New State Planning Policy*Integrated Planning Act 1997***Adoption of State Planning Policy 1/07****Housing and Residential Development**

The Honourable Robert Swarten MP, Minister for Public Works, Housing and Information and Communication Technology and the Honourable Andrew Fraser MP, Minister for Local Government, Planning and Sport have prepared *State Planning Policy 1/07: Housing and Residential Development* (SPP 1/07).

The Honourable Andrew Fraser MP, Minister for Local Government, Planning and Sport adopted SPP 1/07 on 17 December 2006.

SPP 1/07 takes effect from Monday 29 January 2007.**Areas of Queensland to which SPP 1/07 applies:**

To local governments that have a single urban area with a population of over 10,000 people and a minimum average dwelling approval rate of 100 dwellings per annum over the latest five year period. As of 29 January 2007, these criteria apply to the 24 local governments listed in Annex 1 of SPP 1/07.

Purpose and general effect of SPP 1/07:

remove barriers and provide opportunities for housing options that respond to identified needs.

SPP 1/07 and supporting Guideline can be inspected at the offices of:

QUEENSLAND GOVERNMENT VACANCIES GAZETTE

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered deployees who apply for an advertised job will be considered before other applicants. The symbol (h) appears next to vacancies where an exemption from this requirement applies. Deployees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commission. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

CONTINUOUS APPLICANT POOLS

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

MULTI-AGENCY POOLS

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

HOW TO APPLY

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at www.jobs.qld.gov.au. The information kit will include:
 - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
 - a job information package, outlining the procedure for preparing and sending in your application, and
 - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
 - completed cover sheet (available on jobs online or in the kit mailed to you)
 - covering letter
 - resumé / curriculum vitae
 - names and contact details of (2) referees, and
 - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

The Honourable Robert Swarten MP, Minister for Public Works, Housing and Information and Communication Technology and the Honourable Andrew Fraser MP, Minister for Local Government, Planning and Sport have prepared *State Planning Policy 1/07: Housing and Residential Development* (SPP 1/07).

The Honourable Andrew Fraser MP, Minister for Local Government, Planning and Sport adopted SPP 1/07 on 17 December 2006.

SPP 1/07 takes effect from Monday 29 January 2007.**Areas of Queensland to which SPP 1/07 applies:**

To local governments that have a single urban area with a population of over 10,000 people and a minimum average dwelling approval rate of 100 dwellings per annum over the latest five year period. Purpose and general effect of SPP 1/07:

*Transport Operations (Marine Pollution) Regulation 1995***Regulatory Impact Statement**

The *Transport Operations (Marine Pollution) Regulation 1995* aims to protect Queensland's marine and coastal environment by minimising discharges of ship-sourced pollutants (including oil, noxious liquid substances, sewage and garbage) into coastal waters.

Maritime Safety Queensland is reviewing the Regulation to ensure it remains relevant, efficient and provides an appropriate balance between regulatory obligations and the operational realities for industry and the community.

A Regulatory Impact Statement (RIS) has been prepared in accordance with the *Statutory Instruments Act 1992*. Consultation about the review will be undertaken primarily in writing via responses to the RIS. Persons wishing to inspect and comment on the RIS can obtain copies via Maritime Safety Queensland's website at www.msg.qld.gov.au or by telephoning 07 3120 7428. Details on how to provide feedback are included in the RIS.

All comments must be submitted in writing by Friday 23 February 2007.
