The Queensland Government spends over \$100 million per year on office supplies!

SDS is the only Queensland Government owned supplier of office consumables and furniture and our mission is to ensure you get value for money!

SDS is committed to helping government agencies spend wisely, and spend less, not more. Did you know, you can buy from us without 3 quotes and without going through a tender process?

So, even if your agency has a contract with another supplier, why not give SDS "a go" outside the basket of goods?

We offer excellent service, quality products, highly competitive pricing and a long term, sustainable value package for Queensland Government buyers.

INTERIM PROHIBITION ORDER

Fair Trading Act 1989 section 85A(1)

I, Kerry Shine MP, Attorney-General and Minister for Justice and Minister Assisting the Premier in Western Queensland, pursuant to the powers vested in me by section 85A(1) of the *Fair Trading Act 1989*,

1. having considered the recommendation from the Commissioner for Fair Trading that an interim prohibition order be made relating to goods of the kind specified in the Attachment ("the Goods"); and
2. believing on reasonable grounds that the Goods are likely to cause the death of any person or to injure or adversely affect the health or well being of any person whether physical, mental or psychological:

HEREBY unconditionally prohibit the supply of the Goods for a period of 42 days.

I declare that this Order shall commence:

1. in relation to a particular supplier, on receipt of written notice of this Order by the particular supplier; or
2. in any case, on publication of this Order in the gazette.

DATED 23rd day of November 2007

HON KERRY SHINE MP
ATTORNEY-GENERAL AND MINISTER FOR JUSTICE AND
MINISTER ASSISTING THE PREMIER IN WESTERN QUEENSLAND

ATTACHMENT INTERIM ORDER PROHIBITING THE SUPPLY OF DANGEROUS GOODS OR UNDESIRABLE GOODS

The following goods are prohibited from supply:

Plastic novelties or toys which in their original form have at least two dimensions each measuring less than 45 millimetres and which expand in volume when immersed in water, gastric juices or other liquids.

*Transport Infrastructure Act 1994***NOTIFICATION OF DECLARATION OF A POLICY AND STRATEGY
FOR MANAGEMENT OF ACCESS FOR ROADSIDE SERVICE CENTRE FACILITIES ON A LIMITED ACCESS ROAD**

Notice is hereby given under sections 54 and 76 of the *Transport Infrastructure Act 1994* that the policy and strategy for the management of access for roadside service centre facilities on the limited access road, as described in the Schedule, are declared.

Alan Tesch
Director-General, Department of Main Roads

THE SCHEDULE

That on and from 30 November 2007, the policy and strategy for the management of access for roadside service centre facilities on the limited access road as described in the schedule hereto be declared:

**POLICY FOR THE MANAGEMENT OF ACCESS
FOR ROADSIDE SERVICE CENTRE FACILITIES ALONG THE WARREGO HIGHWAY
Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)****1. Purpose and Scope of Policy**

This policy has been prepared pursuant to section 54 of the *Transport Infrastructure Act 1994* as a policy about the application of section 62 of the *Transport Infrastructure Act 1994* for access between the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)), a limited access road, and adjacent land where that land is to be used for a roadside service centre development.

The policy for access to the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) is in two parts. The first part deals with general access and it sets out the matters the Chief Executive, Department of Main Roads ("Main Roads") will consider, either on the initiative of the Chief Executive or in response to an application from a person, when deciding whether or not to permit access to the road under section 62 of the *Transport Infrastructure Act 1994*.

This second part deals with management of access for roadside service centre facilities on the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) and sets out the matters the Chief Executive will consider in response to an application from a person, when deciding whether or not to permit access to the road under section 62 of the *Transport Infrastructure Act 1994* for a roadside service centre.

It is intended that the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) will become a class of road which provides the highest degree of through traffic carrying capacity and safety. It is imperative that in general, additional direct access is not permitted to the through carriageways of the highway, other than via the designated interchange ramps.

The purpose of declaring the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) a limited access road was to enable the Department of Main Roads ("Main Roads") to achieve the following outcomes:

- Ensuring that the arterial road functionality of this major road transport asset is achieved and motorway functionality is preserved long term; and
- Maximising the traffic carrying and safety characteristics required for a major inter-regional connector.

It is only through managing the convenience of direct individual access to adjacent land and the high levels of operational safety and efficiency required by road users of this vital inter-regional link that Main Roads can achieve the above outcomes demanded by the community.

2. Objectives

The primary objectives for this part of the policy are the same as the objectives for general access set out under the Policy for Management of Access along the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)).

Other objectives of this part of the policy include improving safety by reducing fatigue related accidents and permitting the development of facilities which encourage motorists travelling long distances on major roads to stop and rest in pleasant surroundings, where roads access arrangements contribute to this safety objective and do not unduly impact on the safety of the abutting State-controlled road or its efficient operation.

3. Definitions

"Direct access" refers to a direct connection of a roadside service centre's road access to the through carriage-way of the limited access road.

"Indirect access" refers to a roadside service centre's road access to a limited access roadway other than a "direct access" arrangement (e.g. to interchange ramps, limited access service roads etc).

"Limited access road" means a road that has been gazetted as such under section 54 of the *Transport Infrastructure Act 1994*.

"Road Access" means both the "road access works" as per schedule of definitions and the "permitted road access location" as specified in section 62 of the *Transport Infrastructure Act 1994*.

"Roadside service centre" means a roadside development, providing essential services for the safety, comfort and convenience of all users of a limited access road and:

- is adjacent to the limited access road,
- has direct or indirect access to the limited access road, and
- is the subject of a roadside service centre agreement under this policy.

"Roadside service centre strategy" for a particular State-controlled road/roads identifies zones in which the Chief Executive will permit the development of major roadside service centres consistent with section 76 of the *Transport Infrastructure Act 1994*. The roadside service centre strategies will identify minimum services to be provided and zones for the development of roadside service centre facilities. They may also identify those existing service stations that contribute to the overall strategy, provided they meet or can be upgraded to meet the specified minimum standard of an upgraded facility.

"State-controlled road" means a road that is declared to be a State-controlled road under section 24 (1) of the *Transport Infrastructure Act 1994*.

4. Management of Access - in response to application by a person for a section 62 decision

Where an application is received for access for land adjacent to the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)), Main Roads will assess the application under section 62 of the *Transport Infrastructure Act 1994* to ensure any proposal does not adversely impact on the safety and efficiency of the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) in accordance with the purpose and objectives of this policy.

An application for access for a roadside service centre that may be the subject of a roadside service centre agreement pursuant to the roadside service centre strategy for the Warrego Highway (Attachment 1) will be determined in accordance with this policy. The rationale for this is outlined in the Access for Roadside Centre Facilities on Limited Access Roads Policy (September 2002) and the Service Centre Policy (September 2002).

To ensure the high levels of operational safety and efficiency required by road users of this inter-regional link, opportunities for access to adjacent land to be operated as roadside service centres that are the subject of a roadside service centre agreement will be limited.

In determining whether to approve access for a roadside service centre the Chief Executive will consider the following criteria:

- the Service Centre Policy (September 2002);
- compliance with the Roadside service centre strategy for the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) (Attachment 1);
- the need for such facility(ies);
- safety issues, including -
 - safety issues associated with satisfying motorists needs;
 - evaluation of traffic operational consequences from the approval of access between the road and such a facility; preservation of the higher level of service to motorists resulting from limiting access to the road;
- the likely economic, social and environmental impact on the local community;
- assessment of the adequacy of the service provided by existing roadside facilities; and
- future transport/road planning.

Access to the limited access road must be located and designed so as to operate safely, and must not compromise the efficiency of existing and future traffic operations on the limited access road.

Because of the range of circumstances in which roadside service centres may be provided this policy does not prescribe minimum distances of site accesses from adjacent roadway accesses. The proposed access must comply with desirable standards in the Main Roads' Road Planning and Design Manual.

Multiple centres using one set of access arrangements may be permitted.

For roadside service centre sites with access across the limited-access boundary, traffic associated with other forms of development or using other roads will not be permitted to gain access to or from the limited access road through the roadside service centre site.

Roadside service centres with either direct access or indirect access will not be permitted to use their road access for other facilities or services prohibited under section 5 of the Service Centre Policy or prohibited in the Roadside service centre strategy (Attachment 1).

To reduce the risk of drivers or passengers making risky manoeuvres to gain access to roadside service centre facilities, it is preferred that roadside service centres on divided roads be located approximately in pairs. Desirably, roadside service centres should be located on opposite sides of the road such that the driver sees the near side roadside service centre first.

Proponents of roadside service centres may be required to demonstrate what strategies will be implemented so that motorists and pedestrians do not undertake unsafe crossing actions.

Generally, accesses to roadside service centre sites will be designed and constructed to operate efficiently under traffic volumes predicted to occur not less than 15 years after opening, with provision for upgrading to meet traffic growth throughout the maximum possible term of the roadside service centre agreement.

Staged development of the road access may be permitted, with upgrading from stage to stage as required by Main Roads to meet increasing traffic demands or other milestones.

Should Main Roads upgrade the limited access road during the term of the agreement, the owner shall pay all costs to reconstruct its road access and associated works to accommodate the Main Roads upgrading works.

Where the Chief Executive enters into a roadside service centre agreement, this will include conditional access and facility operational arrangements.

5. Approval of Policy

This policy shall:

- apply to the section of State-controlled road defined by Limited Access Plans referred to in this policy; and
- replace the previous policy applied to this road by Gazette notification of 31/07/1998, No. 100, pages 1522 - 1525.

MANAGER (TRANSPORT PLANNING)
METROPOLITAN DISTRICT
DELEGATE OF THE DIRECTOR-GENERAL

**ROADSIDE SERVICE CENTRE STRATEGY - WAREGO HIGHWAY
Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)**

1. Basis for the development of the roadside service centre strategy

This roadside service centre strategy is developed in accordance with the Department of Main Roads' ("Main Roads") Service Centres Policy (September 2002).

The Chief Executive, Main Roads, may, under section 76 of the *Transport Infrastructure Act 1994*, enter into a service centre agreement for the provision of road side service centre facilities. This agreement will be the document that sets out the rights and obligations of the parties regarding these facilities following the calling of expressions of interest as outlined in Main Roads' Service Centres Policy (September 2002).

The roadside service centre agreement will include provisions about access. The Policy for the Management of Access for Roadside Service Centre Facilities along the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) deals with applications for access under section 62 of the *Transport Infrastructure Act 1994*.

The roadside service centre strategy was developed taking into account reports by Hyder Consulting (a) Service Centre Strategy for the Warrego Highway, Logan Motorway to Toowoomba, 1997 and (b) Warrego Highway Service Centres, Review of Zone 1 1999. These reports cover the Cunningham Highway (Ipswich Motorway) from the Logan Motorway to the start of the Warrego Highway at Ipswich and the Warrego Highway from Ipswich to Toowoomba.

2. Definitions

"Direct access" refers to a direct connection of a roadside service centre's road access to the through carriage-way of the limited access road.

"Indirect access" refers to a roadside service centre's road access to a limited access roadway other than a "direct access" arrangement (e.g. to interchange ramps, limited access service roads etc).

"Limited access road" means a road that has been gazetted as such under section 54 of the *Transport Infrastructure Act 1994*.

"Motorway" means a State-controlled road that is declared to be a motorway under section 27 of the *Transport Infrastructure Act 1994*.

"Road Access" means both the "road access works" and the "permitted road access location" as specified in section 62 of the *Transport Infrastructure Act 1994*.

"Roadside service centre" means a roadside development, providing essential services for the safety, comfort and convenience of all users of a limited access road. A roadside service centre:

- is adjacent to, and has direct or indirect access to, the limited access road; and
- is the subject of a roadside service centre agreement under this policy.

"Roadside service centre strategy" for particular State-controlled road/roads identifies zones in which the Chief Executive will permit the development of major roadside service centres consistent with section 76 of the *Transport Infrastructure Act*. The roadside service centre strategy will identify minimum services to be provided and zones for the development of roadside service centre facilities. They may also identify those existing service stations that contribute to the overall strategy, provided they meet or can be upgraded to meet the specified minimum standard of an upgraded facility.

"State-controlled road" means a road that is declared to be a State-controlled road under section 24 of the *Transport Infrastructure Act 1994*.

"Upgraded facility" means an existing or new service station that is identified in a roadside service centre strategy as contributing to the overall strategy and provides all the facilities required in the applicable roadside service centre strategy but does not have a roadside service centre agreement with Main Roads. This only applies to those service stations recognized in the roadside service centre strategy.

3. Inter-relationship with other policies

Main Roads' Service Centre Policy, September 2002 sets out the requirements and process for roadside service centres facilities on limited access roads that are the subject of an agreement between the operator and Main Roads.

Compliance with the provisions of Main Roads' Service Centres Policy, September 2002 and the Road Planning and Design Manual is mandatory.

4. Roadside service centre strategy elements

This roadside service centre strategy identifies:

- a. zones in which the Chief Executive will permit the establishment of roadside service centres, which will be subject to a roadside service centre agreement;
- b. the number of roadside service centre facilities;
- c. minimum services to be provided;
- d. prohibited services;
- e. existing roadside facilities (service stations), if any, could be upgraded to contribute to Main Roads overall roadside service centre facilities for the Warrego Highway;
- f. allowable roadside service centre facilities signage;
- g. anticipated timing of the provision of roadside service centre facilities;
- h. siting and access; and
- i. fees.

5. Zones

The location of the zone in which the roadside service centre facilities that are the subject of a roadside service centre agreement will be permitted is between Mt Crosby Road interchange and Ipswich City/Esk Shire boundary in the vicinity of Minden.

Main Roads is undertaking detailed planning for the Brisbane Valley Highway intersection and concept planning for the section of the Warrego Highway between the Brisbane Valley Highway and Claus Road which will be complete by mid 2007. Any access arrangements for roadside facilities must be consistent with the short term and long term visions for the Warrego Highway.

The Chief Executive will not enter into a roadside service centre agreement outside these zones.

6. Number of roadside service centre facilities

The number of roadside service centre facilities will be determined by the market, safety and traffic operation consequences and Main Roads' future planning. Proposed roadside service centre facilities will need to comply with Main Roads' Service Centre Policy and Policy for the Management of Access for Roadside Service Centre Facilities along the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)).

7. Minimum services to be provided

In relation to the provision of roadside service centre facilities for the zone described in 5, the Chief Executive is prepared to enter into a roadside service centre agreement for the development of a new roadside service centre(s) subject to the provision of the following:

- service station facilities;
- opportunities to buy basic motor vehicle products and refreshments including food and drinks, at all times, 24hrs 7 days a week;
- restaurant/fast food for motorists and heavy vehicle drivers;
- attractive picnic area with tables, chairs and shelters (protected from motor vehicle traffic and noisy areas). Children's playground facilities are desirable (provided there are no external entrances and exits to motor vehicle traffic);
- toilets and showers capable of servicing motorists, coach operations and heavy vehicles;
- tourist and traveller information services, including the sale of maps;
- enhanced landscaping;
- segmented and clearly defined parking zones including space for cars, buses, trucks/semi-trailers and car/caravans;

- space provision for Government regulatory services and emergency service; and
- public telephones.

8. Prohibited facilities

Roadside service centres must not:

- a. contain facilities which would have the affect of generating significant extra traffic and are not essential for meeting the service, safety, comfort and convenience needs of motorists travelling along the Warrego Highway;
- b. provide facilities which may be a road safety hazard or create a dangerous situation (for example, access to children's facilities through a carpark);
- c. sell or supply alcoholic products; and
- d. have drive-through food service outlets.

9. Existing roadside facilities

The planning for Brisbane Valley Highway shows existing roadside facilities (service stations) at Blacksoil will not remain in their current configuration in the long term. Some form of rationalisation will be required as new roadside facilities are proposed or existing roadside facilities are further developed.

Other existing service stations would need to be able to meet all the roadside service centre requirements listed above to achieve roadside service centre status and qualify for permission to have white on blue symbolic service station signing.

10. Allowable roadside service centre facilities signage

Roadside service centre facility signage will be in accordance with the requirements of the Road Planning and Design Manual and Manual for Uniform Traffic Control Devices, and the Service Centre Policy.

The Chief Executive is prepared to agree to the provision of limited other signage such as normal white on blue symbolic service signs to the existing establishments within the zones only in accordance with the Service Centre Policy.

11. Anticipated timing of the provision of roadside service centre facilities

The Chief Executive will determine the time at which offers for roadside facilities will be sought.

12. Access and Siting

Where the Chief Executive enters into a roadside service centre agreement, this will include conditional access and facility operational arrangements.

Access will be approved in accordance with the Policy for the Management of Access for Roadside Service Centre Facilities along the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)).

Multiple roadside service centres using one common access arrangement may be permitted.

The location of the roadside service centre facilities accesses will be in accordance with the requirements of the Road Planning and Design Manual (in particular but not limited to Chapter 16 – Intersections and Chapter 20 – Road Amenities) to ensure the continued safety and efficiency of the Warrego Highway. The proponent must demonstrate that any proposed access has the appropriate capacity and safety in accordance with the Road Planning and Design Manual.

Access (ingress or egress) via proposed interchange ramps or side roads may be permitted.

Unless located adjacent across carriageways, the centre servicing the carriageway of travel should appear to the motorist first.

The proposed road access for the proposed roadside service centre must be compatible with the current road configuration and Main Roads future planning.

Roadside service centre access arrangements must not be used by prohibited facilities.

13. Fees

Fees relevant to calling of offers for roadside service centre facilities that are the subject of roadside service centre agreements will be payable for the following:

Development Fee

Following selection of the successful offeror, a Development Fee will be payable as a once-off fee. This is currently set at \$20,000 for each site and covers the preparation of documents and management of the tender process. The conditions for timing of payment of the Development Fee will appear in the offer documentation.

Annual licence

An annual licence fee will be payable for each site developed, (as determined in the roadside service centre agreement) for the right of access to the limited access road and product identification signing within the road reserve. This fee will be payable annually, in advance, for the life of the roadside service centre agreement.

As part of the offer selection process, each offeror will nominate an annual fee for each proposed site. The minimum fee for sites will be outlined in the offer documentation.

The offer selection process will be based on the assessment of weighted criteria as provided for in the Service Centre Policy and offer request documentation.

The annual licence fee does not include any capital or ongoing maintenance costs for road works required for the roadside service centre.

Access works maintenance costs

Maintenance of the access works shall be carried out to a standard not less than the standard of maintenance on the adjacent State-controlled road.

The owner must enter into an agreement with Main Roads to maintain the roadside service centre's road access and associated infrastructure within the road reserve with the work to be undertaken either by Main Roads or a private contractor. A private contractor would need to obtain a permit to work within the road reserve.

The roadside service centre owner will be required to pay the actual costs of maintenance (including supervision and administration) of the road access and associated infrastructure each year. This includes the cost of damage caused by errant vehicles.

*Transport Infrastructure Act 1994***NOTIFICATION OF DECLARATION OF A POLICY
FOR MANAGEMENT OF ACCESS ON A LIMITED ACCESS ROAD**

Notice is hereby given under sections 54, 57 and 62 of the *Transport Infrastructure Act 1994* that the policy for the management of access on the limited access road as described in the Schedule is declared.

Alan Tesch
Director-General, Department of Main Roads

THE SCHEDULE

That on and from 30 November 2007, the policy for the management of access on the limited access road as described in the schedule hereto be declared:

**POLICY FOR MANAGEMENT OF ACCESS ALONG THE
WARREGO HIGHWAY
Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)****1. Purpose and Scope of Policy**

This policy has been prepared pursuant to section 54 of the *Transport Infrastructure Act 1994* as a policy about the application of section 62 of the *Transport Infrastructure Act 1994* for access between the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)), a limited access road, and individual properties.

The policy for access to the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) is in two parts. This part deals with general access. The second part is the Policy for Management of Access for Roadside Service Centre Facilities on the Warrego Highway (Ipswich - Toowoomba).

It is intended that the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) become a class of road which provides the highest degree of through traffic carrying capacity and safety. It is imperative that additional direct access is not permitted to the through carriageways of the highway, other than via the designated interchange ramps.

The purpose of declaring the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) a limited access road was to enable the Department of Main Roads ("Main Roads") to achieve the following outcomes:

- Ensuring that the arterial road functionality of this major road transport asset is achieved, and motorway functionality is preserved long term; and
- Maximising the traffic carrying and safety characteristics required for a major inter-regional connector.

It is only through managing the convenience of direct individual access to adjacent land and the high levels of operational safety and efficiency required by road users of this vital inter-regional link that Main Roads can achieve the above outcomes demanded by the community.

The policy sets out the matters the Chief Executive will consider, either on the initiative of the Chief Executive or in response to an application from a person, when deciding whether or not to permit access to the road under section 62 of the *Transport Infrastructure Act 1994*. In addition, the policy sets out the objectives and rationale for the management of access.

2. Transitional provisions of access-limited roads

The Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) (and adjacent road components) as shown on Plan Nos LA 10951, 10893, 10862, 70459, 10637, 10336, 10337, 11054, 11053, 11052 and 11051 is a limited access road under the *Transport Infrastructure Act 1994*.

In accordance with transitional provision section 516 of the *Transport Infrastructure Act 1994*, the access-limited road declarations made under repealed sections of the *Transport Infrastructure Act 1994* for the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) are deemed to be limited access road declarations under section 54 of the *Transport Infrastructure Act 1994*.

3. Main Roads' powers and policy concerning access between a State-controlled road and adjacent land

Pursuant to the *Transport Infrastructure Act 1994* Main Roads is responsible for the design, construction, maintenance and management (or operation) of State-controlled roads to a standard suitable for a particular road's function within the constraints of available budgets to ensure the safe and efficient movement of people and goods in Queensland.

As access management is critical to the ongoing operational effectiveness of all arterial roads, Main Roads has substantial legislative powers to manage access between any State-controlled road and adjacent land.

Main Roads has an overarching Access Policy (1 July 2000) which sets out its general policy position.

4. Objectives

Government's objective is to continue planning and investing in the upgrading of this road link to provide a facility which would satisfy predicted road travel and freight demand between Brisbane and the southern states into the future. The highway is of high importance to South East Queensland's economy.

The Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) will have a general posted speed limit of 100 km/h. Design standards utilised for the highway (future Motorway) are of a very high standard, and are in accordance with relevant Austroads and Main Roads guidelines and standards.

Main Roads' ultimate objective is for the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) to be declared as a motorway under section 27 of the *Transport Infrastructure Act 1994*.

Main Roads is progressively declaring sections of the Warrego Highway as motorway from the intersection of the Warrego Highway and Cunningham Highway at Dinmore. These declarations will continue as the Warrego Highway is progressively upgraded and at-grade intersections eliminated. The declarations of the Motorway will be extended to the Ipswich City/Esk Shire boundary (Minden).

To achieve the desired ultimate motorway functionality of the Warrego Highway, it is vital to ensure that the capacities of interchanges and any associated service road system are not compromised.

Main Roads will manage, control and rationalise access to adjacent land, associated exit and entry ramps and interchange components along the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) to achieve ultimate motorway standards of safety and traffic efficiency. In managing access to these adjacent properties, Main Roads will make all efforts to ensure that the impacts of private access do not have an adverse impact on the operation of the motorway, its ramps and interchanges.

5. Management of Access - existing access

In accordance with transitional provision section 517 of the *Transport Infrastructure Act 1994*, a previous decision about access under the *Transport Infrastructure Act 1994* is taken to be a decision under section 62 of the *Transport Infrastructure Act 1994*.

Plan Nos LA 10951, 10893, 10862, 70459, 10637, 10336, 10337, 11054, 11053, 11052 and 11051 show the current access arrangements for the entire area between Dinmore and Minden including highway ramps and the interchanges that are subject to limitation of access. Within this area access to the highway ramps etc. is only permitted at the locations shown on the above plans for the existing land uses on the adjacent land, and in accordance with any current section 62 access approvals.

If the accesses shown on these plans are not currently constructed or in use, then the owner of the property is required to seek access approval from Main Roads. It is an offence to construct an access or alter an access to any road in the limited access area without the approval of Main Roads.

However, should the operation of any access prove to cause unacceptable interference with traffic safety or efficiency, a section 62 decision about the access may be made. This decision may, for example, prohibit the access, alter its form or apply a condition to its use (see section 62 of the *Transport Infrastructure Act 1994*).

Planning may be updated from time to time and particular access arrangements may be varied.

6. Management of Access - on the Chief Executive's initiative

It is not anticipated that any further permanent direct access will be permitted to the limited access area on the initiative of Main Roads.

Short term temporary access may be permitted for single residential use where this does not adversely impact on the safety and efficiency of the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) in accordance with the purpose and objectives of this policy.

7. Management of Access - in response to application by a person for a section 62 decision

Main Roads will exercise its powers under the *Transport Infrastructure Act 1994* to achieve the integrity and operation of the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) and its associated interchanges and ramps to the appropriate standard in accordance with the outcomes and objectives outlined in the previous sections of this policy.

Where an application is received for access for land adjacent to the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)), Main Roads will assess an application under section 62 of the *Transport Infrastructure Act 1994* to ensure any proposal does not adversely impact on the safety and efficiency of the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) in accordance with the purpose and objectives of this policy.

To achieve the purpose and objectives of this policy, it is intended that as land is developed and/or the Warrego Highway is upgraded, existing direct access will be replaced with indirect access arrangements.

Where an application that does not involve a proposed development nor change in use of land adjacent to the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)), is made by a person, access may only be permitted on a temporary or indirect basis.

Where an application involves a proposed development or change in use of land adjacent to the Warrego Highway (Cunningham Highway (Ipswich Motorway) to Ipswich City/Esk Shire boundary (Minden)) this may involve either:

- more traffic intensive or different traffic use of the access points shown on the above referenced plans; or
- use of any other access point directly to the limited access area.

To achieve the objectives of this policy, it is not appropriate to approve:

- use of existing approved access points where this is associated with a change of land use, reconfiguration of a lot, more intensive use or different traffic use; or
- additional permanent direct access locations.

An exception to this would be an application for access for a roadside service centre that is the subject of a roadside service centre agreement pursuant to a roadside service centre strategy in force at the relevant time. The rationale for this is outlined in the Access for Roadside Service Centre Facilities on Limited Access Roads Policy (September 2002) and the Service Centre Policy (September 2002).

8. Approval of Policy

This policy shall:

- apply to the section of State-controlled road defined by Limited Access Plans referred to in this policy; and
- be used when applying section 62 of the *Transport Infrastructure Act 1994*.

Signed: J Mitchell

Date: 17 September 2007

MANAGER (TRANSPORT PLANNING)
METROPOLITAN DISTRICT
DELEGATE OF THE DIRECTOR-GENERAL

This is a replacement policy covering access limitation as shown on Plan Nos LA 10951, 10893, 10862, 70459, 10637, 10336, 10337, 11054, 11053, 11052 and 11051.

This policy may in future be amended at any time without a gazette notice if:

- (i) the amendment merely changes or repeals specific provision for one or more particular properties; and
- (ii) the owner or occupier of each property has been given written notice of the amendment.

Any person whose interests are affected by this policy (and also if it is amended or substituted with another policy) may:

- (i) under section 485 of the *Transport Infrastructure Act 1994* — ask for the decision to be reviewed and appeal against the reviewed decision; and
- (ii) under the *Transport Planning and Coordination Act 1994*, part 5 — ask for the decision or the reviewed decision to be stayed.

A person must not construct or change a physical means of entry or exit for traffic between land and a limited access road without first obtaining a decision under section 62(1) that authorises the construction or change. Maximum penalty - 200 penalty units.

 Ipswich City Council on the above date
 CHIEF EXECUTIVE OFFICER

Pursuant to section 1018 of the Local Government Act 1993 interest is compound interest calculated at 11% on daily rests and will keep accruing until all overdue rates are paid.

Note: All payments and enquires should be directed to Karl Wilkins, Senior Recovery Collections Officer, 45 Roderick Street, Ipswich, telephone (07) 3810 6267.

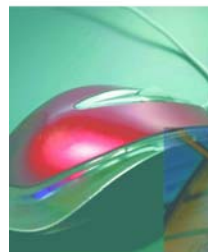

For a statement of the provisions of the law relating to the Sale of Land for overdue rates please refer to the following sections of the Local Government Act 1993:

Section 1042 – Starting and ending of sale procedures
 Section 1043 – Procedures for sale
 Section 1044 – Reserve price at auction
 Section 1045 – Sale by agreement after auction
 Section 1046 – Unsold land acquired by local government
 Section 1047 – Application of proceeds of sale

A copy of these provisions may be obtained free of charge from the Ipswich City Council.

Carl Wulff Chief Executive Officer

The Queensland Government spends over \$100 million per year on office supplies!

SDS is the only Queensland Government owned supplier of office consumables and furniture and our mission is to ensure you get value for money!

SDS is committed to helping government agencies spend wisely, and spend less, not more. Did you know, you can buy from us without 3 quotes and without going through a tender process?

So, even if your agency has a contract with another supplier, why not give SDS “a go” outside the basket of goods?

We offer excellent service, quality products, highly competitive pricing and a long term, sustainable value package for Queensland Government buyers.

Call the friendly SDS Customer Service team on **1800 801 123** now!

QUEENSLAND GOVERNMENT VACANCIES GAZETTE

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered employees who apply for an advertised job will be considered before other applicants. The symbol (h) appears next to vacancies where an exemption from this requirement applies. Employees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

CONTINUOUS APPLICANT POOLS

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

MULTI-AGENCY POOLS

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

HOW TO APPLY

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at www.jobs.qld.gov.au. The information kit will include:
 - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
 - a job information package, outlining the procedure for preparing and sending in your application, and
 - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
 - completed cover sheet (available on jobs online or in the kit mailed to you)
 - covering letter
 - resumé / curriculum vitae
 - names and contact details of (2) referees, and
 - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

SENIOR EXECUTIVE SERVICE VACANCIES

TERMS AND CONDITIONS OF EMPLOYMENT

Appointees to the Senior Executive Service are offered an attractive remuneration package with salary sacrifice in return for optional benefits including.

- Private use component of a fully maintained government owned motor vehicle;
- Membership options of the Government Superannuation Schemes, including generous employer superannuation contributions
- Professional organisation membership fees.

The total remuneration value amount listed against positions includes the private use component of a motor vehicle, employer superannuation contributions and the 17.5% annual leave loading. In addition to the salary and optional benefits, executives will be entitled to:

- a subsidy for home telephone expenses.
- Queensland Public Service leave conditions, including four (4) weeks annual leave, cumulative sick leave and long service leave.

Upon appointment, the executive will also be eligible to receive significant removal allowances and rental assistance if necessary. Appointees will be required to enter a contract of employment. Existing tenured SES officers who are appointed at the current SES level or by redeployment may, but are not required to, enter into a contract of employment.
