## QUEENSLAND GOVERNMENT VACANCIES GAZETTE

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered employees who apply for an advertised job will be considered before other applicants. The symbol (h) appears next to vacancies where an exemption from this requirement applies. Employees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

### CONTINUOUS APPLICANT POOLS

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

### MULTI-AGENCY POOLS

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

### HOW TO APPLY

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at [www.jobs.qld.gov.au](http://www.jobs.qld.gov.au). The information kit will include:
  - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
  - a job information package, outlining the procedure for preparing and sending in your application, and
  - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
  - completed cover sheet (available on jobs online or in the kit mailed to you)
  - covering letter
  - resumé / curriculum vitae
  - names and contact details of (2) referees, and
  - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

## ELECTORAL COMMISSION OF QUEENSLAND

In accordance with Section 63 of the *Electoral Act 1992*, I have ascertained and set out in Schedule A hereunder, as at the date indicated, the number of electors enrolled in each Electoral District for the State of Queensland and have determined the average district enrolment and the extent to which the number of electors enrolled in each district differs from the average enrolment.

Schedule B indicates the adjusted enrolment for Electoral Districts of 100,000 square kilometres or more in area, being the sum of the number of enrolled electors and the additional large district number as specified in Section 45 of the Act, and the extent to which those districts differ from the average district enrolment in Schedule A.

**Release of Regulatory Impact Statement –  
Proposed change to workplace health and safety  
regulations applying to rural industry**

The Department of Employment and Industrial Relations is seeking public comment in relation to proposals to remove the rural industry exemption from the *Workplace Health and Safety Regulation 1997* (Section 229).

The proposed amendments will remove the rural industry exemption which includes requirements relating to mobile elevating work platforms, prescribed occupations, prescribed activity (demolition work), Workplace Health and Safety Officers, hazardous substances, lead, confined spaces, excavation work and atmospheric contaminants.

It is proposed to remove this exemption through a single amendment to the Regulation. A Regulatory Impact Statement (RIS) has been prepared to explain to the community the need to remove the exemption and to set out the benefits and costs that would flow from its removal. It also explains what alternative measures have been considered and why they are not preferred.

Consultation in relation to the proposals will be undertaken primarily through responses to the RIS. Persons wishing to obtain copies of the RIS can do so from:

- the department's website at: [www.deir.qld.gov.au](http://www.deir.qld.gov.au);
- by email request to: [whsqris@deir.qld.gov.au](mailto:whsqris@deir.qld.gov.au); or
- by telephone: (07) 3247 4850

Details on how to provide comments are included in the RIS.
