## QUEENSLAND GOVERNMENT VACANCIES GAZETTE

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered employees who apply for an advertised job will be considered before other applicants. The symbol (h) appears next to vacancies where an exemption from this requirement applies. Employees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

### CONTINUOUS APPLICANT POOLS

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

### MULTI-AGENCY POOLS

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

### HOW TO APPLY

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at [www.jobs.qld.gov.au](http://www.jobs.qld.gov.au). The information kit will include:
  - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
  - a job information package, outlining the procedure for preparing and sending in your application, and
  - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
  - completed cover sheet (available on jobs online or in the kit mailed to you)
  - covering letter
  - resumé / curriculum vitae
  - names and contact details of (2) referees, and
  - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

## SCHEDULE 2

### Rights and Obligations Under Easement

#### 1 INTERPRETATION

##### 1.1 In this Schedule:

“**Burdened Land**” means the land over which the Easement is taken.

“**Coordinator-General**” means The Coordinator-General, the corporation sole constituted under the *State Development and Public Works Organisation Act 1971* and where the context permits, the servants, agents, contractors, subcontractors and licensees of the Coordinator-General and other persons authorised by the Coordinator-General to exercise the Coordinator-General’s rights under the Easement.

“**Easement**” means the easement taken by the Coordinator-General including but not limited to the terms and conditions contained in this Schedule.

“**Easement Area**” means that portion of the Burdened Land over which the Easement is taken.

“**Infrastructure**” means infrastructure relating to roads, public transport or the transportation, movement, transmission or flow of anything, including, for example, goods, material, substances, matter, particles with or without charge, light, energy, information and anything generated or produced.

“**Landowner**” means the person who is a registered owner of the Burdened Land, or who has an estate or interest in the Burdened Land, from time to time.

##### 1.2 If the Landowner or the party having the benefit of the Easement consists of two or more persons at any time:

- (a) a reference in the Easement to that party is to be read as a reference to each of those persons individually, and each combination of them jointly; and
- (b) those persons are bound and benefited by the Easement both individually and in each combination of them jointly.

##### 1.3 A reference in the Easement to a person includes a reference to a body corporate (including a local government) and every other kind of legal person.

##### 1.4 The Easement is intended to burden the land described in Schedule 1 and in accordance with the process set out in section 6(2) of the *Acquisition of Land Act 1967*.

#### 2 RIGHTS AND OBLIGATIONS OF COORDINATOR-GENERAL

##### 2.1 The Coordinator-General and all persons authorised, permitted or licensed from time to time by the Coordinator-General including but not limited to surveyors, engineers, servants, agents, contractors and sub-contractors of the Coordinator-General may:

- (a) install, repair, maintain, remove, replace, clean, clear, add to and alter any Infrastructure on, in or through the Easement Area from time to time;
- (b) inspect or survey the Easement Area, or any Infrastructure on it, from time to time;

- (d) break open the soil of the Easement Area (both on the surface and subsurface) for the purpose of doing or getting ready to do any of the other things that the Coordinator-General can do under the Easement;
- (e) enter, exit and traverse by whatever means, and remain on (for so long as is necessary) the Easement Area for the purpose of doing or getting ready to do any of the things the Coordinator-General can do under the Easement;

- (f) pull down or break open any fencing on or adjacent to the Easement Area in order to enter or exit it (but only after, except in the case of an emergency, giving reasonable prior notice to the Landowner if any livestock are contained within the fenced area);
  - (g) take anything onto the Easement Area (and any other adjacent land owned or occupied by the Landowner) when entering it and use and operate what has been taken onto the Easement Area; and
  - (h) do on the Easement Area anything which in the Coordinator-General's opinion is necessary or convenient for, or incidental to, exercising the Coordinator-General's rights under the Easement, including, as examples but without limitation:
    - (1) stockpiling Infrastructure or items required for or relating to the installation, repair, maintenance, removal, replacement, cleaning, clearing, addition or alteration of Infrastructure;
    - (2) stockpiling soil dug up on or from under the Easement Area; and

- 2.2 (a) The Coordinator-General does not need to exercise its rights and powers under the Easement personally and The Coordinator-General's rights and powers under the Easement are not intended to be exclusive to the Coordinator-General. The Coordinator-General may authorise other people to exercise those rights and powers.
- (b) The Coordinator-General shall have the right to authorise, permit or license other parties to use the Easement Area for all or any of the purposes as the Coordinator-General may do so under the Easement, and otherwise to exercise the same rights and powers as the Coordinator-General under the Easement subject to all the conditions and restrictions upon such rights as are set out in the Easement.
- 2.3 In exercising rights and powers under the Easement, the Coordinator-General and/or persons authorised, permitted or licensed from time to time by the Coordinator-General to use the Easement Area for the purposes of the Easement must:
- (a) ensure that any work done on the Easement Area is done properly;
  - (b) cause as little inconvenience as is reasonably practicable to the Landowner;

- 2.4 If the Landowner breaches the Easement, the Coordinator-General or persons authorised, permitted or licensed by the Coordinator-General to use the Easement Area may do anything that is reasonably necessary to correct the breach (such as removing a structure erected on the Easement Area in breach of the Easement). Any such action shall be taken without the Coordinator-General or persons authorised, permitted or licensed by the Coordinator-General incurring any liability to the Landowner.
- 3 RIGHTS AND OBLIGATIONS OF LANDOWNER**
- 3.1 The Landowner must:
- (a) not erect or permit to be erected any improvement, building, structure, pipeline, services, road fence, driveway or paving on or through the Easement Area without the prior written consent of the Coordinator-General;

- (d) not plant trees on the Easement Area without the prior written consent of the Coordinator-General;

- (f) exercise reasonable care to ensure that any Infrastructure on the Easement Area is not damaged;
- (g) not interfere with, damage or place at risk any Infrastructure on the Easement Area from time to time or interfere with anything that the Coordinator-General or a person authorised, permitted or licensed by the Coordinator-General is storing or has placed on the Easement Area from time to time (including plant and equipment, stockpiles of soil dug up from or from under the Easement Area or any other stockpiles) without the prior written consent of the Coordinator-General;
- (h) not cause a nuisance that adversely affects the Coordinator-General's rights and powers under the Easement or any Infrastructure on the Easement Area from time to time;
- (i) promptly abate any such nuisance;
- (j) use the Landowner's best endeavours to prevent anyone else doing any of the things that the Landowner is required not to do under the Easement and not allow or authorise anyone else to do any of those things;
- (k) not interfere with or obstruct the Coordinator-General, or any person authorised, permitted or licensed from time to time by the Coordinator-General, in the exercise or enjoyment of its rights and powers under the Easement; and
- (l) the Landowner must not grant any rights to any person in relation to the Easement Area to the extent the granting of those other rights could or will conflict or interfere with the Infrastructure or the exercise of any of the Coordinator-General's rights and powers under the Easement.

3.2 The Landowner is responsible for the acts and omissions of anyone claiming through the Landowner (like tenants, licensees and mortgagees). An act or omission of any of those persons is treated for the purposes of the Easement as if it was an act or omission of the Landowner personally.

#### **4 OTHER MATTERS**

##### **4.1 Ownership of Infrastructure**

All Infrastructure and other things brought onto or installed on, in or through the Easement Area from time to time by the Coordinator-General will, as between the Landowner and the Coordinator-General, notwithstanding any affixation to the Easement Area, remain the property of the Coordinator-General (unless otherwise assigned).

##### **4.2 Fences**

If the Coordinator-General or a person authorised, permitted or licensed by the Coordinator-General to use the Easement Area pulls down or breaks open any fencing under the Easement:

- (a) the Coordinator-General or the person authorised, permitted or licensed by the Coordinator-General may either repair the fencing it has pulled down or broken open

or install a gate in place of that fencing to at least a standard reasonably equivalent to that of the fencing before it was pulled down or broken open;

- (b) the owner of the fencing that was pulled down or broken open will become the owner of the repaired fencing or gate; and
- (c) that owner must maintain the repaired fencing or gate.

#### 4.3 **Stamping and registering of Easement**

The Coordinator-General must:

- (a) stamp (if required) and register the Easement; and
- (b) make sure that the Coordinator-General or those authorised, permitted or licensed by the Coordinator-General are given all the rights and powers intended to be conferred by the Easement.

4.4 The Coordinator-General will pay all duty and registration fees on the Easement.

#### 4.5 **Mining or petroleum tenement**

The Landowner must give the Coordinator-General a copy of any notification received by the Landowner in respect of any application for a mining or petroleum tenement under the *Mineral Resources Act 1989*, the *Petroleum Act 1923*, the *Petroleum and Gas (Production and Safety) Act 2004* or any similar or replacement legislation, in respect of land which includes all or any part of the Easement Area, within 7 days after the Landowner receives such notification.

#### 4.6 **Further assurances**

The Landowner will execute every deed, instrument, assurance or other document and do all such things as may be necessary to secure the rights of the Coordinator-General conferred by the Easement as the Coordinator-General may reasonably require, including (without limitation) obtaining the consent of any person necessary and producing the title document for the Easement Area and executing all documents necessary to give effect to any proposed assignment, transfer, encumbrance or other dealing by the Coordinator-General in respect of the Easement Area.

### 5 **NOTICE**

- (b) The Coordinator-General will not unreasonably refuse or withhold its consent to the Landowner:
  - (i) maintaining any existing road across the Easement Area; and
  - (ii) subject to clause 6(c), erecting and maintaining any fence across the Easement Area if:
    - (A) each fence includes a lockable gate in a location agreed with the Coordinator-General; and
    - (B) the Landowner supplies a set of keys to the lockable gate to the Coordinator-General.

NOTICE No 01 2007**

**Short title**

1. This notice may be cited as the Call for Tenders for a Geothermal Exploration Permit Notice No 01 2007.

**Notice of Tenders for Geothermal Exploration Permits [s.17 of the *Geothermal Exploration Act 2004* (the Act)]**

2. This call for tenders pursuant to section 17 of the Act is an invitation for tenders for a geothermal exploration permit for each or any of the thirteen areas described as GLR2007-1-1 to GLR2007-1-13 set out in the Schedule to this Notice.

Tenders must be lodged before **4:30 pm on 18 February 2008** in the geothermal tenders box located at the Service Centre, Podium 2, Landcentre, Cnr Mains and Vulture Streets, Woolloongabba, Qld. All tenders should be marked Attn: Registrar, Petroleum and Gas.

Details about the call for tenders can be obtained from the Service Centre, Podium 2, Landcentre, Cnr Main and Vulture Streets, Woolloongabba, Qld, or from the Department's website (<http://www.dme.qld.gov.au>).

The work program period for each tender release area will be for no more than five years, depending on the term for the geothermal exploration permit decided by the Minister.

There are no proposed tenure conditions at this stage. However, tenure conditions, requirements and restrictions may be imposed by the Minister at the time of grant of any geothermal exploration permit that results from this call for tenders.

There is no embargoed land or excluded land in the tender areas however; the Minister may decide that land is embargoed at the time of grant of any geothermal exploration permit resulting from this process.

Areas of National Park and Conservation Park are excluded land and are not included in the grant of any Geothermal Exploration Permit.

Any affected person in relation to land in the tender release areas may make submissions to the Minister about the call for tenders. Such a submission must state the name, address and contact details for the affected person, state the land the subject of the submission, and provide details of any issue

Affected persons comprise: a landholder of the land, a person who has an interest in the land, a local government whose local government area includes the land, a native title body for the land and a person who has a mining interest in the land. The Schedule to this Notice contains descriptions of the individual call for tender areas in graticular blocks and sub-blocks as provided on the Block Identification Map (BIM) Series B held by the Department of Mines and Energy.

The notice provides additional information about some of the parcels of land, however persons considering tendering for any of the land should not rely on this information as comprehensive and should conduct their own searches in relation to the land.

A tenderer or preferred tenderer must advise the Department, within 20 business days from the date of notification of being the preferred tenderer, of the native title process (a Right to Negotiate or an Indigenous Land Use Agreement) they intend to undertake in relation to the grant of the Geothermal Exploration Permit. If this additional information about the tender is not provided, the tender may be refused.

Additional information as set out below will be required from the tenderers in relation to the undertaking of a native title process, and if this information is not provided the application may be refused.

If a tenderer or preferred tenderer for GLR2007-1 tender release areas decides to undertake a Right to Negotiate process under the *Native Title Act 1993* (Cth), they must, within 40 business days from the date of notification by the Minister of being the preferred tenderer, provide the Minister or his delegate relevant documents demonstrating that the submission has been lodged with the Department of Natural Resources and Water to initiate the process.
