

Employer resource assessment – Electrical industry apprentices [UEE and UET qualifications only except UEE30811/UEE30820. Refer to ATF-013(ELEC-A)]

TO BE COMPLETED AND RETAINED BY THE SUPERVISING REGISTERED TRAINING ORGANISATION FOR AUDIT PURPOSES.

This form is made available to assist a supervising registered training organisation (SRT0) to comply with its obligations under the *Further Education and Training Act 2014* (FET Act) and the Skills Assure supplier (SAS) agreement.

The employer resource assessment (ERA) is an approved form under the FET Act. It is a report about an employer's capacity to provide or arrange to provide the range of work, facilities and supervision required under a training plan. A [guide for SRT0s](#) has been developed to assist with completing the ERA.

Apprenticeships are employment-based training pathways to obtaining a qualification or statement of attainment. It is essential the employment arrangements, including facilities, range of work and supervision, support the apprenticeship outcome. When a registered training organisation agrees to become the SRT0 for an apprentice, the SRT0 must assess the employer's capacity to provide the facilities, range of work and supervision, and complete the ERA when preparing the training plan required for the apprenticeship.

The Electrical Safety Office (ESO) has developed a resource, [Supervising electrical apprentices](#). This resource details the minimum requirements for the supervision of electrical apprentices in Queensland.

The FET Act requires the SRT0 to take all reasonable steps to ensure the training plan is signed:

- within 3 months of the start of the apprenticeship or traineeship, or
- within 28 days of a change of SRT0 or permanent transfer of the training contract.

Throughout the life of the training plan, the SRT0 has an ongoing role in monitoring the employment arrangements to ensure there are no changes which impact the employer's capacity to continue to provide the training. The ERA must be reviewed as a minimum every 3 months, which aligns with the process of reviewing the training record. However, changes to the training plan and/or the commencement of additional apprentices in the workplace in the same qualification will also require the SRT0 to review the ERA. Evidence of all reviews must be retained by the SRT0. [Attachment 1](#) may be used to record details of ERA reviews.

If the employer is unable to provide, or arrange to provide, the training resources necessary to achieve the outcomes of the training plan, and is unwilling/unable to negotiate alternative arrangements, the SRT0 **must not commit** to the training plan and **must immediately** advise the employer, the Apprentice Connect Australia Provider (Provider) and the Department of Trade, Employment and Training (DTET).

To complete an electrical apprenticeship, an apprentice must sit a capstone test. To be eligible to sit a capstone test the apprentice must have demonstrated the required workplace experience in each of the prerequisite competencies. The SRT0 must ensure the employer is capable of providing the workplace experience adequate to this requirement.

Where the employer is a GTO or PEO

In the case of a group training organisation (GTO) or principal employer organisation (PEO), the SRT0 is required to complete an ERA for the first host employer's workplace. For permanent transfers where the new employer is a GTO/PEO, an ERA is required to be completed for the first host employer. It is not a requirement to review the ERA at 3 monthly intervals for GTO/PEO contracts.

Privacy declaration

In completing this form, the SRT0 named confirms that where any personal information is included in the answers provided, the SRT0:

- has taken all reasonable steps to be satisfied that the relevant person has provided their consent (either express or implied) to the SRT0 disclosing that information to DTET; or
- is satisfied that it is otherwise authorised or required under a law to disclose that information to DTET or the Provider.

For the purposes of this form, 'personal information' means information or an opinion, including information forming part of a database, whether true or not, and whether recorded in material form or not, about an individual whose identity is apparent, or can reasonably be ascertained from the information or opinion.

WORKPLACE AND QUALIFICATION DETAILS	
Employer trading name:	
Host employer trading name: (GTO/PEO contracts only)	
Workplace where apprentice/s will be employed: (Site of employment where apprentice/s works. For mobile or multiple locations use the main workplace or head office details AND clarify the workplace is varied)	
Qualification name:	
Apprentice's name: (Note: Where there is more than 1 apprentice in the workplace, the SRT0 must complete APPENDIX TWO.)	
Proposed licensing outcome: (Note: The proposed licensing outcome must be included for each apprentice when APPENDIX ONE is required to be completed.)	
RANGE OF WORK (Note: Please attach additional information if there is insufficient space)	
Employers must be able to provide apprentices with work tasks aligned to the qualification being undertaken. Note: The negotiation and establishment of the training plan requires the SRT0 to identify any units of competency where the workplace cannot provide suitably aligned tasks. The training plan specifies these units must be recorded in the ERA with the alternate arrangements for training and assessment.	
What sector of the electrical industry is the employer engaged in? Please document all sectors the employer is actively engaged in (e.g. commercial, domestic, solar, appliance repair, refrigeration and air-conditioning).	
Units of competency from the training plan for which the employer is unable to provide aligned workplace tasks. Detail the units and how the training and assessment will be undertaken by the SRT0 e.g. temporary placement, simulated assessment, group training.	
Unit of competency detail	How training and assessment will occur
WORKPLACE FACILITIES AND EQUIPMENT	
Is the employer capable of supplying adequate facilities and equipment in this workplace? <input type="checkbox"/> Yes <input type="checkbox"/> No (Must be completed)	
If not, provide details of the alternative arrangements being put in place to address this issue:	

**SUPERVISION OF TRAINING** (Note: Please attach additional information if there is insufficient space)

List the appropriately qualified staff employed by the employer who will supervise the apprentice/s in the workplace.

The apprentice/s must have immediate access to the appropriately qualified staff in the same workplace and predominately during the same working hours. The SRTTO **must** sight and retain a copy of supervisor's electrical licence which is aligned to the apprenticeship being undertaken.

If required, please provide additional details about supervisors to demonstrate that adequate training and supervision requirements are in place to complete the apprenticeship.

NUMBER OF APPRENTICES TO QUALIFIED PERSONS (SUPERVISORS)

As part of the SRTTO's responsibility to assess an employer's capacity to provide adequate training arrangements, the SRTTO is to determine if the apprentice's supervisor can:

- supervise other apprentices at the workplace where the apprenticeship is being completed; or
- **not** supervise any other apprentices at a workplace where the apprenticeship is being completed.

Total number of full-time electrical apprentices in the workplace:

Total number of school-based or part-time electrical apprentices in the workplace:

Number of qualified/licensed electrical supervisors in the workplace:

Where there are more electrical apprentices than qualified persons, provide a summary of why supervision arrangements have been determined sufficient and **complete APPENDIX ONE**.

This **APPENDIX ONE** is only required where there is more than 1 apprentice to a supervisor.

Listed supervision arrangements are in addition to supervisor's/employer's obligations under the *Electrical Safety Act 2002*, or as applicable for Norfolk Island.

Apprentice name	Proposed licensing outcome	Previous experience (if applicable)	Contract mode (PT, FT, SAT)	Current stage (1st, 2nd, 3rd, 4th)	Supervision level required	Supervisor name	Additional supporting information
e.g. Jane Smith	Electrical fitter	Nil	Full-time	1st	Direct	Johann Doe	Johann works with Jane on the same site.
e.g. John Smythe	Electrical mechanic	Recommencing apprentice	Full-time	3rd	Broad	Janet Doe/Johann Doe	Janet works between sites and checks on John regularly throughout the work day. Johann also monitors John's progress.
e.g. James Smithe	Restricted electrical work	Nil	School-based	1st	Direct	Janet Doe	James is placed under the direct supervision of Janet and travels with her when required.

This **APPENDIX TWO** is only required where there is more than 1 electrical apprentice in the workplace covered by this ERA.

(Note: Copy this page and attach to the ERA if there is insufficient space.)
