Back to Work
Short courses***

The Back to Work program, in partnership with TAFE Queensland, has developed a range of free, online short courses covering a variety of topics suitable to operating a business.

Courses are available to everyone, regardless of eligibility of other Back to Work programs, and will equip employers with the additional skills to recruit and retain their employees.

All courses are delivered online and are self-paced. When you complete a course, you will be awarded with a digital badge you can display when promoting your business.
