#### HIGH LEVEL WATER RESTRICTION - RESIDENTIAL AND NON-RESIDENTIAL

This High Level Water Restriction – Residential and Non-Residential Notice is issued by the Queensland Water Commission ("**Commission**") pursuant to section 360ZE of the *Water Act 2000*. The Commission considers this is necessary because it believes there continues to be a significant threat to sustainable and secure water supply in the SEQ region and because it considers that the imposition of this restriction will help the achievement of long term demand management objectives for water in the SEQ region.

The Commission notifies that pursuant to section 360ZD of the *Water Act 2000*, this Commission Water Restriction will apply to the following categories of water use being:

1. Residential water use;
2. Non-Residential water use; and
3. Residential and Non-Residential water use,

as set out in the **High Level Water Restriction – Residential and Non-Residential**.

**Schedule 1** of the **High Level Water Restriction – Residential and Non-Residential** defines particular words used.

**Schedule 2** sets out exemptions from **High Level Water Restriction – Residential and Non-Residential** for particular local government areas.

- Brisbane City Council;
- Gold Coast City Council;
- Ipswich City Council;

For these local government areas (except for that part of the Scenic Rim Regional Council which was described as Boonah Shire Council before 15 March 2008 and the Gold Coast City Council local government area), while the **High Level Water Restriction – Residential and Non-Residential** is in force it is to be the only Restriction in force and any service provider water restriction (including those made by service providers listed in Schedule 2) will not apply to such matters unless the Commission has expressly notified that a particular service provider water restriction continues in force.

This Commission Water Restriction does not apply to reasonable actions taken to prevent material risks associated with an accident, fire or hazard to health, safety or the environment.

That Program directs water service providers in relation to the Program's implementation and also establishes a mechanism for customers and/or occupiers of premises to make submissions to the water service provider as to why the premises should be outside the operation of this Restriction.</p>

**QUEENSLAND GOVERNMENT VACANCIES GAZETTE**

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered deployees who apply for an advertised job will be considered before other applicants. The symbol (h) appears next to vacancies where an exemption from this requirement applies. Deployees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

**CONTINUOUS APPLICANT POOLS**

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

**MULTI-AGENCY POOLS**

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

**HOW TO APPLY**

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at [www.jobs.qld.gov.au](http://www.jobs.qld.gov.au). The information kit will include:
  - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
  - a job information package, outlining the procedure for preparing and sending in your application, and
  - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
  - completed cover sheet (available on jobs online or in the kit mailed to you)
  - covering letter
  - resumé / curriculum vitae
  - names and contact details of (2) referees, and
  - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

#### *Classification of Films Act 1991*

#### APPLICATION AS AN APPROVED ORGANISATION

**Applicant:** Blue Room Cinebar  
**Requirements:** Section 56(2)

- (a) In its application submitted by the Cinema Manager, the applicant clearly demonstrates the primary purpose of the organisation is to screen films for a public audience.
- (b) It is clear the organisation intends to screen mainstream, art house, foreign and Australian films.
- (c) The applicant has become familiar with the film classification guidelines, and understands the criteria for the screening of films publicly.
- (d) The applicant also appears to have knowledge of the restrictions applying to the different classifications. As the premise is licensed, guests under the age of 18 may attend the cinema, but must be accompanied by a responsible adult.

The purpose of Part 7 of the Act is to allow organisations to show films subject to conditions. This enables films to be shown which may not otherwise be screened due to financial constraints, and the lack of a dedicated audience, particularly, those films depicting a certain artistic type.

The applicant satisfies the requirements demanded by the legislation, and there is nothing to suggest the applicant should not be approved as an Approved Organisation. Therefore, I consider the application approved and hereby do so.

The Premier and the Treasurer (the Ministers) hereby refer the water supply activities of the Local Governments listed in Table 1 to the Queensland Competition Authority (“QCA”) for a price monitoring investigation under section 23A of the Act. This direction is to apply for a period of two years from 1 July 2008, with the QCA to make a report to Ministers annually.

**Table 1: Local Government water supply activities to be investigated**

Consistent with section 24 (1)(b) of the Act, this investigation is limited to the monitoring of pricing practices relating to the retail water supply activities of the specified Local Governments (i.e. retailers).

### Conduct of the QCA pursuant to this Direction

In referring this investigation, the Ministers direct the QCA under section 24 of the Act as follows. For each Local Government the QCA shall:

  - (iii) using information provided to the QCA by the Government and the Local Government in response to the QCA’s request for information outlined in Attachment A.

  - (ii) the retail bill for a residential user that consumes 138kL/annum and 250kL/annum.
