QUEENSLAND GOVERNMENT VACANCIES GAZETTE

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered deployees who apply for an advertised job will be considered before other applicants. The symbol (h) appears next to vacancies where an exemption from this requirement applies. Deployees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

CONTINUOUS APPLICANT POOLS

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

MULTI-AGENCY POOLS

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

HOW TO APPLY

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at www.jobs.qld.gov.au. The information kit will include:
 - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
 - a job information package, outlining the procedure for preparing and sending in your application, and
 - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
 - completed cover sheet (available on jobs online or in the kit mailed to you)
 - covering letter
 - resumé / curriculum vitae
 - names and contact details of (2) referees, and
 - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package.)

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

PUBLIC NOTICE

Size, Shape and Sustainability
Northern Downs Review Group of Councils

In June 2006 Rosalie Shire Council and Crows Nest Shire Council agreed to participate in a review process known as Size, Shape and Sustainability (SSS).

In accordance with the statewide SSS Review Framework I produced a Preliminary Report including details of the Councils' financial sustainability, a preliminary assessment of the issues facing the Councils, and the anticipated strengths and weaknesses of various scenarios and change options in response to the issues identified.

On 12 January 2007, I invited comments, suggestions and responses to key questions contained in the Preliminary Report. Subsequently, on 20 February 2007, I invited comments on the suggestions received on the Preliminary Report.

All properly received feedback has been considered and I have now prepared a draft Final Report with proposed determinations and recommendations that include:

1. It is recommended that Rosalie and Crows Nest Shire Councils request the Minister for Local Government Sport and Recreation to amalgamate the two Shires and create a new Council named Northern Downs Shire Council with 10 Councillors and no electoral divisions.
2. It is recommended that if Rosalie and Crows Nest Shire Councils are amalgamated, the new Council begin discussions with appropriate neighbouring Councils about resource sharing opportunities, particularly in those functional areas where service delivery is likely to be more efficient on a regional basis.
3. It is recommended that if Rosalie and Crows Nest Shire Councils are amalgamated, the new Council consider the potential benefits of service agreements for appropriate functions with neighbouring Councils and the private sector.
4. It is recommended that action in relation to recommendations 2 and 3 should commence through the transition manager arrangements should the amalgamation be approved through the referendum process.
5. Alternatively, it is recommended that should the amalgamation not be approved, Rosalie and Crows Nest Shire Councils commence negotiations with neighbouring Councils and the private sector in relation to service delivery through resource sharing and service agreement opportunities.

Analysis detailed in the report has shown that major savings are possible with an amalgamated Council, which will have additional capacity to address the key resource base and governance issues that were identified in the review's initial phase as a threat to local government sustainability in the area.

An amalgamation will also best address the key issue of coordinated planning and provision and management of

infrastructure in the adjacent growth areas of the two Shires.

The concentration of population in the southern part and the dispersion over the northern half of the area mitigates against a new council having electoral divisions. The trend in local government is towards whole of Shire thinking, with no divisions and lower Councillor numbers than in the past. A significant majority of public submissions also favoured no divisions.

Following the determination of the amalgamation recommendation, successful implementation of resource sharing and service agreement opportunities could also assist in addressing the identified key resource base and governance issues.

The draft Final Report, incorporating reasons, community feedback and relevant maps, can be accessed on the website: www.councilreview.com.au. Copies of the draft Final Report are open for inspection at the following locations:

- Rosalie Shire Council Office, 89 Mocatta Street, Goombungee
- Goombungee Library, 83 Mocatta Street, Goombungee
- Yarraman Library, 17A Toomey Street, Yarraman
- Quinalow Library, Daly Street, Quinalow

- Crows Nest Shire Council Office, 25 Emu Creek Road, Crows Nest
- Crows Nest Shire Council Highfields Office, O'Brien Road, Highfields
- Highfields Library, O'Brien Road, Highfields
- John French VC Memorial Library, New England Highway, Crows Nest

Submissions about the proposed determinations and recommendations are now invited and must be received in writing, stating the grounds of the submission and the facts and circumstances relied on in support of the grounds, by 4pm on Monday 16 April, 2007 at:

Rosalie Shire Council
89 Mocatta Street
PO Box 50
GOOMBUNGEE Q 4354

Crows Nest Shire Council
25 Emu Creek Road
PO Box 35
CROWS NEST Q

or submissions can be emailed to –
response@councilreview.com.au

If, following consideration of all properly received submissions, I propose the implementation of the above recommendations, either the Councils may ask the Minister for Local Government to refer the matter to the Electoral Commissioner of Queensland to hold a referendum of electors or the Minister may unilaterally decide to refer the matter to the Electoral Commissioner of Queensland to hold a referendum of electors.

The affected area for the purposes of the referendum will be the area of the Rosalie Shire Council and Crows Nest Shire Council.

Also, for the purposes of the referendum, I consider each of the Council areas should be designated as voting areas.

If the referendum is approved, details of the implementation of

the amalgamation will be contained in a regulation.
