QUEENSLAND GOVERNMENT VACANCIES GAZETTE

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered deployees who apply for an advertised job will be considered before other applicants. The symbol (h) appears next to vacancies where an exemption from this requirement applies. Deployees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

CONTINUOUS APPLICANT POOLS

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

MULTI-AGENCY POOLS

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

HOW TO APPLY

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at www.jobs.qld.gov.au. The information kit will include:
 - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
 - a job information package, outlining the procedure for preparing and sending in your application, and
 - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
 - completed cover sheet (available on jobs online or in the kit mailed to you)
 - covering letter
 - resumé / curriculum vitae
 - names and contact details of (2) referees, and
 - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package.)

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

**NOTICE OF AMENDMENT OF LAND DESIGNATED
FOR COMMUNITY INFRASTRUCTURE
MADE UNDER THE *INTEGRATED PLANNING ACT 1997***

An amendment of land designated for community infrastructure has been made by a Minister

I, GEOFF WILSON MP, Minister for Mines and Energy, give notice that under the *Integrated Planning Act 1997*, Chapter 2, Part 6, I have made an amendment to a corridor of land earlier designated for community infrastructure by –

- removing some land from the earlier designation; and
- designating additional land.

The earlier designation was notified in the Queensland Government Gazette on 4 October 2006.

Reason for amendment

The reason for the amendment to the earlier designation is that the transmission line route has been realigned to reduce environmental impacts and provide construction cost savings.

Type of community infrastructure for which the additional land is designated

The land is designated for the same purpose as the earlier designation, being the proposed 132/275 kilovolt Tully to Innisfail transmission line. This is a project of Queensland Electricity Transmission Corporation Limited, trading as Powerlink Queensland. This community infrastructure is described under the *Integrated Planning Act 1997*, Schedule 5 as 'operating works under the *Electricity Act 1994*'.

Details of the amendment to the earlier designation

The following easements and areas of land are no longer subject to the earlier designation.

Easement Reference	/Area	Easement Plan/Area Plan Number	Lot No.	Registered Plan Number	Local Government

Type of community infrastructure for which the land has been designated

The type of community infrastructure for which the above land has been designated is operating works under the *Electricity Act 1994*. Specifically, these operating works are the proposed 132/275 kilovolt Tully to Innisfail transmission line.
