### *Integrated Planning Act 1997*

#### **PUBLIC NOTICE**

#### **ADOPTION OF AN AMENDMENT TO THE PLANNING SCHEME FOR THE SHIRE OF PINE RIVERS**

Notice is given under the Integrated Planning Act 1997, schedule 1 that on 5 June 2006 (MP.06/1377-1391) the Pine Rivers Shire Council adopted an amendment to the planning scheme for the Shire of Pine Rivers.

The purpose and general effect of the amendment is to exclude land located at 108-154 Pringles Road, Kobbie Creek and described as Part of Lot 1 on RP 202723 and Lot 2 on RP 230179, Parish of Samsonvale from the 'Rural' zone and include the land in the 'Rural Residential' zone, to reflect the approval by Council of a development application over the land. The reference numbers for the amendment are IPA/570/7 IPA/580/7.

A copy of the planning scheme amendment is available for inspection and purchase at the Pine Rivers Shire Council Customer Service Centre, 220 Gympie Road (Cnr. Hall Street), Strathpine.

A copy of the planning scheme amendment is also available for inspection at the Department of Local Government, Planning, Sport and Recreation, in the Planning Information Area, Level 25, Mineral House, 41 George Street, Brisbane.

**QUEENSLAND GOVERNMENT VACANCIES GAZETTE**

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered employees who apply for an advertised job will be considered before other applicants. The symbol (h) appears next to vacancies where an exemption from this requirement applies. Employees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commission. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

**CONTINUOUS APPLICANT POOLS**

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

**MULTI-AGENCY POOLS**

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

**HOW TO APPLY**

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at [www.jobs.qld.gov.au](http://www.jobs.qld.gov.au). The information kit will include:
  - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
  - a job information package, outlining the procedure for preparing and sending in your application, and
  - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
  - completed cover sheet (available on jobs online or in the kit mailed to you)
  - covering letter
  - resumé / curriculum vitae
  - names and contact details of (2) referees, and
  - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

## SENIOR EXECUTIVE SERVICE VACANCIES

### TERMS AND CONDITIONS OF EMPLOYMENT

Appointees to the Senior Executive Service are offered an attractive remuneration package with salary sacrifice in return for optional benefits including.

- Private use component of a fully maintained government owned motor vehicle;
- Membership options of the Government Superannuation Schemes, including generous employer superannuation contributions
- Professional organisation membership fees.

The total remuneration value amount listed against positions includes the private use component of a motor vehicle, employer superannuation contributions and the 17.5% annual leave loading. In addition to the salary and optional benefits, executives will be entitled to:

- a subsidy for home telephone expenses.
- Queensland Public Service leave conditions, including four (4) weeks annual leave, cumulative sick leave and long service leave.

Upon appointment, the executive will also be eligible to receive significant removal allowances and rental assistance if necessary. Appointees will be required to enter a contract of employment. Existing tenured SES officers who are appointed at the current SES level or by redeployment may, but are not required to, enter into a contract of employment.

**ACQUISITION OF LAND ACT 1967****NOTICE OF INTENTION TO RESUME**

TO: All persons who claim an estate or interest in the land described in the Schedule hereunder derived through or under the registered proprietor of that land, JAMES MURRAY deceased, as devisee in trust under the Will of JAMES QUINN deceased, and to all other persons claiming an estate or interest in the said land.

NOTICE is hereby given that in pursuance of the provisions of the Acquisition of Land Act 1967, BRISBANE CITY COUNCIL intends to take for road purposes the land described in the Schedule hereunder.

You may set forth in writing any objection to the taking of such land, stating therein the grounds of any such objection and the facts and circumstances relied on in support of those grounds (any matter pertaining to the amount or payment of compensation is not a ground of objection). Such written objection must be served upon the Brisbane City Council at Level 2, 171 George Street, Brisbane, on or before 21 February, 2006.

If you desire to be heard in support of the grounds of your objection, it is essential that you state this in the letter of objection.

Council's Resumption Delegate will be at their office, Major Infrastructure Projects Office, Level 2 Meeting Room, 171 George Street, Brisbane, at 10:00am on Wednesday, 21 February, 2007, in order that you may appear and be heard accordingly.

The Council is willing to negotiate to acquire the land by agreement or, failing agreement and if the land is taken, to treat as to the compensation to be paid and all consequential matters.

### **Type of community infrastructure for which the land has been designated**

The land has been designated for the Caboolture to Beerburum rail track duplication project. The project will be constructed and operated by Queensland Rail (QR) and will include the following types of new or upgraded infrastructure and works:

- Earthworks and pavements;
- Bridges, culverts and drainage works;
- Level crossings;
- Railway track;
- Signalling;
- Station upgrades;
- Other infrastructure ancillary to the new rail infrastructure.

The community infrastructure is described under the *Integrated Planning Act 1997*, Schedule 5 as:

- (m) railway lines, stations and associated facilities;
- (o) transport infrastructure mentioned in schedule 10, definition *development infrastructure*;
- (r) storage and works depots and the like including administrative facilities associated with the provision or maintenance of the community infrastructure mentioned in paragraphs (m) and (o) above.

**Matters included as part of the designation under the *Integrated Planning Act 1997*, section 2.6.4 (What designations may include)**

The designation for community infrastructure is made subject to the following requirement—

“QR shall undertake acoustic assessments for rail noise impacts on surrounding noise sensitive environments during the detailed design phase of the project and construct noise mitigation measures during construction according to the noise impact assessment. The detailed design and noise mitigation measures are to be achieved at noise sensitive locations and be subject to the following standards:

1. 65dB(A), assessed as the 24 hour average equivalent continuous A-weighted sound pressure level; and
  2. 87dB(A), assessed as a single event maximum sound pressure level when measured 1m from the most exposed part of the noise sensitive place,
- which are the external design level noise criteria as set out in the Environmental Protection (Noise) Policy 1997 and the QR Code of Practice for Railway Noise Management.”

**PUBLIC NOTICE**  
**NOTICE OF PROPOSAL TO PREPARE A STANDARD**

Notice is hereby given under section 99 of the *Transport Operations (Passenger Transport) Act 1994* that the *Transport Operations (Passenger Transport) Standard 2000* is being reviewed.

**Background**

The Passenger Transport Division within Queensland Transport (QT) has the lead responsibility for shaping the overall system for moving people in Queensland by creating a more sustainable, flexible and attractive passenger transport system.

The following legislation is administered by QT and provides the legislative framework for managing that transport system.

- the *Transport Operations (Passenger Transport) Act 1994* (**the Act**); and
- the *Transport Operations (Passenger Transport) Regulation 2005* (**the Regulation**); and
- the *Transport Operations (Passenger Transport) Standard 2000* (**the Standard**).

The Standard prescribes performance measures and sets out obligations on industry to enhance safety and customer service for the provision of public passenger services.

The Act requires the chief executive to review standards within seven (7) years of their approval. In accordance with s.99 of the Act the Standard must be reviewed on or before 1 May 2007.

To review the Standard QT must undertake stakeholder consultation and have regard to all properly received advice and submissions. In conducting this review QT is required to:

1. give a public notice of its proposal to make a draft standard or amendment and give the community at least 14 days to comment on the proposal; and
2. give a further public notice of the draft standard or amendment and give the community at least 14 days to comment on the proposal

**What is the Purpose of this proposal?**

The purpose of this notice is to seek comments about the effectiveness of the current Standard so that QT is able to develop a draft replacement standard that ensures the continued provision of an appropriate legislative framework for safe, efficient and sustainable public transport system in Queensland.

QT will then seek further comment about the proposed draft replacement standard.

**What are the Objectives?**

The replacement Standard will need to be performance-based and reflect an approach consistent with the objectives of the Act. The replacement standard will need to allow operators scope to meet emerging identified needs, hold operators and drivers accountable for their performance yet allow operators flexibility to determine how to achieve the outcomes to ensure high levels of safety and the efficient meeting of user needs.

The intent of the replacement Standard will be to achieve higher benchmarks for service and safety within the passenger transport industry, leading to improved consumer satisfaction and greater confidence in public passenger services.

**We seek your comments**

QT values community participation, consultation and feedback as an essential tool for sound decision-making. We actively seek to collaborate with the general public in shaping transport planning and policy development.

Members of the public are invited to make written submissions regarding the preparation of this draft replacement Standard.

QT specifically seeks your comments on:

- the effectiveness of the current Standard
- any provisions within the Standard you feel could be improved
- any provisions you feel should be included ; or
- any provisions you feel are now obsolete

All comments received will be considered in the development of the proposed new Standard. As required under *Transport Operations (Passenger Transport) Act 1994*, the proposed new Standard will be available for public comment prior to being considered by the Government.

You may obtain copies of the Standard electronically through the Office of the Queensland Parliamentary Counsel at [www.legislation.qld.gov.au/OQPChome.htm](http://www.legislation.qld.gov.au/OQPChome.htm), or authorised, printed copies are available from the Government Bookshop.

Contact the Government Bookshop on telephone (07) 3118 6900 (Toll-free 1800 679 778); facsimile (07) 3118 6930 or e-mail to [service@sds.qld.gov.au](mailto:service@sds.qld.gov.au)

If you have any queries regarding the proposed amendments included in this paper, please contact Suzanne Dyne of the Policy and Legislation Unit on 3253 4512.

#### **Availability of form**

Additional copies of this discussion paper are available from:
