict of interest may arise in relation to issuing of certificates. Any real or perceived conflict of interest shall be resolved to the satisfaction of the regulator. As part of maintaining the independence of certification process of a RECS, the RECS shall not be part of any processes to lobby to government or any other body on behalf of requirements or criteria or actions demanded by designers, manufacturers, importers, sellers of in-scope electrical equipment, or bodies who are involved in acting as a consultant or agent or lobbyists for persons or companies involved in those processes. This includes RECS shall not be members of associations formed for the purposes of advancing interests of the above. This does not preclude a RECS being part of an independent association aimed at representing interests of certification bodies or participating on bodies to develop equipment safety standards ('equipment safety standards' does not include the standards related to use of the RCM mark or risk levels of equipment).

NOTICE OF APPOINTMENT

In accordance with section 24 of the *Constitution of Queensland 2001*, His Excellency the Governor, acting by and with the advice of the Executive Council, has been pleased to appoint Julieanne Claire Gilbert MP as Assistant Minister for Treasury from 21 May 2020.

As Assistant Minister, the abovementioned is to perform the functions of an Assistant Minister as may be decided by the Premier from time to time.

ANNASTACIA PALASZCZUK MP
PREMIER AND MINISTER FOR TRADE

DIRECTIVE 02/20

Supersedes: N/A

**Minister for Industrial Relations Directive:
Recognition of Previous Service for Employees of Queensland
Corrective Services who have Transitioned from Engaged Service
Providers****This text box does not form part of the directive**

Under the *Human Rights Act 2019* decision makers have an obligation to act and make decisions in a way that is compatible with human rights, and when making a decision under this directive, to give proper consideration to human rights.

1. Purpose:

To prescribe the entitlements for recognition of previous service and employment when a person is appointed or engaged to work in Queensland Corrective Services and the Queensland public service, after transitioning from an engaged service provider.

2. Effective Date: 29 May 2020**3. Legislative authority:**

Sections 53 and 54(1) of the *Public Service Act 2008*.

Sections 51 and 52 of the *Public Service Act 2008* apply if there is a conflict with an Act, regulation or industrial instrument.

4. Application:

This Directive applies to public service employees who have been appointed or engaged to work in Queensland Corrective Services:

- who are corrective services officers appointed under the *Corrective Services Act 2006*; and
- who were employed by an engaged service provider at the Arthur Gorrie Correctional Centre or at the Southern Queensland Correctional Centre and who become employed by Queensland Corrective Services on the transition date.

DIRECTIVE**5. Entitlement**

- 5.1. Employees covered by this directive are entitled to recognition of previous service and entitlements as prescribed by this directive.
- 5.2. A transitioning employee is eligible to have their previous service and entitlements with a former employer recognised under this directive if they were employed by a former employer and have not had a break in service of more than three months between their employment with a former employer and commencing their employment with Queensland Corrective Services.

- 5.3 Nothing in this directive entitles a transitioning employee to claim the benefit of a right or entitlement more than once for the same period of service.

6. Definitions

- 6.1 **"employee"** means a public service officer appointed under section 119 of the *Public Service Act 2008* (the Act); a general employee employed under section 148(2)(a) of the Act; a temporary employee employed under section 147(2)(a) of the Act or a casual employee employed under section 147(2)(b) or section 148(2)(b) of the Act; and who are corrective services officers appointed under the *Corrective Services Act 2006*.
- 6.2 **"engaged service provider"** means an entity previously engaged by the State of Queensland to assume responsibility for the operation and management of the Arthur Gorrie Correctional Centre, or the Southern Queensland Correctional Centre, service with which as a former employer is being recognised under this Directive.
- 6.3 **"former employer"** means the engaged service provider that was the employer of the transitioning employee prior to the transition from Arthur Gorrie Correctional Centre, or the transition from Southern Queensland Correctional Centre, to Queensland Corrective Services for which service is being recognised, and includes a predecessor of a former employer where there was a transmission of business or change in the corporate identity of the engaged service provider and both the previous and successor employers were an engaged service provider.
- 6.4 **"previous employment"** means employment with a former employer of a transitioning employee that is recognised under this directive.
- 6.5 **"transition date"** means the date on which the transitioning employee commences employment with Queensland Corrective Services, provided there is no break in service exceeding three months between their previous employment with a former employer and their employment with Queensland Corrective Services.
- 6.6 **"transitioning employee"** means an employee who was employed by a former employer who commences employment with Queensland Corrective Services within three months of their employment with the former employer ceasing due to the State of Queensland assuming responsibility for the operation and management of the Arthur Gorrie Corrective Centre or the Southern Queensland Correctional Centre.

7. Entitlement on appointment – leave

- 7.1 To the extent provided in this Directive, the previous employment of a person to whom this directive applies with a former employer is to be counted for the purposes of calculating –
- annual leave accumulation and entitlement;
 - sick leave accumulation and entitlement;
 - long service leave accumulation and entitlement; and
 - paid parental leave.
- 7.2 Where a transitioning employee had an entitlement to annual leave as at the date of ceasing duty with the former employer and has received payment of a cash equivalent on termination of employment from the former employer, the transitioning employee is not entitled to claim annual leave accruals or payment from Queensland Corrective Services for the same period of service.
- 7.3 Where a transitioning employee had an entitlement to long service leave as at the date of ceasing duty with the former employer and has received payment of a cash equivalent on termination of employment from the former employer, the transitioning employee is not entitled to claim long service leave accruals or payment from Queensland Corrective Services for the same period of service.
- 7.4 Where the transitioning employee has been paid a cash equivalent of any portion of accrued sick leave as at the date of ceasing duty with the former employer, the payment must be taken into

consideration in determining any entitlement to be transferred to Queensland Corrective Services. That is, the transitioning employee is not entitled to claim sick leave accruals or payment from Queensland Corrective Services for the same period of service.

- 7.5 The recognition of previous casual employment is limited to determining service for long service leave and paid parental leave purposes only.

8. Entitlement on appointment – salary payable

- 8.1 Subject to the provisions of any relevant industrial instrument, the chief executive will count the previous employment of a transitioning employee with a former employer for the purpose of calculating salary payable (i.e. classification and paypoint).
- 8.2 Translation for correctional employees' classifications will be to the closest equivalent classification and salary level to the current role, service and qualification (if relevant) of each transitioning employee.
- 8.3 Translation for Administrative Officers, Professional Officers and Operational Officers roles will be to the next nearest paypoint within the same classification level as the transitioning employee's salary at the transition date.
- 8.4 Notwithstanding clauses 8.2 and 8.3 above, Queensland Corrective Services will maintain the salary of any transitioning employees who, at the transition date, were being paid by the former employer at a rate higher than the relevant classification and salary rate that they are translated to. That salary maintenance will continue until the Queensland Corrective Services payrates catch up to the higher rate.

9. Probation

- 9.1 A transitioning employee will not be required to complete a period of probation with Queensland Corrective Services, unless at the transition date they were within a probation period with a former employer. The probation period will continue and they will be required to complete the balance of the probation period with Queensland Corrective Services.

10. Waiving of further qualifying period – long service leave

- 10.1 A transitioning employee given recognition of previous employment and who has been paid a cash equivalent of long service leave by the former employer is not required to complete any further qualifying period in order to be granted long service leave.

11. Annual Leave, Long Service Leave and Sick Leave

11.1 Information requirements

Recognition of a transitioning employee's previous employment for annual leave, long service leave and sick leave purposes is to be based on the following information obtained from that transitioning employee's former employer –

- (a) details of service, including but not limited to the date of commencement, positions held and remuneration and classification levels held by the transitioning employee throughout their employment with the former employer;
- (b) details of annual leave accumulated balance;
- (c) details of any cash equivalent of annual leave paid at the date of termination;
- (d) details of sick leave accumulated balance;
- (e) details of any cash equivalent of sick leave paid at the date of termination;
- (f) details of any long service leave accumulated balance;
- (g) details of any cash equivalent of long service leave paid at the date of termination;
- (h) details of any undertakings given in relation to the non-acceptance of a cash equivalent of long service; and

(i) details of any special leave without salary granted together with the reasons for such leave.

11.2 The accruals and balance of long service leave will be in accordance with the above for the previous employment to the transition date, despite the operation of Directive 11/18 Long Service Leave, which will apply with the relevant industrial instruments from the commencement of employment with Queensland Corrective Services on the transition date.

11.3 Calculation of entitlements

Entitlements for this Directive are to be calculated by applying the following formula:

$$E = (S \times AR) - LT$$

Where –

E = entitlement

S = years of service

AR = accrual rate applicable to appointed position

LT = leave taken

The accrual rate for sick leave is 10 days per year of service. The accrual rate for long service leave is 0.86667 weeks per year of service with a former employer, up to the transition date. The accrual rate for long service leave after the transition date will be as per the transitioning employee's entitlement to long service leave as a public service employee.

The accrual rate for annual leave will be as per the transitioning employee's industrial instrument with the former employer.

11.4 Accruals Conversion for Administrative Officers, Professional Officers

Administrative Officers and Professional Officers transitioning from a former employer to Queensland Corrective Services are moving from 38 ordinary weekly working hours to 36.25 ordinary weekly working hours. Leave balances for Administrative Officers and Professional Officers will be recognised and converted on the basis that 1 week of 38 hours or 1 day of 7.6 hours with a former employer will become 1 week of 36.25 hours or 1 day of 7.25 hours with Queensland Corrective Services.

12. Paid parental leave

12.1 Where a transitioning employee has service recognised for long service leave and/or sick leave purposes under this directive, service shall also be recognised for the purposes of the qualifying period under the Ministerial Directive titled *Paid Parental Leave*.

13. Continuing parental leave

13.1 Employees on periods of parental leave from their employment with a former employer who are offered and accept employment with Queensland Corrective Services from the transition date, will have their periods of parental leave recognised and continued.

13.2 Transitioning employees on parental leave shall have all of the return to work rights and entitlements for parental leave as if the parental leave had been approved by and taken with Queensland Corrective Services.

14. More than one former employer/s

14.1 No service prior to the most recent period of service with the former employer is to be recognised, unless as provided for in 14.2. A transitioning employee's most recent period of service with the former employer includes any period of continuous service which has not been broken by a period of three months or more.

- 14.2 In rare circumstances there may be more than one former employer. This would only occur where the person seeking recognition has been engaged by both of the defined former employers. Where there is more than one former employer, service with each of the former employers is to be recognised, provided there has been no break in service in excess of three months.
